Timeline for Membership Proposal

The process takes about 5-6 weeks:

(1) Prospect must attend 3 meetings;
(2) Sponsor & Prospect complete form and submit to Membership Chair which can be done at 3rd meeting;
(3) Sponsor & Prospect go through Orientation (takes about 20- 30 minutes).

I try to set the Orientation meeting right after our regular meeting as everyone is in the same place. Once I have the Proposal Form, I will try to schedule Orientation for the next Wednesday.

(4) If Prospect wants to join and accepts obligations (attendance, financial, participation in projects, etc.), then application form submitted to Classification Chair (Alan Okinaka) - takes about 1 day;
(5) Membership Chair submits info to Club Secretary (Tim as of July 1) who sends e-mail to Board which has 7 days to approve/disapprove application. Only disapproval needs to be noted.

If there is no objection from Board, then Tim sends e-mail to Membership. Only objection needs to be noted. Membership has 7 days to accept or not;

(6) If there is no objection, Tim prepares Membership packet and

works with President, Sponsor and Prospect to set date for induction

which may be the next Wednesday or the following Wednesday.
