

## **GETTING TO KNOW – GREGORY LUI-KWAN**

Greg graduated from the William S. Richardson School of Law and passed the Hawaii bar in October of 1982. For the last 35 years, he ranked in the top 10% of all lawyers in the State of Hawai'i by Martindale Hubbell. His primary areas of practice are in personal injury and insurance litigation. Greg was a partner at Cronin, Fried, Sekiya, & Fairbanks and at Lyons, Brandt, Cook, & Hiramatsu. His past law experience also includes construction litigation, officers' and directors' errors and omissions litigation and legal malpractice defense.

### **Why did Greg join Rotary?**

Just like his wife, Nancy; after attending several meetings as a guest of Lucci Pinoliad, he too likes the people he has met and looks forward to serving on our projects in the Asia Pacific!

### **What does Greg bring to Rotary and his community?**

"I am a past president and board member of the William S. Richardson school of Law Alumni Association, past president and current board member of the Senior Counsel Division of the Hawaii State Bar Association, board member and volunteer mentor for the Surfrider Sprit Sessions, and I am also a founding board member of the Surf Museum Hawaii.

I enjoy woodworking, art collecting, teaching surfing to at risk and disadvantaged teens, managing my rental properties on Hawaii Island and traveling with my wife Nancy. Since 2019, I've been the lead organizer for the annual Landshark Surf Meet which is a networking event for law students at the Richardson School of Law and lawyers from across the State of Hawaii and the US mainland."

Greg is certainly another wonderful addition to the Rotary Club of Honolulu with his hands-on skills, leadership, organization, and communication skills!
