

GETTING TO KNOW – NANCY LUI-KWAN

Nancy is a retired Accountant. Currently, she manages her family's properties, is a volunteer at her church, and she enjoys traveling with her husband, Greg.

What brings Nancy to Rotary?

Nancy shared that after attending several meetings as a guest of Lucci Pinoliad, she likes the people she has met. Learning about our service projects, Nancy wants to help service on our projects in the Asia Pacific! She is looking forward to networking with community service minded individuals with the opportunity to uplift underserved communities!

With the 4-Way Test in mind, Nancy shares the values she will bring to RCOH:

"I have traveled extensively internationally including in Asia and the Pacific. I lived and worked in Southeast Asia for five years. At the East West Center, I worked in a program focused on the South Pacific. My academic background in education and political science should enhance my volunteering capability with the Rotary Club of Honolulu. I am excited to participate in the kind of work that the Club has done in Asia and the Pacific".

With this and Nancy's background in accounting and her event organizational skills, RCOH is pleased to have Nancy join our volunteering ranks!
