RYSE: Residential Youth Services and Empowerment

Mission : To provide a continuum of support that empowers Hawai'i's street youth to move beyond homelessness. We envision a community where there is no youth homelessness. A 501(c)3.

Hawai'i's street youth are assessed and referred to appropriate support services. Youth ages 14-22 have access to a safe temporary living space specifically designed to address their unique needs. The access center offers coordinated programs and services to build a path towards reintegration into mainstream society. RYSE improves the lives of these youth with shelter and support, commitment and advocacy.

Our Rotary Club of Honolulu Rotary Action Team project will improve the facility for health, structural safety and to elevate youth pride in their temporary home. Plans have been under way since April 2024 between Dawn Marie, Reese Liggett, and Phil Wright in partnership with RYSE Director Carla Houser, and Shelter Manager Cherise Kupahu.

When: Mondays, Thursdays and Saturdays Oct 21 thru Nov 17
