MISSION STATEMENT

Serving and enriching our community through leadership and learning.

Mike Jury and Phil Smith, volunteers from Citizens' Climate Lobby, will join us via ZOOM beginning at 7 a.m. They'll share a program about climate change that they've shared with several other Rotary Clubs. Energy Innovation and Carbon Dividend Act and told why they believe a current bill in Congress would represent a major first step towards solving **climate** change

The \$60,000 RI Global grant in which we participated was to provide water for Tepeagua, El Salvador is completed and all of the paperwork filed with RI. The well connected to an underground river—lots of clean water. Water tower and pump are completed.

Another group provided water to the other side of the community. Now RI wants gray and black water (sanitation) to be handled.

Dan Christianson reports that the residents are involved and committed as is the Rotary Club of San Salvador (the local partner).

The proposed RI Global grant request is for \$216,000. The Oshkosh Rotary club will be participating.
