WPRC MISSION STATEMENT

Serving and enriching our community through leadership and learning

First ever meeting at Double D's

Patrick Barran founded **FastBack Physical Therapy** in 2018. Patrick is passionate about teaching his patients clever strategies that allow them to return to everyday tasks without pain, while delivering it in a way that is accessible to patients who are frustrated with high copays and deductibles.

At Neuro Path Wellness Lifestyle Medicine we host a *vibrant* Parkinson's community — people with Parkinson's AND their care partners.

Our lifestyle goal

- Improve the effectiveness of medical management for Parkinson's disease.
- Slow the progression of symptoms in our Parkinson's clients while improving their lives within the community.
- Include nutrition and mental wellness coaching
- Include exercise plus social connection
- Help with sleep and stress management

Parkinson's disease is a progressive disorder that affects the nervous system and the parts of the body controlled by the nerves. Tremors are common, but the disorder also may cause stiffness or slowing of movement.

District 6270 www.rotary6270.org
