WPRC MISSION STATEMENT

**Serving and enriching our community
through leadership and learning**

This week:

July 15 Will Beiersdorf— Milwaukee Medical College's BRAVE program.

BRAVE (**B**uilding **R**esilience through **A**ction in **V**eterans and first responders) BRAVE is a Traumatic Brain Injury recovery program specifically designed for military veterans and first responders.

It is an intensive, outpatient program that focuses on diagnosing and treating brain injuries so participants can return to normal life.

The BRAVE program is the first of its kind in the Midwest and one of only a few in the United States. It was founded by a generous gift from the Avalon Action Alliance, a post-trauma, wellness non-profit organization that provides care for the "hidden wounds" carried by veterans, first responders and their families.

Our program was specially designed for the diagnosis, treatment and rehabilitation of brain injuries.

BRAVE program accepts veterans and first responders with Traumatic Brain Injury, regardless of:

Discharge status, Financial situation or health insurance coverage, With or without a formal diagnosis, When or how your injury happened

If approved for the program, you'll receive a three-day assessment at our clinic near Milwaukee, Wisconsin. There, you'll meet with a core team of specialists who will develop a customized care plan that will address your specific TBI.

WHITNALL PARK ROTARY CLUB

Serving Greendale, Greenfield, Hales Corners & Muskego
