WPRC MISSION STATEMENT

Serving and enriching our community through leadership and learning

This week:

- * Board meeting. 7:30 The Woods
- * Service project at Boerner Gardens

Program aims to improve living conditions and reduce water-borne disease by 25% in three areas in Haiti by 2030

Rotary members across the Caribbean and Haiti are working with local partners to deliver lasting solutions that protect health and strengthen communities.

Rotary is expanding a collaborative national model, the Haiti National Water, Sanitation and Hygiene Initiative (HANWASH), that has proven success working with 11 water service providers to maintain infrastructure and sustain paid access to clean water and sanitation.

In a fragile setting like Haiti, clean water and sanitation is one of the biggest challenges the country faces. By partnering with local leaders, other non-profits, and government agencies, Rotary members are helping to facilitate access to clean water and best sanitation practices for all, reducing waterborne and sanitation-related diseases for the most vulnerable and creating healthier communities for generations to come,

Rotary connects 1.2 million people of action from more than 45,000 Rotary clubs. Their service improves lives both locally and internationally, from helping those in need in their own communities to working toward a polio-free world.
