

CHESTER ROTARY CITIZENSHIP AWARD

This application can be used to support post-high school educational costs whether for a traditional college or for a vocational or trade school program.

Note to applicant:

As an organization, Rotary is dedicated to "Service Above Self." We work to make a positive difference in our community and world. This one-time scholarship award is given to graduating seniors who are Chester residents and who have displayed the Rotary value of "Service Above Self" through community involvement, and who have demonstrated achievement at school in scholastics, extra-curriculars, or leadership.

This year we have moved the application due date to the fall so that seniors can include being a recipient of this award on their college or vocational school applications. Completed applications may be turned in to the guidance department by November 1.

Please note that you are welcome to type this application rather than fill in answers on the attached form. Awards will be presented at the Valley Regional awards ceremony in the spring.

Thank you for your interest in applying for this scholarship, and more importantly, thank you for the work you have done to help our community. It is wonderful that you have already discovered a passion for service at your young age.

*Good luck and best wishes in your future endeavors,
Chester Rotary*
