## YOUTH PILGRIMAGE TO INDIA

President Stephen introduced Sabrina from Bunbury Multi-cultural Group. Sabrina was originally from Calcutta and as a baby was blessed by Mother Teresa. Later in life, she had the opportunity to work with Mother Teresa's nuns in their orphanages. She then moved to Australia, where she now resides with her family and feels blessed again. Her vision, similar to meaning Rotarians, was to give something back to her home place.

The orphans of India were/are still an on-going concern and as such this seemed like a logical place to start. In her position at BMCC, she was inspired by the strong spirit that young people generated towards social justice issues and so she somehow wanted to harness this energy in order to make a difference.

This year will see this vision come to fruition in the inaugural Bunbury Catholic Diocese's Immersion in India Project.

## ***RYLA'S BIG DAY OUT !***

With the RYLA big day out making presentations to Bunbury schools today, Samantha French took the opportunity to drop in and advocate for RYLA, sharing some of the exciting developments involved in the up and coming 8 day youth leadership camp at Busselton. A dvd was shown that showcased how participants engage in tasks that looked more like fun than education, but involved the development of

goals setting skills, time management, motivation, self awareness, public speaking and being challenged. Clubs can sponsor any potential leaders aged between 18-28 ( Sam and Ben are looking for sponsors) to the tune of \$680, with participants paying \$150. Sam's committee is responsible for the selection of participants.

One of the group's challenges is to prepare a '**secret dinner**' to which local club members are invited, this includes both fine dining and entertainment for the evening. This year it will be on the Sat- details will follow.

## ***WEEKLY COMPETITION***

Len; On this in 1988, someone said' *anyone that doesn't give their employees the day off is a bum*'. Yes! it was the day We won the CUP! And tonight's winners were also Jim Hill, Jamie Challis and Eric Hodgson.

## MORE FROM THE FRONT PAGE

Sabrina's original idea was to take a study group to India to raise awareness and volunteer time to the orphanage's issues, but also to develop cultural appreciation s. However, she was cautious, so she took her children on a test run and it proved to be a rewarding experience for them. Hence the idea grew and with the blessing of BCD, she approached Bunbury Catholic Grammar, who embraced the idea with open arms and the Immersion Program was launched. The program targeted Yr 12 students and offered incentives to give up their Leaver's weekend for a week helping in India. 19 students were selected to go on the inaugural journey to India, early in the new year Sabrina read out some of the other students' profound testimonials about their hopes and aspirations from the journey.

Olivia Nolan, one of these inaugural students spoke about her personal testimonial and suggested some ways that Rotary might like to help. These include provision of donations, books, stationery. In return the students, on their return, will share their experiences. It is also hoped that an additional outcome will be the development of a leadership group to support future friends and groups that also take the journey.

Wally gave a vote of thanks to Sabrina and Olivia, for their inspiration to others and what sounds like a win-win situation for all. Best of luck ladies!

## ***FINES***

Not sure if Kevin was or was not on roster for fines but either way he was way too keen to take on the task and armed with an A4 note book. Fines included; the sending of romantic messages to wife and pressing the wrong recipient button (some one thought all their Christmas' had come at once); turning up for the swimming club without your '**swimming trunks**'; Needless to say Neil Sinclair carried the box!

Which got me thinking? What an odd name for men's **bathers**; Myyy, how men exaggerate the truth!!!! I suppose **swimming worms** would be a bit below the belt (pun intended) - and where do '**speedos**' come into the scheme of things? Surely I jest!

Some other fines ( for creativity and originality ratings) were:  
 For not ordering a meal- we can see why not?  
 Being boatless and jealous  
 Retiring out of retirement  
 Having an authentic Australian Indian accent  
 People who feed possums  
 Compromising building materials with DIY recipies  
 Any one that goes to a GOODIES meetings  
 Welcoming visitors with a fine. Finally Kevin was fined for sacrificing his many friendships for fines.
