CONNECTGROUPS- THE VOICE OF COMPASSION

Tracy Brooke and Lisa Barrett , from ConnectGroups, explained the role of their organization. Funded by the Department of Communities, ConnectGroups provides practical assistance to established self help and support groups. Their aim is to engage with the wider community in order to find the support groups that fits the needs of the client. Their mantle is to provide the ' voice' for people who have become isolated as a result of their special needs and re-integrate them back into the community. They do this through four windows of opportunity known as training, referrals, research and advocacy.

Black Tie Ball

Mike Honeywell presented findings from a post mortem on some of the concerns and issues regarding this major fundraising. Recommendations included thinking about the possibility of holding a number of smaller events vs one major event, working backwards by choosing how much funds our recipients need and work towards that amount and the need for a new committee. President Stephen thanked the committee for their hard work and the success of the event.

AGM

David Keyser, presented the financials, brief discussion, moved by Turk Ellis and seconded by Kim Rudd, No objections so it was carried. David was thanked for his work as treasurer.

Another aim of ConnectGroups is to collate the number and types of providers and secure grants for small providers and organizations. In this regard, they can report back to Mental Health about who they have helped and who still needs help. Questions from the floor suggested Men's Shed may be a candidate for some funds.
