**THE INAUGURAL MONTEBELLO ISLAND ROTARY CLUB- NOT!**

The ship set sail on a weekly cruise, the weather it looked fine.  
 They fished and fished and some did fine, with hooks, sinker and line.  
 The night set in and the red came out, it was doomed from the start,  
 As the boys in blue, that's Rotaroo ,decided to impart,  
 Their knowledge of the weekly go, and launch a brand new show,  
 The Montebello Rotary club, was about to shine and grow.  
 Of course a leader had to be, appointed to the gang  
 Sir Roger was the president, and Captain of the Slang  
 With Josh logged in to inform the crew of things both great and bold  
 And the lovely Nick, the only chick, would print what she was told.  
 But David, John, Terry, and Clive, were spotted on the scene  
 They were of course their knightly selves, that topped off the team  
 The rest is as it always is , what happens stays in place  
 But these dumb blokes recorded it ,so now it is in space.  
 ( try singing it to Gilligan Island theme song- it worked for me! The ED)
