## Small meeting this week!

Everyone must have been exhausted after the recent annual International night and the Children's Fair. President Stephen thanked Trevor Wilson and his team of Terry for the organization of the International Night. Trevor hoped we all enjoyed the evening and he believes we will make a small profit. A suggestion for the use of funds was put forward. Trevor showed a presentation about a new and relatively cheap water filtration device being used in Kenya. The Life Straw Family designed and produced the device that will service a family of five for five years at a cost approximately \$99. There was a great deal of interest in the device. Trevor will take the idea to the board.

Continued from the front page....

President Stephen also thanked Peter Hill for the enormous work of his team to bring about the Children's Fair. The Children's Fair has been running for 29 years and Peter reported it keeps getting better and better. 43 Rotarians and 15 partners helped out on the day. A highlight was when Clancy the Clown could not make the day and Little Mandy put her hand up to dress up.

Apart from the weather coming in a bit cool, the fair was a great success. New elements were the doughnut stall and climbing wall which proved to be a popular addition to this year's fair. There are some photos on YouTube about the fair but they are all about Ray's daughter and grandchild. Peter thanked all the behind the scenes players who donated products and collected items. In particular, ToyWorld, Bunbury Machinery, Farmer's Mart, Bunbury BMX, Dalyellup Surf Life Saving, William Barrett & Sons, Bunbury City Band, Wild Western Amusements and Sandro. Peter also thanked David and Michelle Keyser, who opened their home for the after Fair party. We raised approximately \$7000. Well done everyone!

### ***SPECIAL GUEST THIS WEEK***

David Lane, visiting Rotarian, past president from the High Wycombe in the UK. David has enjoyed our hospitality over the last five years when he visits family.

### ***COMMITTEE REPORTS***

**Ben Andrew, Administration;** Ben endorsed the Life Straw water filtration and having googled it during the break found that the price is significant less than \$99 if you purchase more. Ben also reported the microphone are now in order and we will be getting supplementary speakers soon.

Key note address next week is Andrew Brien, CEO of the City of Bunbury. He will talk about recent and future development such as the Harbour and Museum.

Reminder to members to do make ups for missed meetings. Currently we have an average attendance measure of 65%.

Ben's recent RYLA experience was fantastic and Ben will be presenting at Bunbury Rotary Club in the coming weeks.

He will concentrate on unpacking how he got what he got from the experience as opposed to what he got. In a nutshell this involved the PRAXIS approach to learning, which involved 10 skills. Ben showed a video of a Father and Son relationship that demonstrated hope and tenacity.

### ***WEEKLY COMPETITION***

On this day in 1903 our flag was gazetted. It looked a little different from today's flag as it had a red background and the stars were slightly different. 96 tickets were sold tonight, which was fabulous considering there was not many of us. It might have something to do with the jackpot being \$ 382. But it didn't go off so Andy, Guest David and Murray, all got a bottle of wine to take home!

### ***FINES***

Fine's master Stewart Binnie made David K carry the box for giving the coconut boys every possible note and coin.

### **But Guess Who.....**

Worked in a bakery six days a week and made dough nuts on his day off!  
Was a marshal in the morning of the fair and then went off to lunch at a local restaurant! But he came back to help pack up!  
Did not turn up to the fair.  
Made treasure (money) from another man's trash.  
Was again seen in the paper.

### **REMINDERS:**

**Rotary Car Stickers are now available for \$1**

# Sail Into Life

## News and Calendar update

Dear Rotarians

Thought I would send you an update following a great day of Sailing on Saturday. On behalf of the Sail into Life Committee I would also like to thank Peter Hill from **South Bunbury Rotary** and **Instant Racking Bunbury** for the installation of our new storage racks for the Access Dinghies.

These racks are a vast improvement to safety for handling of the dinghies, ensuring they are stored at a good height, for easier lifting and sliding.

The edges of the racks have also been covered in carpet, to protect the hulls and make sliding easier. These storage improvements have also cut down on pack up time which is an added benefit.

This letter also gives me the opportunity on behalf of the Sail Into Life Committee, participants and volunteers from other community organisations, to express our sincere thanks and gratitude to the **South Bunbury Rotary Club**. Through their hard

work fundraising at last year's **Black Tie Dinner** event, Rotarians subsequently raised **\$5157** to ensure the ongoing success of this fantastic programme. Thank you to the organising committee and all those who rallied friends to attend the evening. I know the Sail into Life Committee Members and Volunteers who attended South Bunbury's dinner meeting on 30 January to receive this generous donation really enjoyed the welcoming atmosphere.

**Brilliant new storage racking system from Instant Racking - Bunbury**

**Sabrina & Ewan - 1st time sailors & volunteers**

On Saturday we had a lot of fun, with there plenty of banter amongst Sailors and Volunteers.

Along with the perfect wind made for an exciting day on the water.

We also gained a couple of new volunteers too... Sabrina Davies a student from Australind High School and her dad, Ewan also came along and with a few lessons from "Captain Sharon" they were off sailing on Koombana bay!

Thanks again to all the volunteers for their enthusiastic assistance: Roger Veen, Matt Granger, Bjorn Chorley, Peter Hill, Les Main, Jamie Challis, Andy Parrella, Sharon Kavanagh, Mike Presser, Stewart Binnie, Steven Philipps, Sabrina and Ewan Davies; Also the staff from Activ and especially Carol Szabo from Enable SW, who cooked up some sausages for the volunteers...mmm they were great.

**Hope to see you next time, regards Heather Reid**

**Welcome back Casey, heading out to her boating experience along with Captain Sharon, Kaylee, Ray and Faye**

**See below for calendar dates for the weekend programme.**
