LAST WEEK'S GUEST SPEAKER for COMBINED ROTARY CLUBS OF BUNBURY NETWORKING FUNCTION **JOHN POYNTON** addressed a large crowd assembled at the Lord Forrest Hotel and spoke on:

*“Future Challenges and Issues in WA”*

a brief summary of his address:

- WA's economy remains reliant on the resources sector and is susceptible to a slowdown in China's economic growth and cyclical demand for commodities.
- There is a significant pipeline of projects with large amounts of money to be spent on resource extraction and associated infrastructure.
- Challenges to resource and infrastructure include : the shortage of skilled labour, cost inflation, delays in approvals and access to key infrastructure.
- A holistically benign environment ..... but uncertainties exist over MRRT and Carbon Tax
- WA needs to capitalise on the current boom to ensure future prosperity for th State. This can be achieved through
  - Increasing population and facilities in the North West (building communities)
  - Increasing private investment in infrastructure and reducing strain on Government spending
  - Re-allocation of resources to other sectors and diversifying the State's funding base.
- Threat of higher Interest Rates are impacting even on WA consumers.
  - Retail under pressure
  - House prices falling
- Competition from: Monqolia, Eastern Europe, Africa and South America

### *Just for laughs!*

An Irishman was drinking in a bar in London when he gets a call on his cell phone. He orders drinks for everybody in the bar as he announces his wife has just produced a typical Irish baby boy weighing 25 pounds.

Nobody can believe that any new baby can weigh in at 25 pounds, but the man just shrugs, "That's about average up our way, folks...like I said - my boy's a typical Tipperrary baby boy.."

Two weeks later the man returns to the bar.. The bartender says, "Say, you're the father of that typical Irish baby that weighed 25 pounds at birth, aren't you? Everybody's been making' bets about how big he'd be in two weeks .... so how much does he weigh now?"

The proud father answers, "Seventeen pounds".

The bartender is puzzled and concerned. "What happened"? "He was 25 pounds the day he was born."

The father takes a slow swig of his Jameson Irish Whisky, wipes his lips on his shirt sleeve, leans into the bartender and proudly says, "Had him circumcised".
