

## THE BULLY

Number 07: August 13th 2014

**ROTARY CLUB of SOUTH BUNBURY (INC)**

---

## WENDY FRENCH—GUEST SPEAKER

---

Pres Jim welcomed several guests to the meeting Wednesday, Ben Andrew, Blainey Little, Wendy French, Claude Boulenaz and Melodie Birrell (Standby Critical Postvention)

Wendy French from Launceston spoke on the need for communities to set up Standby Critical Postvention linkages to help members of a community that have suffered a traumatic event such as suicide of a family member, the support they need to get through a very difficult time.

## GUEST SPEAKER WENDY ON CRITICAL POSTEVENTION RESPONSE

---

Wendy and Claude will be running a workshop on the topic at the Bunbury Power Boat Club hall on :

Thursday, August 21<sup>st</sup> from 9 am to 3:30pm.6:30 – 8:30pm. The aim is to develop a plan and procedures for the wider community to be put into action once a traumatic event affecting a member of the community occurs. The idea is that all those likely to be involved in providing support will be aware of the plan and their responsibilities within it.

Wendy said without a planned response it sometimes happens that nothing is done because everyone thought that some one else was handling the issue.

To be part of this workshop or know others who can provide personal input/experience, get in touch with Wendy or Claude on 0439 665 864 to register your attendance.

On Friday 22<sup>nd</sup> August at the Power Boat Club from 6:30pm to 8:00pm an information session on local community support for those bereaved by suicide. Please register your attendance in advance by contacting Wendy or Claude on 0439 665 864. Light supper will be provided.

---

## REPORT—MEN'S SHED

---

**Bruce Lynch** introduced his three guests, all office bearers of the Bunbury Men's Shed group who will run the Men's Shed once it is complete.

**Bill Martin:** President

**Tom Smith:** Shed supervisor

**Neville Coxall:** Co-ordinator and Assets manager.

The last 2 weeks have seen good progress on construction of the Shed, i.e. walls and ceiling insulated, Colorbond sheets on the exterior and fitting of windows. Steel frames for an office and toilets will be erected next week

Tom Smith told us that MS-BY has 34 paid up members already with many more interested so expects on every day each week there will be 2 x ½ day sessions catering for woodwork, engineering, computer operation education etc. Tom said eventually there will several MS in Bunbury.

Tom invited anyone interested to the By MS meeting on Thursday, August 21<sup>st</sup> , 6pm at Thomo's Community garden. Reps from Donnybrook and Leschenault MS will be presenting talks

## [Two Minute Talk]

Turk Ellis told of his experiences at age 24 in a National Service camp when a roll of the dice meant you could be on your way to the war in Vietnam. Turk put up his hand to fill an officer role and soon found himself heading a team of 66 trainee soldiers carrying out a mock attack on a Vietnamese village. It was during this exercise he discovered the meaning of responsibility and his guiding principle that if he says he will do something he does it. Turk suggests today's leaders should follow this advice.

---

## REGISTER FOR MEAL

---

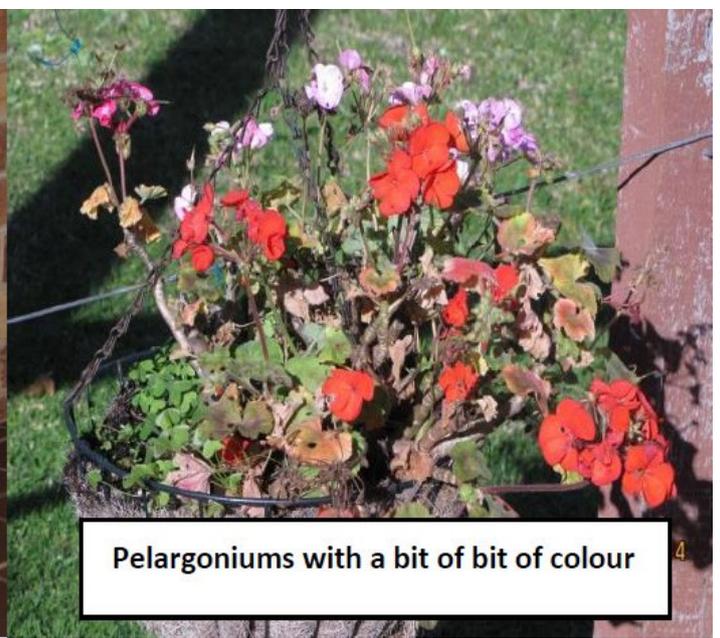

Its getting serious.

Brian Castieau is the first member to fall foul of the "no registration—no meal" policy.

Brian did not even get bread with his water

Variegated Philodendron

Pelargoniums with a bit of bit of colour

Minimum Pot size

Preferred Pot size

---

## PLANT NOW FOR CHILDREN'S FAIR 2015

---

August and September will be warm enough to start striking cuttings of plants for sale at the 2015 Children's Fair.

If every member can raise 10 quality plants, we could have 500+ plants X \$10 = \$5000.

The aim this year will be to raise top quality plants that people really want to buy. Last year many plants were discarded at the end of the day. Lets raise plants that customers want. Good sellers listed below.

**Frangipani:** Pink or traditional cream colours are popular. Take cuttings 30-40 cm long from tip of branch.

**Avinca:** Too early yet. Should be OK from mid October.

**Pelargoniums or geraniums:** Very easy. Aim to get them 30cm to 50 cm by February, they sell well if in flower.

**Philodendron:** Take cuttings from ones with variegated leaf colours.

**Ferns:** Any of the more showy ferns sell well.

## Plant raising for Children's Fair- Feb 2015

August and Sept will be warm enough to start striking cuttings of plants for sale at the 2015 Children's Fair. If every member can raise 10 quality plants, we would have 500+ plants X \$10 = \$5000. The aim this year will be to raise top quality plants that people really want to buy. Over the last couple of years there have been too many small odds and sods plants that we have had to throw out at the end of the day because nobody was interested in them. The plants listed below have been good sellers in past years.

### HOW:

- Take cuttings about 15cm long, trim off most leaves, leave one or two on the top.
- Dip bottom end in honey
- Fill small pot with coarse sand , make holes about 4cm deep
- Stick as many cuttings as you can fit into the one pot
- Water well to soak the sand.
- Fit a clear plastic bag over the cuttings
- Fit a rubber band around top of pot for airtight seal of plastic bag.
- Keep pot in dappled shade, not full sun.
- Check each week to see if new leaves are shooting at top of cutting
- When cuttings are producing plenty of new leaves transfer to a single pot filled with compost. Water well and keep out of direct sun for a few weeks.
- After a few weeks when the new plants are growing well start fertilising with aquasol or Thrive or other mild fertiliser to start with and move pots into full sun

### PLANTS TO RAISE

**Frangipani** Pink or traditional cream colours are popular. Take cuttings 30-40cm long from tip of branch. Leave for a few weeks for the cut end to callous over. Put cuttings, one per large pot filled with compost. Make a hole (wide and deep enough) to hold the cutting, and fill the hole with coarse sand so the cutting will be well drained and will not rot.

**Avinca:** Too early yet. Should be OK to take cuttings by mid –October.

**Pelargoniums or geraniums.** Very easy to strike cuttings from. Aim to get these 30-50cm tall by February; they will sell well, especially if they are in flower.

**Philodendron** Take cuttings from the ones with variegated leaf colours, not the plain green

**Ferns.** Any of the more showy ferns sell well (not the common or garden fishbone fern).

Start new plants by digging up a piece with underground roots from an existing fern and planting in a large pot. Only use slow release fertiliser granules.

**POTS:** Need to be as big or larger than in the photo below. If members have spare pots, plastic or clay, drop them off at 11 Wattle St or let me know and I'll collect. I've got plenty of frangipani cuttings calloused over and ready to pot so grab some of these if calling in.

# ACTIVITIES TO DIARISE

# ACTIVITIES TO DIARISE

## **RYLA: Rotary Beach Party Dinner.**

Thursday 22nd January 2015.

6pm for 6:30 pm

Baptist Serpentine Camping Centre
