Announcements: **Frank Fuller and Evan Robertson**

## National Anthem

# President's Report

Joe Savenije

**One year ago, I began the most fulfilling year in Rotary I could ever have imagined. It has indeed been a privilege and honour to serve as President of the Rotary Club of Wollundry, Wagga Wagga, a responsibility and experience I will value for the rest of my life. Thank you for giving me the opportunity and trust to lead our magnificent club during these past twelve months.**

You, the members, challenged me to take on this role, and in return I challenged you to embrace a number of important issues, and these included:

- Releasing some of the surplus funds raised in the past for use by those in need
- Improving our social activities, acknowledging that Rotary must also be fun
- Increasing our fund-raising efforts, particularly through an expansion of the
  - o Food and Wine Festival activities
  - o Farmers Markets and Sunday Markets opportunities
- Creating greater Public awareness of what Rotary is all about
- Continuing our strong commitment to Youth Exchange and other educational opportunities for our young adults
- Ensuring continued growth of our membership
- Providing strong support to Rotary International in areas of disaster relief and health issues such as Polio eradication and many others.

In reflecting what has transpired during the course of 2009/2010, I am delighted with what our club has been able to achieve. Arguably we could have done better in some areas, but all in all, we can take pride in the fact this has been another successful year.

Amongst all the highlights, there was a very sad time with the passing of Gordon Braid, described so aptly by Kevin Watts in his tribute to Gordon, as a true champion, a Charter member of our club, Past President and recipient of a Paul Harris Fellow and Sapphire Pin. We were fortunate to be able to honour Gordon's significant contributions to Rotary with the establishment of the Gordon Braid Melanoma PhD Research Scholarship, in conjunction with Australian Rotary Health Foundation, by making a donation of

\$33,120 to this cause.

In recent weeks, another Charter Member and Past President, Norm Mowsar, passed away. He too will be sadly missed.

Another major financial commitment made this year, was to donate \$30,000 being the net proceeds from the Food & Wine Festival, to the Renal Dialysis Unit of the Wagga Wagga Base Hospital to ensure patients receive comfort, dignity, facilities and support, all of which have been neglected for so many years.

A full list of the donations made by our club this year can be found at the end of this booklet.

## **Some of the events during the year also worth mentioning in my report include:**

- An abundance of excellent guest speakers from both within our membership and beyond
- The beginning of a wonderful year's exchange for Laura Sahi (Finland) in July and Gabriel Mota (Brazil) in January. And it has also been a year in which we saw the last six months of Emily Fisher's outbound exchange to Germany and the first half year of Laura Tibbets' exchange to Brazil. We also saw the departure of the Irvine twins, Michael and Jacqueline to Sweden and Denmark, through Grenfell and Parkes clubs
- Our continuing support for the education and development of our Youth through the various scholarships and external study experiences, as well as the recognition of several young locals for their workplace achievements
- In October, we awarded our three active Charter members, Gordon Braid, Graham Burmeister and Ken Cook, a Paul Harris Fellow Sapphire Pin to recognize their commitment to Rotary and our club
- Many social activities took place, the biggest of which were the Christmas Party, the Temora Fly/Ride event, and the most recent being the Sydney Yachting weekend

**Continued next page**

# President's Report

## From previous page

- A visit from District Governor Irene Jones provided the opportunity to induct the first two new members, Gavin Bellis (later transferred to Melbourne) and Mark Sayer. Our numbers were boosted during the rest of the year with the inductions of John Mason, Tony Weissel, Rob Pearson, Silas Darby, John Hawkins and Darren Wallace, making a total membership of 74
- Our regular visiting Rotarian from Canmore (Canada), Brent Pickard, was formally "adopted" by our club as he contributes much through his participation in our activities
- Our fundraising efforts through our Markets and Food & Wine Festival continue to grow

Our Club would neither prosper nor succeed with its numerous undertakings if it were not for the tireless efforts of the Directors and members. The support given to me by the Board has been tremendous. We have enjoyed healthy debate, implemented systems and reforms to ensure effective continuity of procedures and leadership. Whilst not wanting to diminish the important work undertaken by all Directors, I

do want to single out and acknowledge the excellent work by our Treasurer, James Hamilton, who has shown total commitment to his weekly tasks, provided comprehensive reports at Board meetings, was instrumental in formulating the financials for our three year plan, and continues to make time for duties within our club as well as District 9700.

A year ago, I stressed the importance of the roles our partners play in their support of our members. This is certainly the case for me throughout my Rotary life so far, but in particular these last twelve months. To Jan, my heartfelt thanks for the total support and commitment she has given to me and the Club throughout the year.

Finally, my very best wishes go to Frank Fuller for his year as our new President. Knowing how committed and enthusiastic Frank is and with the great support this club has always given its Presidents, 2010/11 will be an exciting and successful year.

**Joe Savenije**  
**President**

## Foundation Report

John Egan

The committee has been a little quiet this year as The Foundation suffered from the GFC and curtailed all Grants.

However we have managed to support the Foundation to the tune of \$ 4,100 from Club Funds, and \$ 3,000 to Polio Plus.

The Centurion Club has grown steadily to some 15 members which has been a pleasing feature of the year. Rob Balding has been a great support when needed in this area, but it has generally been run from District.

Our Club participated in the Polio Plus Movie Night which collectively raised some \$4,000. Our thanks go to Ian Davis for his work in getting that off the ground, along with Alan Lloyd and George Thomas.

International Projects under the stewardship of Pat Parnell and Peter Crozier saw a donation of \$1000 go to mosquito nets to fight Malaria.

There are two GSE teams being scouted at the moment, and Michael Eldridge and Graham Burmeister are actively seeking participant candidates. The teams are going to Oklahoma and the Philippines.

At the moment there are no firm plans for a FAIM trip, but the committee headed by John Smith, and including Col Duff, Chris Nash and James McTavish has been exploring some projects in the northern islands of Australia. The drying up of funds from the Foundation has been a critical limiting factor at this point as the projects are going to necessitate considerable investment and time.

**John Egan**  
**Foundation Director**

# Club Administration

Paul Milde

It has been a pleasure being the Club Administration Director this year and I thank my committees for their support which made my job easy.

The weekly bulletin is our communication tool and each week it has been prepared by a very dedicated team of Andy Irvine, Paul Murray, John Ferguson, Hugh Campbell and Doug Sutton. Thank you gentlemen for the content and quality of the bulletin you have produced this year. The reports, photographs, quotes and jokes have all contributed to an entertaining and informative bulletin. Also thank you to David Foster for printing and presenting the bulletin in a very professional format.

Alan Eldridge looked after the programs for the club this year and was able to organise a fabulous array of guest speakers which included many club members.

## Some highlights were:

- Geoff Dusty Hamilton-Dust Storm Flight to Broken Hill.
- Doug Conkey-Sandakan Death March.
- Poets Day-Burmo and friends.
- Kate Bowyer-Tanzania Street Kids.
- Burmo- Trip through the country of Myanmar.
- John Gray's Anzac Address.

These are just a few that come to mind of the long list of guest speakers this year.

This year we introduced the Members Day or Hillis Day where members could bring along a prospective member and catch up with fellow members, with club normal procedure kept to a minimum to allow maximum fellowship.

To our sergeant, George Thomas and his deputies thank you for ensuring we didn't leave the meeting without having had a good laugh even though it cost a few dollars. Of course members were regularly reminded that if their smiling face was seen in the local press they were up for a fine immediately.

This year the club purchase over 66 Christmas cakes which help raise over \$330.00 for Polio Plus. Not only did we receive a great cake but most importantly we help 330 children become immunised against polio.

*The sailing trip on Sydney Harbour was one of the social highlights of the year.*

Once again Joe Savenije did a superb job accepting apologies and extra attendees for our weekly meetings.

I must acknowledge James Hamilton our Treasurer, Public officer and Attendance Officer who maintained all these records in a very professional manner all year.

John Smith continued his commitment to Rotary

by organising the team to the District Conference and organising the Club Changeover.

Club is grateful to Paul Murray for looking after the internet site.

**Our Social Committee under the leadership of Peter Crozier worked hard this year to provide a wide range of activities and here are just a few:**

- Riverina Club Get Togethers.
- Sunday Garden Tour. Thank you Burmo, John G, Geoff H, and David B.
- Christmas Party. What a night! Thank you Mark & Christine Hillis for the venue.
- Fly Ride Day to Temora. Thank you Peter Clucas & team.
- Harbour Sailing Sydney. Thank you Mark Hillis. East Sail will not forget us.
- Rotary Meal Wheel Deal. Thank you Croz.

To all those other members that I have not mentioned by name, thank you for your contributions to the Administration portfolio.

In closing I wish to extend my gratitude to President Joe and fellow Board members for making my time as a Director a most enjoyable and rewarding experience. I wish Frank and his team every success in 2010/11.

**Paul Milde**  
**Director Club Administration**

# Service Projects

Gerry Gerlach

We started this year with sound financial position and good prospects for each of our 3 Fund Raising activities. We had a great team of experienced Committee Chairmen in Pat Ingram, Mark Fleming, Kevin Roben, Rick Priest and Jim Richards and they had great teams of committee members who ensured all that was done was well done. 2 New Chairmen in Laurie Blowes and Doug Conkey both did great jobs and need special mention.

Special mention must be made of Laurie Blowes for his efforts for the Sunday Markets and the Food and Wine Festival.

We have been very generous this year and as a result have made significant ingress into our reserves but all donations have been carefully thought out and received unanimous support from the club members.

## **Saturday Markets. Pat Ingram (Ch)**

The Farmers Markets this year have been well run by Pat and Col as usual and their 10 years of efforts need recognition in the coming year. It has been a tougher economic climate for such markets this year and our Income has been less than expected. We recommend some careful thought goes into next years plans.

## **Sunday Markets. Laurie Blowes (Ch)**

We have done exceptionally well with Income well above expectations (allowing for many washouts due to very welcome rains) and Laurie and his team with particular note of Jim Richards, has done well. Controversy over venues and futures formats has dogged the year and we may now have found a near perfect site, which will enable them to be refreshed.

## **Projects. Doug Conkey (Ch)**

We have conducted a massive workload of analysis of and approval for projects for us to support and have been able to be generous supporters of our community and International tragedies.

Equipment Hire. Mark Fleming (Ch)

This has been a solid performer again enabling our Rotary Club to be constantly an omnipresent good citizen in the region.

## **Food & Wine Festival. Kevin Roben (Ch)**

After last years outstanding result an aggressive plan for the 2010 Festival was taken by a committee that worked willingly all year to deliver another outstanding Festival. Many great investments in strategies, marketing, and equipment were made that will be of great assistance in the future and again the new committee has bold plans for the 2011 Festival for which planning is well underway. Kevin has again proven himself a strong leader with a great commitment personally and a great rapport with his outstanding team of volunteers.

A generous \$30,000 donation was made to the Renal Dialysis unit of the Wagga Base Hospital to enable them to provide privacy and comfort to those being treated.

Senior citizens/Community Health Awareness. Rick Priest (Ch)

Rick as always ensures that the Service Organisations helping in these areas are at the forefront of our thoughts and support.

Pride of Workmanship. Jim Richards (Ch)

Six candidates received support and recognition from our club through Jim's sound work.

# Youth Report

Andrew Irvine

Our Youth Committee, John Ferguson, Paul Gianniotis, John Flynn and Alan Eldridge interviewed our Brazilian outgoing student Laura Tibbetts, as well as my twins, Michael and Jacqueline Irvine who are in Sweden and Denmark, sponsored by Grenfell and Parkes respectively.

Unfortunately, for the coming year the club has received no applications for outbound exchange. This is despite regular reminders in the school bulletins and a gap year presentation organised by George Thomas. Paul and Carolyn Murray, the Eldridge family, and the president welcomed Laura Sahi from Finland, into Wagga Wagga at the airport early July. This means that her time is at an end, and she has had a wonderful experience in Australia. Her Counsellor has been Carolyn Murray, her second year. Her host families were Alan and Barb Eldridge, Col and Jenni Duff, Debra and Lindsay Graham and Maureen and James Tibbetts. She managed to cover a lot of territory in Australia, with the Safari in May, but also with flying trips with Geoff and Jan Hamilton, the Irvines and by road to the Flinders Ranges with the Grahams. She has also been to Talbingo a few times by car to fish, and by motorbike with John Knight a couple of times. Our second inbound from Brazil is Gabriel Mota, who arrived in January and settled in quickly with District Chairman of Youth Exchange, George Thomas. Gabriel's counsellor is Ken Cook. Gabriel took it upon himself to join Workout, and is a keen attendee when he is not playing Rugby for Army, organised by his 2nd host dad, Graeme Finney. Tracey Finney says he is a very polite, thoughtful, and contributing member to the family. He will move out of town on the long weekend to stay with John and Liz Knight, before moving closer in again with Nick and Sian Leywood in Springvale. Like Laura, Gabriel went on Safari and has been in a plane with me to Moruya, after camping at Lobs Hole.

Model United Nations Assembly, director Neil Pinto, reported the event successful in August, with Wagga Wagga High School travelling to Canberra after winning the event here.

John Ferguson, school liaison officer of Wagga Wagga High School, had another win at the inaugural Science Challenge at the MTC in October. The team went to Sydney to compete in the State Challenge, whilst Dennis Shean and I attended Rotary Youth Driver Aware-

ness in October. A very educational and informative day, and a big thanks to Mark Hillis for donating the use of a motor vehicle and a set of brake pads, to demonstrate stopping distances at 40, 60 and 80km per hour.

This years CSU Science Scholarship winner is Emma Marcantelli, studying pharmacy. Peter Kennard, Graham Burmeister, John Ireland and Paul Gianniotis made up the interviewing panel, and also awarded book prizes to Laura Fealy and Caleb Shephard. Frank Fuller attended Wagga Wagga High School presentation night to award the Noel Barnes scholarship. Through the Noel Barnes Scholarships the club is involved with each of the Wagga Wagga Senior High Schools.

RYLA was held in Parkes again this year and we sponsored Joel Roberts for the event.

RYPEN was held at Borambola again this year, with a few of our members helping to supervise the year 9's over the two nights. The kids were exposed to a number of inspirational speakers who provided ways for the kids to get involved and in their communities. This year, under the guidance of Paul Milde, we sponsored two students from TRAC to the National Youth Science Forum in Canberra. It is the first time since January 2005 that we have had our nominated students selected by the District Committee to attend this National Event. It was also a special event in that it is the first time three of our nominations were successful with South Wagga Rotary sponsoring the other young lady from Koorringal High School.

We sponsored Rosie Sacket and Angela Lei from TRAC. South Wagga Rotary helped sponsor our other nomination Jaimee Smith from Koorringal High. We also sponsored six students from TRAC to the Science Experience held at CSU in January 2010 which is a three-day hands-on science program for students about to enter Year 10.

Finally, thank you President Joe for 12 months of meetings, beers and cheezles, and to all the fellows in the club who continually support the Youth Programs.

**Andrew Irvine**  
**Youth Director**

## Public Relations

Frank Fuller

A small team but a big effort for Community and Club.

I cannot praise Greg Conkey highly enough for his work as Public Relations Officer. Greg has been untiring in supporting Club Officers and Committees in arranging and coordinating publicity (radio, television and newspapers) for activities and outcomes of our many events and projects. These have included our rotary programmes, Sunday and Farmers' Markets and, the Food and Wine Festival. Congratulations also to Greg for the wonderful initiative, the Adult Learn to Swim Program.

Thanks again to the incorruptible David Byfield for his work in preparing all Market Rosters. Someone

has to do it and you do it so well.

David Foster and Alan Eldridge were so capable in handling Program events, vocational awareness and in this Directorate, Vocational Visits.

Thank you Paul Murray for your work with the Internet website. Also Michael Eldridge who made such a wonderful contribution to both Food and Wine Committee and the website.

Congratulations President Joe (and Jan) and Board for a great year.

**Frank Fuller**  
**Director Public Relations**

## Membership Report

David Byfield

In December of last year the club was saddened with the passing of our Charter Member Gordon Braid. Gordon was a Past President and Paul Harris Fellow who loved his Rotary and was a loyal member of Wollundry Rotary.

Our membership remains strong with a steady growth pattern over the year during which time we inducted 8 new members being John Mason, Gavin Bellis, Mark Sayer, Tony Weissel, Silas Darby, Robert Pearson, John Hawkins and Darren Wallace. Garry Williams resigned from the club due to his work commitments and Gavin Bellis moved to Melbourne and has since joined another Rotary club. This gives us a total membership of 74.

During the year we held two successful "Fireside Meetings" with good attendance at both meetings. These meetings were a great opportunity for members to gain some extra knowledge of Rotary and its workings in a relaxed and informal environment. My

thanks to Michael Knight for organising both meetings and for hosting the second meeting at his home. My thanks to the presenters on that night and at the previous meeting, Greg Conkey, John Egan, Jim Gibson, James Hamilton, Gerry Gerlach, Paul Murray, Brent Pickard, Graham Burmeister, George Thomas, John Gray and Doug Sutton.

Attendance figures for the year were quite good with 11 members attaining 100% and 34 members between 80% to 99%.

In closing my report I would like to thank my fellow Board Members for their support throughout the year and congratulate President Joe for an outstanding year of leadership and to wish Frank Fuller and his Board a successful 2010/11

**David Byfield**  
**Membership Director**

# Treasurer's Report

James Hamilton

## Club Account

Number of changes to collections procedures commenced in July 2009 as agreed by the Club in June. Firstly, the payment of club and meeting fees to be paid on quarterly or half yearly or annual basis so that all members contribute on an equal basis to the club operational account. Secondly, electronic fund transfer (EFT) of club and meeting fees was introduced at the commencement of the financial year. 80% of club membership is utilising EFT facility. It is a beneficial vehicle because it reduces risk to both the member and the Club as no handling of cash or cheques is involved. The funds can be paid at any time and on any day of the week by the due date of course. The club and meeting fees of \$450 per year have covered Club expenses for the financial year. 56% of membership paid annual fees up front in July and the balance of members elected to pay quarterly or half yearly.

During the year nine members have contributed \$100 to Rotary Foundation enabling them to join the centurion club.

The Board at the commencement of the year requested a three year rolling budget for both club and community accounts.

The estimated balance in the club account as at 30 June 2010 will be approximately \$14,000.

## Community Account

The Board at the commencement of the financial was of common mind that the amount in the special purpose account should be reduced to a level of approximately \$30,000 because the Club is a custodian of community funds and the funds should be distributed to the local, national and international communities in a timely manner and depending on the needs of the communities. There was some discussion in relation to the percentage of community funds donated to international projects. The bench mark for the Club has been approximately 15% to international projects because the Club has promoted the markets on the basis that majority of funds will be distributed to local charitable organisations who support the needy in our communities. The Club has achieved its aim of reducing the balance of the special purpose community account from \$77,000 to approximately \$34,000. The balance in the ordinary community account will be approximately zero. The list of projects detailed elsewhere in this booklet will detail donations made

during the financial year.

As the total of all market collections including the food & wine festival now exceed a \$150,000, there is a tax requirement in relation to reporting on goods & services tax (GST) by the Club. The Club approached the Australian Taxation office on the matter and the guidelines advised is to register the Club account for GST commencing on 1st May 2010 and to establish a separate account for food & wine festival in order to comply with ATO guidelines.

Some payments by stallholders were made by electronic fund transfer into community account.

## Estimated financial details for 12 months of market operations are:

- Sunday market – collections \$68,000 expenses \$6,500
- Farmers market – collections \$36,000 expenses \$6,000
- Food & Wine festival – collections \$80,470 expenses \$59,500 (items on hand valued at \$18,000)

Other areas of expenditure from community account were Youth Exchange \$4,160, Youth Connection \$5,500, RYLA \$550, RYPEN \$2,320, MUNA \$1080, Scholarships \$7,000, National Summer Science school \$3,980, Siemens' Science Expo \$ 630, and Senior Citizens Week \$3,000

## General

Internet access to the financial accounts at Wagga Mutual Credit Union was set up at the commencement of the financial year. This enabled the treasurer to have access to accounts at any time and enabled the treasurer to transfer funds between accounts and the payment of some accounts electronically such as student allowance to Exchange student account.

Club treasurer. The position is quite a busy and sometimes it is quite demanding. It is a good way to get to know all Club members especially the new members. I wish to thank all the members who have assisted me at the treasurer's desk at Club meetings and I wish to thank all members who bring the correct money to meetings as it makes the Treasurer's job that much easier.
