ROTARY CLUB OF NASHOBA VALLEY

PEOPLE OF ACTION

Our club offers opportunities for members — and those interested in making a difference — to get involved. Through volunteer projects, social events, and meetings, our members learn about the issues facing our community and communities all over the world, partnering with local, national, and global experts to exchange ideas about potential solutions and to draw up action plans to respond. Along with these opportunities to serve, members also are able to regularly network, resulting in lifelong friendships and business connections.

Our club is a proud part of this community and of Rotary International. Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. We are community and business leaders representing different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

MAKE A DIFFERENCE

Solving real problems takes effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

We try to tackle the toughest problems with real and sustainable solutions. We also partner with others, such as community volunteers, local community nonprofits and service organizations, and international NGOs for implementing our community service projects.

We focus on the communities of Bolton, Stow, and Lancaster, MA, but we help communities around the world. In addition to service, we value camaraderie, meeting new people, and enjoying our time together.

Perhaps the most important benefit of being a Rotarian is the satisfaction we gain from making a real difference in the world.
