Lava Flow

February 10, 2017

Chartered: December 1, 1920

Reporter: Cindy

Working the Rotary crowd as our "solo" greeter, **KEITH OKAMOTO** did an awesome job checking folks in and greeting them with a wide and welcoming smile at the February 10th meeting.

There seemed to be some extra "happiness" energy in the room, and when **President RANDY HART** rang the bell, everyone snapped to attention.

The Pledge of Allegiance was led by **PASTOR ERIC ANDERSON**, and then **KEITH** introduced guests. There were no visiting Rotarians, but quite a few members were hosting guests. **CONNIE ICHINOSE** introduced **Jim Ederer**, recently retired from his business Hilo Air and Refrigeration, so he seemed familiar to many in the room. **CHARLENE MEYERS** announced her very good friend who would soon no longer be a guest, but the club's newest member, **JANET MONTROSE**. **KATHLEEN MCGILVRAY** was all smiles introducing **Michael Yee**, our new Planning Director, who just recently moved by to Hilo with his Hilo-born wife and 2 year old son. **SUSAN MUNRO** hosted friend **Cathy Gray**, who will soon be inducted as another new club member. **HELENE TAJIRI** introduced her guest, **Chris McNichols** who also recently moved to Hilo with his wife **Janiece** (**HELENE** brought **Janiece** to visit previously). **Chris** is an Aerospace Engineer, and his wife **Janiece** works at the Hilo Medical Center. Welcome to Hilo!!

A shout out to **HELEN HEMMES**, **KERRY GLASS**, **TAMMY SILVA** and **ED HARA** for their coordination on the February 3rd Lava Flow. The club is always looking for more reporters and photographers, if interested in volunteering, please contact **TAMMY SILVA** at c21tammysilva@aol.com. Each time you help, it's a meeting make-up too!

Happy Dollars!!!

It seems that it turned into mostly a "Foundation Frenzy" with lots of members taking good advantage of the special matching dollars **KERRY** offered.

NANCY CABRAL contributed to her granddaughters' Paul Harris fund, and was happy about all the new members, and hopes for 100 members by 2020, the club's 100th anniversary..when she'll be presiding as President.

HELEN HEMMES had a contribution to cover her birthday years and membership years combined!

KATHLEEN MCGILVRAY was very happy to have experienced the recent Women's March, and also to have her longtime friend **Michael** as her guest at the meeting and now living in Hilo.

STEW HUSSEY chose his contribution to go to **The Hilo Rotary Club Foundation**, and he was very pleased to share that the money approved for International Projects this year (\$4,000 from our Foundation) has now multiplied to \$17,000 thru matching grants made available through **Rotary International**. The money will be used in Taipei, and Taiwan to buy shredders which will shred waste and be recycled as fertilizer for agricultural purposes. No more burning! By joining up with several other Rotary Clubs, the total project will total over \$50,000 and be able to purchase about 15 shredders. Great project, wonderful results **STEW!**

CHARLENE MEYERS chose to gift her **Foundation** money to her friend and new member **JANET** to get her started on her **Paul Harris** fellow, and also added some for **Polio Plus**.

GAIL TAKAKI had happy dollars to thank the **RIK** readers who are coordinating with their kindergarten classes to read a Dr. Suess book the end of February for a Nationwide Rotary project to celebrate reading and Dr. Suess!

Guest Speaker:

MIKE MEYER, Speaker Chair, was happy to be on hand to introduce our speaker for the day, **Jason Dela Cruz**, PHP Health Educator for the Department of Health, (Public Health Preparedness).

Jason spoke to the club about Denge, Zika and Chikunguya which are all carried by mosquitoes. He talked about preventative and protective measures we can take to help avoid being bitten. He advised not to work which species was biting, "just smash 'em"! Steps you can take to protect your family are: Apply EPA -registered insect repellent with 20-30% Deet, wear protective light colored clothing, long sleeves/pants and socks, and avoid activities during sunrise and sunset in areas with mosquitoes such as shady, damp locations. You can clean up your yard, especially spots that hold standing water, and repair screens and windows.

Jason also talked about Hepatitis-A and explained some of the symptoms. Denge, Zika and Hep-A all have similar flu-like symptoms which are body aches, nausea, fevers, and cautioned that if the symptoms last for more than 10-14 days you should see your doctor to be checked out. Because Hawaii has year-round favorable temperatures, mosquitoes don't die off, so we must be consistent in taking precautions and continue to make preventative changes around our homes and lifestyles.

Newest member, **Janet Montrose** was called on to lead the **4-Way Test!**
