# Let's Celebrate.

President Nancy listed those celebrating wedding and club anniversaries (no Rotarians with birthdays the past two weeks). Congratulations to Danielle and Jacob Bratton (15 years) and Biff and Anna Kennedy (55 years). Club anniversaries were those of Julie Kron, D'Andrea Peletier, Nancy Cabral, Toshi Aoki, Anna Liu, and Chuck Porter. Club President Nancy Cabral gave a little history regarding her joining the Club Jan 28, 1988. Back in 1920, the 18<sup>th</sup> Amendment gave women

the right to vote. In 1950, a Rotary Club in India made a proposal to eliminate the word "male" from the Rotary constitution, but it was not until May 1987, that the Supreme Court ruled that Rotary should not exclude members on the basis of gender. The May 7, 1987, Lava Flow for our club referenced the action via a "wait and see" approach, with some Hilo Rotarians obviously uncomfortable with the Supreme Court's decision. The world for our Club evolved on Jan. 28, 1988, with Nancy's becoming a member (the first female member of our Club). Thanks for that little piece of history!

# Happy Dollars.

Marcia Prose donated \$\$ to invite Rotarians to the free concert via The Palace Theatre website on Valentine's Day, Feb. 14, at 7 p.m.

Patrick Guillen welcomed the

meeting (Jimmy Yagi and our speaker, Kaniela Aiona). He gave \$86 in honor of Jimmy Yagi's

coaches at the

upcoming birthday on Feb. 18.

Julie Kron donated \$\$ to the HRCF, thanking Patrick Guillen for all his help with her college son.

Kerry Glass shared \$\$ too, nothing he was happy that he got his COVID-19 injection

as one of ten Club

members aged 75 and older. He shared that both Chris Tamm and he were contacted by Kaiser; Susan Munro is volunteering to help with registration via phone calls (with a few other Rotarians signed up to do so). He encouraged Rotarians to get the vaccine. Alberta Dobbe

too.

said she got her shot

Beckie Marshall gave \$\$, stating she was a proud Mom, with her daughter an intern for Senator Kahele on Capitol Hill.

Helene Tajiri gave \$\$ to the HRCF, thanking the volunteers for the Thursday lunch. The "Go Cook

'Um Crew" includes Tina Jimenez, Treena Breyfogle, Beckie Marshall, Jen Tanouye, Helene, and her husband Harvey.

Randy Hart gave \$\$ for the sad news – that the District Club meeting (being coordinated by Alan Kusunoki) this spring will be virtual only – but the good news is that it helped him make the decision that the meeting in 2023 will be held in Hilo. He wants a fun and enjoyable meeting. If you are interesting in volunteering on his committee, let him know.

Patrick Smith donated \$\$ to share the good news that his daughter who had COVID-19 and pneumonia has since made a full recovery. What a blessing!

Jen Tanouye gave \$\$ to the Hawaii Rotary Youth Foundation to share info about funds for Wally Wong, who is in Honolulu with his daughter, now at Queen's Hospital. Donations for his expenses can be contributed via GoFundMe, via sending a card and donation directly to Wally (address on our membership list), or dropping off a check at Day-Lum Realty, with President Nancy ensuring he gets contributions. President Nancy shared that she would give \$\$\$ in his daughter's name, and she noted that both Eddie Hara and she appreciated the "wonderful ways" in which Rotarians came through when they both dealt with the loss of family members in 2020 (Eddie's son, and Nancy's father and husband).

President Nancy noted five club members this month are doing what Wally has done by himself every week/month.

Aaron Albers gave \$\$ as well.

# Introduction of Our Speaker. J program planner, invited Patrick

aker. Jim Cheney, our

Guillen, UH-Hilo Athletic Director, to introduce the men's basketball coach at UH-Hilo, Kaniela Aiona. He's the sixth head coach after the first local coach, Jimmy Yagi, who is now retired. Kaniela grew

up in Waimea and is a Honokaa High School graduate. He left the Big Island 19 years ago to play college collegiate basketball and then began his coaching career. Webster is his alma mater, and his most recent position was a five-year run

as head coach at Menlo College where his teams had a high grade point average. His team qualified for the 2019-2020 NAIA national conference

that was canceled because of COVID-19. A n d additional impressive credentials were shared.

# Speaker UHH Basketball Coach Kaniela Aiona.

Coach Aiona shared his appreciation for being invited to speak to our Club. He said he was new to the business of the Rotary Club, but since he grew up in Hawai'i, he said he understands "Aloha" and cultural perspectives. He said Patrick Guillen had helped assemble a great coaching staff and that the mission for the team is greater than just the number of wins and players, ages 18-22, have been able to practice starting in late October. They now have a 3-1 record since the season started.

One of the issues he discussed was the recruitment of players locally and elsewhere. He noted that recruitment is relationship oriented and that having coaching staff and others with whom you have contact and trust helps with recruitment both locally and even internationally. The current team, mostly local, has players from New Zealand, Australia, and Southern California. It's a tricky year for recruiting, as high school graduates are available and so are college students whose seasons have been affected and who now have another year to serve on a team.

Those who are basketball fans definitely want to follow the team by checking on-line and reading the Sports pages in our local newspaper.

With regard to a question by Genie Phillips as to what rally cry he uses for his team, Coach Aiona noted that he would say, "Play hard, play smart, play together."

# Installation of New Members. Postponed!

<u>In Closing</u>. The meeting was adjourned at 1:01 p.m., with thanks to all for attending and with Aaron Albers invited to lead the Club in the 4-Way test of the things we think, say, and do.
