

Our wish is to have at least one member of the PolioPlus Society from every club.

Rotary has been working to eradicate polio for more than 35 years. Our goal of ridding the world of this disease is closer than ever.

As a founding partner of the [Global Polio Eradication Initiative](#), we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year.

By the numbers:

- \$3 average cost to fully protect a child against polio
- 430 million children in total vaccinated in 39 countries in 2017
- \$100 million cost to conduct polio surveillance worldwide

District 7120 now has a PolioPlus Society recognized by Rotary International. To become a member, you pledge to donate \$100.00 or more per year until Polio is eradicated in the world. October 24th is World Polio Day – please consider participating by making this pledge. The commitment form is below! Remember that every dollar is matched 2 to 1 by the Gates Foundation.
