Week**

Brick & Mortar Survey Coming out Next Week

I am putting out a Email Survey of the current Brick and Mortar project out next week.

I strongly feel the membership should "weigh-in" on the project—The survey will give an Overview of the current project as well as a review of past Brick and Mortar projects.

You will see all the members comments/questions as well as the answers to their questions.

We (the Board) needs your approval or dis-approval & comments on this project.

Thanks

Chuck,

Al Meilutis/Mike Sofia—Brick & Mortar Co-Chairs

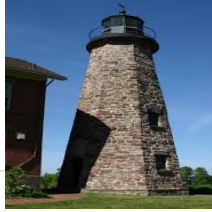

The Chief Was in The House

Greece Police Chief Pat Phelan gave the club an overview on the Greece Police Dept this week.

- The current Opioid Crisis is effecting how his officers work with the public and trained.
- He has currently 99 Police officers with most living in Greece.

GREECE ROTARY “BEACON” NEWSLETTER—WEEK OF MARCH 28, 2018

The Baseball Season is Here
We Need Beer Pourers !!

This year Shawn Davis will be coordinating the Red Wings Concessions Service project.

Last year we donated \$4,000 to the Three Greece Food Pantry’s—from our Beer pouring commissions and tips. This is a great service event and great way to meet club members.

All have received their checks from 2017.—see the pictures on the right.

But.... We need You to help with this effort— Our first night is Thursday May 3 for both of the Rohrbach Beer Stands— please try to attend a meeting to sign up or email me—I will send out the signup sheet after Wednesday’s Meeting for your review.

The Northwest YMCA received their check for \$1,500.00 to help assist families and children affected by cancer.

This program helps supplement the “Y”’s efforts in stabilizing the family environment during this difficult time the parents and children are going through.
