THIS IS ROTARY

Rotary is an opportunity to build lifelong friendships and experience the personal fulfillment of providing volunteer service.

An organization of business and professional leaders, Rotary provides humanitarian service, encourages high ethical standards in all vocations, and builds goodwill and peace in the world.

The world's first service club, Rotary began with the formation of the Rotary Club of Chicago, Illinois U.S.A. on February 23, 1905.

A young lawyer, Paul Harris, and three of his friends started the club. They wished to recapture the friendly spirit they had felt among business people in the small towns in which they had lived. Their weekly meetings rotated among their offices, hence the name "Rotary".

Today, Rotary has grown to more than 33,000 clubs worldwide with 1.2 million men and women as club members who provide community service in virtually every nation in the world.

THE FOUR-WAY TEST

The 4-way test is a simple but profound statement of the things we think, say or do. It asks the following questions:

Is it the **truth**?

Is it **fair** to all concerned?

Will it build **goodwill** & **better friendships**?

Will it be **beneficial** to all concerned?
