TONIGHT'S MEETING - 28 NOVEMBER 2023

Guest Speaker - Kieran Kelly

"In the Footsteps of Augustus Gregory"

Our Guest Speaker is Kieran Kelly, amateur historian, author, explorer and outdoor sportsman.

Kieran, the leading authority on the explorer Augustus Gregory, will be speaking on the 2002 Central Australian Expedition with Andrew Harper crossing the Tanami Desert in the Northern Territory for the first time on foot (unsupported other than by five pack camels) linking from east to west the expeditions, approximately 170 years, ago of Gregory (1855) and John McDouall Stuart (1859). He will also tell us about a later trip in 2005 with Dr George Bennett rediscovering from the Gregory journals and charting, by survey, the correct position of Mount Wilson.

In 2004, Kieran was honoured with a fellowship of the Explorer's Club of New York, and in 2007, along with Andrew Gregory, was awarded the Australian Geographic Society's Spirit of Adventure Award for the Lost Crocs of the Ord Expedition by kayak documenting the survival of the Saltwater Crocodile after the building of the Lake Argyle Dam Wall.

Read more about Kieran's extraordinary life in his CV distributed to the Club by an earlier email.

FROM THE PRESIDENT

The idea of The Rotary Foundation (or Endowment) started with RI President Arch Klump in 1917, who proposed an '*endowment to do good in the world*'. That first year US\$26.50 was raised. The original aim and objective of the Foundation was '*in charitable education and other avenues of community progress*'. Rotary was founded in 1905 as a club for business camaraderie and not to serve humanity, thus contributions were very slow and very little.

Paul Harris died in 1947 and in 1957 The Rotary Foundation proposed Paul Harris Fellow recognition for a contribution of US\$1,000. This increased contributions to the Foundation.

The Rotary Foundation (and Rotary International) started to '*serve humanity*' seriously in 1979 when Australia's first Rotary International President, the late Sir Clem Renouf started the 3H (Heath, Hunger and Humanity) program. We could say this was the precursor of our very successful Global Grants. In 1988, Polio Plus was launched to eradicate Polio from the face of the earth. Contribution and support for The Rotary Foundation from everyone, including the Bill and Melinda Gates Foundation, increased dramatically, and in 2021-2022 contributions totalled US\$434 million.

Under the guidance of Foundation Chair Peter Kindred, and supported by all members of this club, our club is the best supporter of The Rotary Foundation in our district.

1. DG Chrisitne Owen presented us with a Level III Club recognition last week, which indicates a contribution of more than US\$500 per member. We are the only level III club in the district.
2. In the last couple of years, we have had at least two Global Grant projects approved. There are Districts in our Zone 8 (Australia, New Zealand and South Pacific) which do not even have one approval per year.
3. We are supporting 'End Polio Now' projects like the Theatre Evening last week and other initiatives.
4. Due to a most persuasive Peter Kindred, at the recent two district (*over 120 Rotary Clubs*) Foundation dinner, ten of us attended of the total of 140 present, the best by far.

President Andre

LAST MEETING - 14 NOVEMBER

Guest Speaker - District Governor Christine Owen

“Official Club Visit”

District Governor Christine thanked us for everything we do.

She talked about the Rotary International Theme for this year, **CREATE HOPE in the WORLD**, and her journey to becoming DG (a 4 year process), including learning about the role of the DG at the International Assembly in Orlando, USA in January this year, where she met incoming RI President R. Gordon R. McNally.

She urged us to think about how we communicate with those around us, and “*bring back conversations*”. Rotary is the glue that brings communities together.

This was DG Christine’s 59th Club Visit of 64 Clubs in our District. In our District there is 1 satellite Club (Kuring-gai Community Network) and 3 Rotaract Clubs. It was also sad to hear our District’s oldest Club, North Sydney, is about to hand in its charter. Our District has 33% female membership, which is good, but not good enough.

Her goals for the year are:

1. Encourage Rotarians to be engaged members - smile & have fun
2. Urge Clubs to collaborate with other Clubs
3. Have 100% of Clubs in our District donate to The Rotary Foundation

P.S. Our Club has achieved Level 3 status of \$500 per member donated to TRF

4. Support the **Domestic and Family Violence** campaign

DG Christine also advised that the **Train Ride for Polio** raised approximately \$92,000.

Greg Muldoon

MEET OUR NEWEST MEMBERS

At our last meeting, we officially welcomed two new members to our Club.

Pictured above, Tony Jaksich (*left*) and Nathan Cassar (*right*) are welcomed into Rotary by District Governor Christine Owen (*centre*).

SHELTERBOX

We received a message from Mike Greenslade, CEO ShelterBox who is currently deployed at the Atlas Mountains in Morocco. His deployment is putting our contributions to good use by helping the population affected by the recent earthquakes.

The Rotary Club of Chatswood Roseville made another substantial donation, following the Oktoberfest, by contributing \$10,000 to ShelterBox.

From: Michael Greenslade

Subject: Thank you!

Date: 21 November 2023 at 2:22:34 am AEDT

To: Peter Timmermann

Hi Peter,

I hope you are well. Here a short message of thanks to you and your fellow members for the awesome donation received last week. We are just finishing up in Morocco and the people have been so warm and generous and thankful to us and our supporters.

All the best, Mike

PAUL HARRIS FELLOW RECOGNITION

Alfred Bernhard - Paul Harris Fellow

At our last meeting, our Club recognised Alfred Bernhard as a Paul Harris Fellow.

Following studies in botany, architecture and landscape, Alfred has worked as an environmental design consultant for state and federal agencies as well as local government. He has also been a lecturer at the School of Horticulture at the Northern Sydney Institute of TAFE, the University of NSW and Sydney University.

Currently he is the Bushland Manager at Willoughby City Council in Sydney, where a key objective has been to achieve an integrated approach to Natural Resource Management. Important components of this approach have included catchment management, stormwater management, the restoration of degraded ecosystems as well as the involvement of the community in programs such as BushCare and the extension of environmental education projects.

Alfred has been co-ordinating the on-ground works of Council's Environmental Restoration Levy, such as creek restoration and habitat enhancement, as well as capital works projects, such as track construction, particularly on harbour foreshores. Community consultation has been an integral part of the development of numerous Reserve Action Plans.

International projects have included community development projects in Timor-Leste, and an ongoing exchange program with environmental practitioners. This has led to numerous presentations at national and international environmental forums and participation in the IUCN WCPA Urban Specialist Group.

As part of the role at Willoughby Council, the opportunity to work with community groups such as Rotary has led to many worthwhile projects. These have included the construction of the Lane Cove River boardwalk at Rotary Athletic Field, installation of bush furniture and the ongoing community development projects in Ossu, Timor-Leste. The grant support from Chatswood Roseville Rotary has resulted in improvements to water supply and sanitation and most recently the Club has made a major contribution to education outcomes in Ossu by providing numerous scholarships at secondary and tertiary level. That support is valued by the whole community, and will have long term benefits.

ABOUT ROTARY

Paul Harris

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul Harris.

Rotary is a worldwide organisation of business and professional leaders that provides humanitarian service, encourages high ethical standards in all vocations, and helps build goodwill and peace in the world. More than 1.2 million Rotarians belong to over 35,000 Clubs in 210 countries and geographical areas. Rotary Club membership represents a cross-section of the community's business and professional men and women. The world's Rotary Clubs meet regularly and are non-political, non-religious, and open to all cultures, races, and creeds.

The Rotary motto is ***Service Above Self.***

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ADVANCE AUSTRALIA FAIR

Australians all, let us rejoice,
For we are one and free,
We've golden soil and wealth for toil
Our home is girt by sea;
Our land abounds in nature's gifts
Of beauty rich and rare;
In history's page, let every stage
Advance Australia Fair.
In joyful strains then let us sing
Advance Australia Fair.

ROTARY THANKS

For the community, friendship, and
the opportunity to serve through Rotary,
we give thanks.

THE FOUR-WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
