TONIGHTS MEETING - 9 MAY 2023

Special General Meeting; 9 May 2023

To consider and adopt the latest RI Club Constitution for NSW and bylaws.

See details on page 5.

Guest Speaker. Commander Ray Rees RAN (ret.)

13 July - 1942 Japanese Submarine Attack

On 29 May 1942, five Japanese submarines gathered outside Sydney Harbour. The war was about to come to Sydney. Three midget submarines were launched but only one managed to fire its weapons, one of which sunk the ferry HMAS Kuttabul, an accommodation vessel moored at Garden Island. Twenty-one sailors lost their lives.

Ray's talk will explain what happened, how it happened and will briefly consider the aftermath.

After spending over thirty years in the navy, joining as an apprentice, Ray retired as a Commander Engineer and has continued his interest in marine matters by volunteering with the Sydney Heritage Fleet restoring and crewing in a range of heritage vessels.

Some photos (black and white) are shown on page 7.

FROM YOUR PRESIDENT

I am sure that all of us will agree that the youth in rural areas of Australia face difficulties in obtaining a good education and subsequently, good career opportunities. They need help in addition to that which is supplied by the State government and their magnificent, dedicated teachers.

The Rotary Club of Turramurra assists the public school at Moree and we provide some financial support for their project. The Rotary Club of Belrose assists the public school at Peak Hill.

I am suggesting that our club provides some assistance to the Yeoval Central School.

Yeoval is a small town 340 kms North West of Sydney on the cross roads between Dubbo, Wellington and Parkes. I have an interest in the town because my great grandparents on my father's side, and their 11 children, lived there in the 2nd half of the 1800s and early 1900s but none of the family remain. The lure of the Big Smoke. Two (2) of their daughters married teachers who were stationed there and moved on with them to their next posting.

I can state with reasonable confidence that my Great Grandfather initiated the schooling of the children of Yeoval when he was the manager of the nearby Goodrich gold mine. In 1876, when the population of that mining community was about 700, a school was opened with 45 pupils. The school at Yeoval was not opened until 1883, some 7 years later.

Nick Brook [a member of our club], Shane Waddell [a former member of the Roseville Chase club], a couple of other desperates and I stayed overnight at the one and only hotel in the town, the Royal, during an outback trip in May 2021. The hotel was owned by my ancestors for many years.

I have recently made initial approaches to the school at Yeoval and in mid March I received an email from Helen Tremain, the Head Teacher Secondary Studies which read, in part;

"I thought I would begin by giving a brief overview of our school. We have approximately 100 students from kindergarten to Year 12 with a 50/50 spread between primary and secondary. Our indigenous population is around 30%. Our students come from a relatively low socio-

economic background which sometimes impacts their educational opportunities. We still have a strong partnership with the Western Access Program which has spanned over 30 years but have progressed from the original telematics to Microsoft Teams which is much more convenient and far less clunky.

In regards to how you may be of assistance to our school, I have heard great things about the Peak Hill model and would be open to exploring that with you a little more. I would also like to be able to put our Years 10 – 12 students through mock interviews in preparation for the work force. Our school is also a BYOD (Bring Your Own Device). All students from Year 7 – 12 are expected to have a lap top which is subsidised by the school. Very rarely, this is out of the reach of some students, and it would be beneficial to be able to source some donations to assist these students. From a practical viewpoint have only needed to do this twice in the last 10 years.

Thank you again for making contact. Yeoval Central School would be delighted to be able to forge links with your club and look forward to developing opportunities to do so”.

Helen mentions the Peak Hill project. This is a hands-on project where a group of members of the Belrose club make annual visits to the town, stay for a few days, and mentor the senior students in a variety of ways to prepare them for life after they leave school, including mock interviews. It does not have to provide much money. One of my grandsons and I assisted Belrose during a visit to Peak Hill a few years ago and we were most impressed with what they were doing.

I have raised this matter with the Board of our club who have expressed an interest in pursuing my suggestion but would like to hear more about what help we can give.

Warren McGurgan, a former member of the Roseville Chase club, but now a member of the Belrose club, is heavily involved in the project. He will attend our meeting on the 23rd May to explain more about what is involved.

If the members of our club show interest in our assisting the Yeoval Central School I will drive to Yeoval during the next month or so and further discuss the matter with the teachers and then be more specific about my suggestion.

SPECIAL GENERAL MEETING

9th MAY 2023

Notice was given on 13 April by Arthur Marshall, Hon Secretary, of a Special General Meeting on Tuesday 9th May 2023. The purpose of this meeting is to adopt the 2022 Standard Rotary Club Constitution (NSW) and revised Club By-laws.

Copies of the 2022 Standard Rotary Constitution and draft By-laws were previously sent to members and they were discussed at the Club Forum on 14th March 2023. If you require another copy please contact Ross Symons.

Note:

BACKGROUND

District previously advised that following the 2022 Council on Legislation, legal counsel was engaged by the RI South Pacific & Philippines Office to update the Standard Club Constitution to meet the requirements of the NSW Associations Incorporation Act 2009 and the Associations Incorporation Regulation 2022.

The following documents were forwarded to clubs by District;

- 2022 Rotary Standard Club Constitution (NSW)
- Bylaws template to accompany the Constitution.

Rotary Standard Club Constitution (NSW). There are 2 parts;

The first part (Articles 1 to 20) is produced by Rotary International further to the Council on Legislation.

The second part (Articles 21 to 32) has been inserted to meet the requirements of the Associations Incorporation Act 2009 and the Associations Incorporation Regulation 2022. The 2022 Rotary International Standard Club Constitution, was previously circulated for information at the Club Forum on 14 March 2023, The Constitution must be adopted by the Club.

Draft Bylaws. Clubs were encouraged by District to adopt the Bylaws template recognizing the ability of Clubs to amend it to fit a club's needs.

The draft bylaws were also circulated for information at the Club Forum..

The additions and amendment to the Bylaws template were in blue typing.

Much of the existing bylaws concerning meeting procedures at, and for, both General and Board meetings, detailed duties of Officers, detailed lengthy description of some existing bylaws, have been simplified or deleted. In other cases some have been expanded for clarity, or to avoid any confusion and to reflect some of the special provisions for our club.

The draft by-laws may be amended, if necessary, at this special meeting before adoption.

DAVID ATKINSON

Topic- “How Can it be Poetry if it Does Not Rhyme

David Atkinson is a retired lawyer and also a former Rotarian. His story is inspirational. Having read poetry from time to time over the years, he didn't find his passion and ability until he started to write in 2013. He is now one of Australia's foremost poets and is internationally acclaimed for his work.

His poems have been published widely in Australia, the USA and the UK. Among other awards, David has been the winner of the Ros Spencer Poetry Prize and of the FAW Jean Stone Poetry Award. In addition, his poems have been Commended in the WB Yeats Poetry Prize and in the Melbourne Poets Union International Poetry Competition.

David is a poet of memory, the human condition and the natural world. He takes as his topic “How Can It Be Poetry If It Does Not Rhyme?”

He has an excellent website <https://davidatkinson.com.au/> which includes many of his poems and reviews of his work.

Maybe there is a little bit of the poet in all of us?

LAST MEETING - 11 APRIL 2023 PRIDE OF WORKMANSHIP SCHEME AWARDS

Pride of Workmanship Awards – “Do it Once, Do it Well – Build a Better Australia”

Forty attendees witnessed Willoughby City Council Mayor, Cr. Tanya Taylor, co-presenting Pride of Workmanship awards with our President Norm on 11 April.

Awardee Julie Singe was nominated by The Residences Castle Cove Manager, Patrick O’Neill, and awardees, Cok Putra Wibhisana Marga (Wibhi) and Putu Shita Laksmi Putri Indrawan (Shita) were nominated by the Fresh As A Daisy Home Services Director, Fiona Carter.

Unfortunately, Patrick was on leave in Western Australia and both Wibhi and Shita were not able to attend on the evening because of classes they couldn’t miss.

Guests first heard from PP Bruce Carfrae, who deputised Patrick, that Julie is not just very diligent and efficient but also able to consistently handle resident enquiries with ease and professionalism.

Fiona then shared why she feels honoured to have Wibhi and Shita on board. Both are dedicated, valued and an integral part of her small business. Additionally, the kindness this team of two show to customers is truly commendable and their work ethic despite having to work during the day and study at night is exemplary.

Congratulations Julie, Wibhi and Shita!

VISIT TO ANZAC MEMORIAL, HYDE PARK - 18 APRIL 2023.

On 18 April, nineteen Rotarians, partners and friends attended the 'Devoted Service' Performance and Tour from 5.00pm to 6.30pm. This was followed by a majority showing up for dinner at the nearby Mazzaro.

Taken to the Memorial's theatrette on arrival, we were transported by a short film into Sister Mary 'Margorie' Marr's autograph book wherein she had collected the signatures, poetry and musings of the soldiers who returned to Australia to recover from the trauma of Gallipoli.

'Devoted Service' then immersed us in four different experiences of war. The performance by Sophia, an actor with the memory of an elephant, featured actual words and personal accounts from the diaries and letters of three nurses and a matron: Clementina Marshall, Muriel Wakeford, Alice Cashin and Evelyn Wright. The courage and conviction of these women were simply remarkable. For example, Alice refused to leave the torpedoed and sinking HMHS Gloucester Castle until all her 399 injured men and 33 nurses were safely on lifeboats!

At the conclusion of the performance, Tristan, Head of Learning, took us on a tour which included the opportunity to explore the nurses' personal objects on exhibition. Besides the heritage building and its sculptures, there are medals, badges, uniforms, field equipment, photographs, documents, manuscripts, famed works and books to tell the personal stories of servicemen and servicewomen, and their families.

Go and see things for yourself if you haven't been there and if you have, you would probably want to visit the Anzac Memorial again it is vast downstairs and still has plenty of room for expansion because it is underneath the large Hyde Park!

Peggy Yu

Vocational Service Director.

REPORT FROM IAN GARRARD “GOLDEN NEEDLE PROJECT”

Folks,

I received a request from our Turkish partners in the ‘Golden Needle’ Global Grant program, currently running.

I have provided the message below as some interpretation is needed:

“ Hi ian

We are planning to prepare a presentation video for golden needle project.

Our aim is to send the video to power of godness video competition of international rotary and also to have a documantary outcome of the inspiring project .

There will be some short interviewss of the project creators.

Could you pls take a vertical and to me .

You may tell what was your inspiration to be the project partner and what was the core point of the project which impressed you mostly .

You video shud be app 1 minute.

Thank you in advance

B rgds”

So, after some discussion with President Norm and recognising a minute duration, a script was written focusing on the aspects of the project that “impressed” the most, vis:

- Improving economic outcome of disadvantaged women and assurance of post-graduation employment through the Aegean Clothing manufactories groups;
- the sustainability aspects through an MOU with Izmir Council to supply rooms, run course as well as cover repairs and replacement of equipment; and
- Project monitoring, jointly through both our Rotary Clubs.

John Hartley was good enough to do the filming after a recent Rotary meeting and edit down to a minute. A disc was generated but how to get it to Türkiye?

Enter Ian Robertson who set up IT links first to myself and then to Türkiye.

My great appreciate to both John and Ian who, without their inputs, the video would never have materialised nor be transported to our Turkish partners. In thanking Ian for his help, he made the poignant observation ‘...*he was happy to help, as that is why we are in Rotary*’.

Let’s hope the Golden Needle presentation has some success in the International Rotary competition.

Regards

Ian Garrard

CREATING SUSTAINABLE COMMUNITIES IN SRI LANKA GLOBAL GRANT PROJECT

Contributed by Peter Kindred.

Some photo's & report below for our Global grant of sustainable communities in Sri Lanka. We are the International Rotary club partner on this global grant where we are building 110 toilets & 6 shower facilities. We have been invited up as a club to visit in December this year.

Greetings from Rotary club of Negombo, Sri Lanka. We are grateful to you for your generous financial contribution and guidance towards this project. We are also thankful to the members of RC Chatswood Roseville for being the International partners for this project.

As you are aware there were unexpected delays in starting the project owing to the financial crisis that our country was experiencing. We are pleased to note that we managed to start the project in Dec. 2022 after obtaining approval from TRF for revising the budget and adjusting the quantity of toilets to be built.

We have already engaged a contractor to start the construction of toilets. The contractor was given the responsibility to construct toilets in batches consisting of 10 toilets per batch. We paid 50% of the cost of building 10 toilets to the contractor to start the construction work. 45% of the amount would be paid upon them completing the 1 batch. The payments were made through our community partner "Troup Estate workers Housing Co-op Society". The Plantation Human Development Trust which is a Semi-Government trust took the responsibility to inspect the construction work. The payment would be made only after their Engineering Assistant visits the place and certifies the payment. The remaining 5% of total will be retained for 3 months as a guarantee.

The contractor has already completed the construction of 10 toilets and the construction of the next 20 toilets are in progress. We are planning to begin the Capacity building training for Public Sector Midwives from the last week of April onwards. We hope to complete the project and hand it over to the beneficiaries by Dec. 2023. We take this opportunity to invite you to Sri Lanka during the handing over in Dec. 2023.

Thanking you,
Mohan Fernando,

This annual scholarship was inaugurated in memory of Gordon Waterhouse, a highly esteemed member of the Rotary Club of Chatswood, who dedicated his life to both music and service above self. The scholarship honours Gordon's memory and provides an opportunity for young musicians to be recognised for their performance excellence, citizenship and their service to music within their school. The Scholarship also raises awareness of Rotary among our young citizens and fosters Rotary ideals of service. Three men were sentenced to be executed by guillotine; a priest, an astronomer, and an engineer.

First was the priest and he asked that he face upwards so he could look at Heaven and his Creator. His wish was granted and the blade fell, but stopped 1 centimetre from his neck. The executioner said since the guillotine spared him, so was his life, and he was allowed to leave.

Next was the astronomer and he asked that he also be allowed to face upwards to look to the stars before his death. Again the guillotine stopped just short and his life was spared as well.

The engineer was last and he too asked to face upwards given what happened with the previous two. As he lay there, he looked up at the guillotine mechanism and said, "Aha, I see the problem!".

A burglar broke into a house one night. He shined his flashlight around, looking for valuables, and when he picked up a CD player to place in his sack, a strange, disembodied voice echoed from the dark saying, "Jesus is watching you."

He nearly jumped out of his skin, clicked his flashlight out, and froze. When he heard nothing more after a bit, he shook his head, promised himself a vacation after the next big score, then clicked the light back on and began searching for more valuables. Just as he pulled the stereo out so he could disconnect the wires, clear as a bell he heard, "Jesus is watching you."

Freaked out, he shined his light around frantically, looking for the source of the voice. Finally, in the corner of the room, his flashlight beam came to rest on a parrot. "Did you say that?" He hissed at the parrot.

"Yep," the parrot confessed, then squawked, "I'm just trying to warn you."

The burglar relaxed. "Warn me, huh? Who in the world are you?"

"Moses," replied the bird.

"Moses?" the burglar laughed. "What kind of stupid people would name a parrot Moses?"

The bird promptly answered, "Probably the same kind of people that would name a Roweiller "Jesus"!"

ADVANCE AUSTRALIA FAIR

Australians all, let us rejoice,
For we are one and free,
We've golden soil and wealth for toil
Our home is girt by sea;
Our land abounds in nature's gifts
Of beauty rich and rare;
In history's page, let every stage
Advance Australia Fair.
In joyful strains then let us sing
Advance Australia Fair.
