PRIDE OF WORKMANSHIP AWARDS NIGHT

At Beecroft Bowling Club, Copeland Road, Beecroft

Chairman: Pat Parker

Reporter: David Firth

Meeting Report – Monday 6th May, 2019

The meeting was called to order by President Adrian who then regaled us with his “on this day” segment.

Pat Parker provided an update on preparations for the “Meals from the Heart” project with Ronald McDonald House on the 12th June noting that about 10 people would be needed. Theo Glockemann noted that thinking re events that could be held in conjunction with the opening of the North Connex tunnel was continuing with another meeting with interested Rotary Clubs expected this coming Thursday.

Theo also provided an update on preparations for The Red Shield appeal.

The remainder of the evening was scheduled to assemble collection kits for the appeal, but as materials had been provided for 100 collectors this was accomplished quite quickly.

Who is Jay?

Jay was just 32 years old when he was diagnosed with melanoma. He was your typical Aussie bloke – a husband, dad, son and mate to many. Overnight he went from being a truck driver to a cancer patient.

Jay underwent immediate surgery and treatment. 10 years on he is fighting fit, and is now fighting for another cause - to help raise awareness and find a cure for melanoma which kills one Australian every five hours.

Jay is a proud team member of Melanoma Institute Australia, with his other epic treks including:

- 2014 Sydney to Melbourne
- 2017 Brisbane to Sydney

The walk kicked off on 31st March at Henley Square in Adelaide, via Melbourne, Canberra, Wollongong and will finish 2,000kms, 50 days later on the 19th May in Sydney.

Follow Jay's Longest Melanoma March on social media to learn more about melanoma, information on how you can get free skin checks, view videos from celebrity ambassadors and track Jay's progress throughout the march.

You may recall that we had Jay Allen as our guest speaker at our meeting on October 26th, 2015. To date he has raised \$298,000 on this walk.

Jay is just 7 days & 244kms away from finishing as this picture depicts
