## **GUEST SPEAKER**

**JOHN CUTLER**

**THIRD GENERATION BESPOKE TAILOR**

John had first joined the company J H Cutler, in 1965. Other than a couple of years spent in London learning the business and studying at the Tailor and Cutter Academy, he had worked in the family firm all his adult life.

He assumed the responsibility for cutting in 1972, which evolved into Business Principal, Designer and Cutter in 1976. With over 50 years experience of high-end bespoke tailoring it is a position he still holds to this day.

The **story of J.H. Cutler** began in the mid 1800s, when the Cutler family, originally from the English Midlands, emigrated to Australia. Joseph Handel Cutler, an engineer by trade, found work in Ballarat during the time of the Victorian Gold Rush.

At that time his eldest son, also named Joseph Handel Cutler, was only six years old. His mother Matilda was an accomplished dressmaker having owned and run a successful business in Staffordshire, employing and building a solid clientele.

It was at her feet that young Joseph learnt his design and cutting skills. He moved to Sydney and in 1884 established his first J H Cutler shop at 70 King Street in the heart of the city.

John was featured in Leo Scofields column in the NST 6 issues back.

## PRESIDENT RICHARD GREEN'S REPORT

Thank you all the members, their partners and friends of Rotary for your work last week.

The breakfast at Roseville Public School was the usual smooth operation with approximately 500 people being fed.

Bunnings was disappointing with only about \$550 profit. I was on the middle shift and we had a steady flow of customers. The other two shifts must have been slow.

The District Governor was at the last meeting and gave a presentation of her aims for the district for this rotary year. It was good to have the ADG, Trish Wetton, present as well and the DG's offside, Geoff Brennan. He spoke about the 2020 conference to be held in Wollongong from 20 to 22 March.

Five boys from Shore gave an interesting talk on what they gained from MUNA. It was not just a description of the proceedings. It was a pity that the team representing the USA at the District MUNA did not win at the National competition as they did a few years ago. The standard at the national level is exceptionally high. We would like to thank the teacher John Meakin for the effort he has put into our activities over the years.

The next meeting should be interesting and different with John Cutler, a top quality tailor, speaking about his family business.

On the 24 September we will hear George Ayoub, a Rugby Technical Match Official, speak on the Rugby World Cup whilst it is happening in Japan. Anyone interested in Rugby will find this an informative and entertaining evening. Invite your friends.

So far we have 1 sponsor and some prizes for the Golf Day - see page 6 for details. We need more sponsors and prizes.

A Roster will shortly be prepared and published in the Bulletin, for the 6 months next year, of when you are responsible for securing a guest speaker for a meeting. Please check it and give the details of your guest speaker to Ross well in advance.

Richard Green  
President.

## **BUNNINGS BBQ SCHEDULE; Sunday 13 October; Chatswood**

**NEXT MEETING - 24 SEPTEMBER 2019  
SPECIAL GUEST SPEAKER GEORGE AYOUB TECHNICAL  
MATCH OFFICIAL  
PRIOR RUGBY WORLD CUPS**

### **A NIGHT NOT TO BE MISSED**

George Ayoub will be our special guest speaker at our regular meeting on **Tuesday 24 September** (just after Australia's first Pool game against Fiji on 21 September in the second week of the World Cup and just before their most important game against Wales on 29 September).

George is one of the most senior professional referees in World Rugby. He is currently a member of the Super Rugby panel for Technical Match Officials (known as TMO). **However he will not be an TMO at this years World Cup, in Japan.**

Born in Sydney, George trained as a teacher and took up refereeing in 1990 when he was a schoolmaster at St Patrick's College, Strathfield. By 1995 he was refereeing senior rugby in Sydney and he was selected on the Australian referees panel in 1996. He made his Super Rugby debut in May 2000, refereeing a Super 12 match between the Sharks and Chiefs in Durban.

George was appointed to his first Test in May 2002 between Japan and Tonga, and went on to referee 3 Tests and 17 Super Rugby matches before he retired at the end of 2007. In 2008 he returned to international rugby as a TMO. He has been the TMO for a number of games at the World Cup. He has also officiated as the TMO in Test Matches including the recent 2017 drawn series in New Zealand against the British Lions.

**PLEASE CONSIDER INVITING YOUR PARTNERS AND FRIENDS TO THIS  
SPECIAL NIGHT.**

## LAST MEETING - 27 AUGUST 2019 DISTRICT GOVERNOR KALMA McLELLAN 2019 MUNA TEAMS

### **DG Kelma McLellan**

Kelma provided us with a personal background of her history leading up to her reaching the pinnacle of Rotary in our District.

Her exposure to community service came through her father's involvement as an Apexian at Manly and then as a Rotarian at Blacktown Rotary Club. That exposure encouraged her to become a Rotoractor at Mosman before joining Rotary.

Kalma outlined what life is like as one of 21 DG's around the country, and how they network for a single purpose. One of her passions is Purple House, an indigenous health assistance and educational service, and expressed her delight in being able to contribute to the funding of an indigenous health worker with Purple House. R. I. President, Mark Maloney's theme for 2019/2020 is "Rotary Connects the World", and DG Kalma covered a number of ways in which Rotary in our District can connect with the community through such things as;

- use the classification system and changes as a recruitment tool
- informing the community of what we do as Rotary, and why we do it so they better understand our purpose
- using professional links to build growth
- developing the Corporate and Friends of Rotary membership
- using the world wide Rotary brand to create community awareness

Kalma, with the assistance of Rtn Geoff Brennan, encouraged our attendance at the 2020 combined District 9675 and 9685 District Conference.

### **Email From DG Kalma.**

Hi Richard

It was a lively and entertaining night and I thank you very much for allowing me some time to share. The Shore boys certainly have some talent between them - wonder what they will all be up to in 5 yrs time???

Thank you for your hospitality - I really appreciate it!

Rgds

Kalma

### **MUNA 2019 participants**

The 5 SHORE students our club sponsored to MUNA 2019 gave us an individual insight into what their participation in MUNA had taught them, how they approached their roles and the benefit of their experience.

Some of the interesting observations they made were;

- MUNA is not a debate - its a platform for convincing others of a “realistic” position taken which may not be factual.
- an art of compromise and negotiating with other teams is critical in swaying other participants to support your teams position.
- At the National level the quality, passion and conviction of participants was exceptional and instructive.

Our Team who won the District MUNA participated in the National MUNA in Canberra during August, performing very well but were not successful in winning.

Each of the students displayed self confidence, accomplished public speaking talents, and an ability to convey their messages very clearly, succinctly and with humour.

# AN OLD DOBERMAN

An old Doberman starts chasing rabbits and before long, discovers that he's lost. Wandering about, he notices a lion heading rapidly in his direction with the intention of having lunch.

The old Doberman thinks, "Oh, oh! I'm in deep shit now!"

Noticing some bones on the ground close by, he immediately settles down to chew on the bones with his back to the approaching cat.

Just as the lion is about to leap, the old Doberman exclaims loudly, "Boy, that was one delicious lion! I wonder, if there are any more around here?"

Hearing this, the young lion halts his attack in mid-stride, a look of terror comes over him and he slinks away into the trees.

"Whew!," says the lion, "That was close! That old Doberman nearly had me!"

Meanwhile, a squirrel who had been watching the whole scene from a nearby tree, figures he can put this knowledge to good use and trade it for protection from the lion. So, off he goes.

The squirrel soon catches up with the lion, spills the beans and strikes a deal for himself with the lion.

The young lion is furious at being made a fool of and says, "Here, squirrel, hop on my back and see what's going to happen to that conniving canine!"

Now, the old Doberman sees the lion coming with the squirrel on his back and thinks, "What am I going to do now?," but instead of running, the dog sits down with his back to his attackers, pretending he hasn't seen them yet, and just when they get close enough to hear, the old Doberman says.....

"Where's that squirrel? I sent him off an hour ago to bring me another lion!"

Moral of this story...

Don't mess with the old dogs...

Age and skill will always overcome youth and treachery!

Bull Shit and brilliance only come with age and experience.

## **President Ronald Reagan**

During his time as President of the United States, Ronald Reagan revealed he was developing a new hobby. He said he was actually collecting stories that he could actually prove are being told among the Russian people. They make them up themselves and tell them between themselves, and reveal they have got a great sense of humour and got a little cynical attitude about things in their country.

### **Running the Country**

This story was an American and Russian were arguing about their two countries. The American said, " I can go into the President's Oval Office, pound the desk and say, Look I don't like the way your running our country ".

The Russian said, "I can do that"

The American said "You can ?"

"Yes", said the Russian. I can go into the Kremlin, into the General Secretary's Office, pound on the desk, and say "Mr General Secretary, I don't like the way President Reagan is running his country".

### **Buying an Automobile in Russia.**

There is a ten year delay in the Soviet Union in the delivery of an automobile. You go through quite a process when you are ready to buy, then you put up your money in advance.

This guy lay down his money, and the fellow who was in charge said, "Ok then, now come back in ten years and get your car".

And the guy said, "Morning or afternoon?"

The fellow behind the counter was amused and said, "Well ten years from now, what does it matter?"

The buyer said, "Well the plumbers coming in the morning".

### **Booking Drivers**

Less than one in seven families in the Soviet Union own a vehicle. Most of the automobiles are driven by the bureaucrats.

So an order went out one day to the police that anyone caught speeding, anyone, no matter who, gets a ticket.

Well Gorbachov comes out of his home, his dicta, he was late getting to the Kremlin. There was the driver and his limousine waiting. He told the driver to get in the back, he would drive.

Down the road went Gorbachov.

They passed two motor cycle cops. One took off after him, and pretty soon was back to his buddy, and his buddy said, "Well did you give him a ticket?"

The other said "No". His buddy said "Well why not?"

"Oh" he said "Too important, too important".

"We are told to give anyone a ticket no matter what or who it is", said the buddy.

"No. No. I couldn't, too important" said the first.

"Who was it " asked the buddy.

"I don't know, I couldn't recognise him, but his driver was Gorbachov"

## ABOUT ROTARY

*Paul Harris*

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul Harris.

Rotary is a worldwide organisation of business and professional leaders that provides humanitarian service, encourages high ethical standards in all vocations, and helps build goodwill and peace in the world. More than 1.2 million Rotarians belong to over 35,000 Clubs in 210 countries and geographical areas. Rotary Club membership represents a cross-section of the community's business and professional men and women. The world's Rotary Clubs meet regularly and are non-political, non-religious, and open to all cultures, races, and creeds.

The Rotary motto is ***Service Above Self.***

## ***OBJECT OF ROTARY***

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## ***ADVANCE AUSTRALIA FAIR***

Australians all, let us rejoice,  
For we are young and free,  
We've golden soil and wealth for toil  
Our home is girt by sea;  
Our land abounds in nature's gifts  
Of beauty rich and rare;  
In history's page, let every stage  
Advance Australia Fair.  
In joyful strains then let us sing  
Advance Australia Fair.

## ***ROTARY THANKS***

For the community, friendship, and  
the opportunity to serve through Rotary,  
we give thanks.

## ***THE FOUR-WAY TEST***

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
