**TONIGHT WE WILL BE VISITED BY THE CHATSWOOD ROTARY CLUB
GUEST SPEAKER**

Michael Were was appointed as General Manager in 2009. He was the first full-time staff member for the organisation. Prior to joining Open Heart International, he spent 13 years in the insurance industry in various sales and relationship management roles. At the same time, he was volunteering with a number of not-for-profit organisations focused on supporting at risk children in developing countries.

He is responsible for the coordination of all our activities in Australia including fundraising, marketing, relationship management, inventory, planning, reporting and governance.

The Story - Open Heart International

Open Heart International is a volunteer driven organisation. It was established in 1985 by Mr. Russell Lee, Mr. Rudi Morgan and Dr. John Wallace as volunteers, who all worked for Sydney Adventist Hospital at the time.

The genesis of Open Heart International was in an Intensive Care Nurse's visit to Tonga to see his missionary parents. After witnessing the lack of surgical options for those dying of rheumatic heart disease in Tonga, Russell returned to Australia determined to make a difference.

It was from this desire to make a difference in Tonga that led to the initiation of "Operation Open Heart for Tonga" by the three men, and was strongly supported by many others. By 1986, they had succeeded in fundraising, secured the acquisition of equipment, and had coordinated a small group of Sydney Adventist Hospital medical and nursing staff.

Today, hundreds of volunteers with extraordinary passion and commitment, give freely of their time and expertise in multiple surgical specialties to provide hope to thousands living in developing countries. These patients dream of the quality healthcare that we sometimes take for granted here in Australia.

PRESIDENT RICHARD GREEN'S REPORT

Last meeting we had Norm's nephew ,Rhett Gibson speak.It was interesting to hear how hard you can push your body for the enjoyment of running, the physiological approach to a major race and the satisfaction of the results .He is running less in major races but still runs 17 kilometres for fun on some days.

After Rhett ,Michael gave us the details for the fun run. He had everything well organised

The highlight of the evening was the presentation of a Paul Harris Fellow to Michael in recognition of the work he has put into rotary and in particular the fun runs.

The fun run was run on Sunday 29 July in perfect conditions and while the numbers were down we had 396 registrations and the profit will be about \$2900.Of the 396 runners about 360 completed the course.Of the takings \$500 was taken at the BBQ and \$75 at the fruit stand.

Our next speaker is doctor Michael Were talking on Open Heart International. Chatswood Rotary club will be visiting us.

Duncan,Suzie and Caroline Viola will be joining us for the Christmas party .

The farewell to Stuart, Sandie ,Ted and Meg will be held on 25 September after Ted's return from his holiday. We would like a good turn out for both these events

We have the Roseville Public School Fathers Day breakfast on Friday 31 August. We are also assisting with fund raising for the drought on Sunday 26 August at Chatswood Chase. Saturday 1 September will be a busy day as we also have Bunnings and collection for the farmers at Willoughby Spring Fair on the Saturday.

Sue Ward is still looking for two people for the trivia night on Saturday 25 August. The answers to questions raised at the meeting on the 17 July are as follows;

- Chatswood club will have meetings before mid August to discuss the future of their club
- There is a method to transfer all members of a club to a new club without any one resigning
- The financial situation of both clubs is similar.

We have agreed to contribute \$2000 to Richard Wilmott in a car bush run which is raising funds to go to prostate cancer research. (See page 12 for details)

Thank you all members and partners for the excellent effort you put into the fun run ,especially Michael.

Richard'.

MICHAEL HARROWELL - PAUL HARRIS FELLOW

Fun run organiser extraordinaire, Michael Harrowell is presented with his Paul Harris Fellow recognition by President Richard Green, for his exceptional work and contribution to the Club's annual Fun Run over the last three years.

CONGRATULATIONS MICHAEL - WELL DESERVED.

RESIGNATION 28 JULY 2018- UMESH BHARGAVA

It was disappointing to receive the following correspondence from Umesh.

"I have continued my membership in the hope that I would be able to more actively participate in Rotary's activities. However I have not been able to do so as my work routine is erratic and unpredictable. While the desire is to continue to actively participate but the reality has been otherwise. In view of above I would like to resign from the club and remain as a friend of Rotary for the time being. Maybe in the future I might rejoin Rotary actively."

Kind regards,
Umesh

APOLOGIES AND GUESTS

NEXT MEETING - 28 AUGUST 2018 MUNA ATTENDEES PRESENTATION

Our Club sponsored three teams, two from SHORE and one from Chatswood High to the MUNA event recently.

Representatives of the teams will be attending the meeting on 28 August to present about their experience.

MEETING 23 OCTOBER 2018 DONATE LIFE GUEST SPEAKER– PROFESSOR PHILIP O'CONNELL

Our 22 May Bulletin included a very interesting story, from the May 2018 issue of Rotary Down Under of a kidney organ donation to the grandson of Maurie and De Stack, from Taree. Maurie, a lawyer, is a friend and colleague of Neil Howie.

As a former District Governor, Maurie is seeking to mobilise all Rotary Clubs in Australia to urge families to register and discuss their organ and tissue donation decisions to help save more lives.

We are very fortunate to have Professor O'Connell as our Guest Speaker, an international expert on organ transplant research and on the critical need for organ and tissue donations. More than 1500 Australians are currently awaiting transplant treatment.

Professor O'Connell is a Professor of Medicine at the University of Sydney, Director of Transplantation at Westmead Hospital and a founding Director of the Centre for Transplant and Renal Research at the Westmead Institute of Medical Research

Professor O'Connell is a Past President of the international professional body - The Transplantation Society and was a guest speaker at the Rotary International Convention in Seoul in May 2016.

He was a member of the Australian Government Organ Donor Task Force that recommended the establishment of the Australian Organ and Tissue Authority to oversee organ donation in Australia. He is committed to the establishment of ethical solutions to the world wide organ shortage.

This is an ideal opportunity for us, our families and friends to hear what we need to know about making a decision that may help save more lives.

Please bring as many visitors as you can to give this important speaker a strong audience. Let Avis or Neil know if you intend to bring guests as soon as you can so that we can have an early gauge of numbers.

SUPPORT FOR PROSTATE CANCER FOUNDATION OF AUSTRALIA

The Board has considered the following request from PP Richard Wilmott, and decided to donate \$2,000 to the cause.

"I am joining a mate of mine (Ross Alexander) in a week long 4 wheel drive outback car rally to raise money for the Prostate Council Foundation of Australia. Ross (a past member of the RC of Northbridge) is a prostate cancer survivor. To put something back into the organisation he has volunteered to organise a car rally. He has completed 23 other "bashes".

This years rally commences in Cobar on the 22nd of September and finishes in Broken Hill a week later. The rally travels through Cobar - Tibooburra - Innamincka - Birdsville - Big Red - Simpson Desert - Marree - Wilpenna - Broken Hill.

Each car is required to raise money and thus my appeal to the Rotary Club of Roseville Chase. All donations are made direct to the PCFA. This particular event is raising money specifically to help fund a Nuclear Medical Trial which if successful, will dramatically improve the prognosis for men with advanced prostate cancer, particularly those whose cancer has spread from the prostate to other parts of the body. The clinical trial will select 200 men using this new technique at a cost of \$20,000 per person, thus requiring a budget of \$4,000,000, a sizeable sum indeed. The PCFA seeks to raise half this money and the Car Rally is but one of a number of fund raising events to achieve this end.

The research to-date has produced very encouraging results and those involved are very enthusiastic about the potential to improve the outcome for those unfortunate to be cursed with this horrible disease.

The expenses of the trip (i.e. vehicle costs, accommodation, meals etc) are born entirely by the individuals themselves and 100% of the donated money goes to the PCFA.

There will be about 40 cars participating in this rally, the first of what we hope will become a regular annual event.

I am hoping that you guys will support us by donating a worthwhile amount to our fund raising appeal.

Many thanks for considering my request and good luck with the Club's plans for the future".

Richard Wilmott.

HELP OUR STRUGGLING FARMERS

Monetary Collections

From
this
to
this

Our neighbour Rotary Clubs will have 2 drought monetary collections at Chatswood.

The 1st will be on **Sunday 26th August** at Chatswood Chase.

The 2nd at the Willoughby Street Fair on **Saturday 1st September**.

We will need as many members as possible to be shaking buckets to collect \$\$\$\$ out of people's pockets.

The 1st September is difficult for us as we also running a Bunnings BBQ on this day, so it will be ALL HANDS on deck with no excuses. Some may need to do double shifts, we have 2 positions at the BBQ that is ideal for those who are less mobile.

For both collections at Chatswood Chase and the Street Fair a roster will be circulated, and as usual Pam Campbell will do the one for the Bunnings BBQ. Please don't delay in responding.

Monies raised will go to the Chatswood Rotary Club's Benevolent Fund. They will issue tax deductible receipts.

All clubs' collections will finish by the 1st November deadline.

Once \$15,000 has been raised, \$10,000 of this will go towards buying and transporting one semi-trailer load of hay bales through Burrum Buttock Hay Runners. This is the same organisation that transported many trailer loads for the Rotary Club of Sydney.

The balance of \$5,000 will be used to purchase IGA Food Vouchers. This will be distributed by the Rural Financial Counselling Service (RFCS) Central Region who will allocate IGA Food Vouchers to families in North and West regions of NSW.

There are IGA stores in most country towns.

Your attendance and help would be most grateful.

DROUGHT RELIEF FUND FOR AUSTRALIAN FARMERS RAWCS PROJECT

District 9685 calls on all clubs and Rotarians to get behind the urgently needed district support program for stricken farming communities.
Details below on how to support the program-

SHORT TERM APPROACH

- Donations to the Australia wide RAWCS Account as seen on The Today Show on Channel Nine on Thursday 2/8/18. RAWCS Account 17-2018-19.
- Clubs encouraged to make donations (generous giving please) via District 9650 RAWCS account which offers tax deduction and will be matched \$ for \$ up to \$15,000.00. District 9650 is very, very drought affected.
- Donate via RURAL AID, which operates the Buy a Bale Program. There are two ways to support this program with Rural Aid, either by direct donations which can be directed to Feed, Groceries, Medical Assistance, Goods and Services (the donor can specify and area of support); and/or Buy a Bale, clubs can request money boxes to be placed in shops and at Rotary Functions. This approach will need a club 'champion' to collect and replace the money boxes. Contact for these options. Contact@ruralaid.org.au or www.buyabale.com.au
- Clubs can also donate to Sydney Rotary clubs Hay Appeal. The club sends convoys of semi-trailers with feed to the bush. The cost of a semi-trailer load is approximately \$14,000.

LONG TERM APPROACH

Clubs that have relationships with country communities are encouraged to continue to support via the short-term goals. The long-term plan is to provide moral and physical support to these communities.

- Possible club visits to hard hit rural areas to implement working “bees” for support around the farm and home.
- It is important to remember that it is not only the Farmers doing it tough but the small businesses and schools as well.

District 9685 has appointed Rotarian Barry Edmundson as our Coordinator. Barry is the “go to” person for information on where and when support is to be provided. Clubs are **STRONGLY** encouraged to advise Barry of their plans and actions.

We are working with other districts around the country as we strive to cover all critical situations as soon as possible.

Any and all support will be gratefully received at this time.

Other agencies providing support are CWA, Salvation Army Bush Schools education and the major Church organisations.

Goods either new or second hand are not a good idea, as we need to provide cash to support the small business in stricken areas.

Our Central Coast Rotary Clubs have been meeting to form a coordinated approach with the 5 clubs in their cluster.

Barry Edmundson’s email is jbedmundson@gmail.com.
Let’s all commit to this vital program immediately!

Susan Wakefield OAM
District Governor 2018-2019

We are making a real difference in the area of mental illness research. That's us, Australian Rotarians, through Australian Rotary Health and our **Lift the Lid** campaign.

While wishing you well in this year leading your Club, I ask you to go our website and see what wonderful research work is being done through ARH. Then, with your successor and your Club members, get involved and for at least the next few years, make Australian Rotary Health part of your Club's focus.

There are more and more charitable calls on our clubs each year, we know that, but also know that ARH is a great Australian Rotary program which has saved tens of thousands of lives since 1981, from cot death through to better mental health outcomes.

To those whose Clubs are already heavily involved, as Chairman I thank you on behalf of our Board of nine and our staff of seven. To those who have let ARH drop from your radar, I invite you to see what wonderful work is being done, from mental illness research through to our indigenous health scholarships.

Lift the Lid on Mental Illness is our national campaign which will be promoted to the general public in September and particularly October, mental health month. Adopt a Scientist is our new corporate and social media initiative encouraging public involvement in any of nine areas of mental illness research. Again, go on line and see what it's all about.

Why is mental illness prevention so important? When nearly one in two Australians suffer from a mental illness in their lifetime, half by the age of 14, and that more work hours are lost through mental illness than for any other reason, those statistics must not be ignored. Rotary is one of few organisations that can really change this in the future. Please encourage every one of your members to help us create through research a mentally healthier, happier Australia.

Warmest wishes for your year of leadership,
Gregory Ross
Chairman

ROTARTY LEADERSHIP INSTITUTE - NEW COURSE

The Rotary Leadership Institute is a great way to fill gaps in Rotary knowledge with interactive learning and workshops that get down to practical advice and guidance. Going beyond PETS and District Assembly, RLI enthuses Rotarians and is a proven retention booster. I recommend it to all Rotarians, but especially Club leaders on the Board and Committee chairs.

A new Course for 2018-19 is now open:

RLI 48 - Saturday 25 August 2018

Register at rli.rotarydistrict9685.org.au

The cost for the full course is \$75.

The benefits of doing RLI are many, so boost your knowledge and skills, and share your experience by joining in.

The two part course is held at our District Office, Thornleigh. Morning tea and lunch are provided. Each day starts at 8:00 for 8.15am and finishes around 4.00pm.

Here is what recent graduates had to say about the two day Rotary Leadership Institute Course;

Highly recommend RLI to all Rotarians whether new or old. The Rotary experience will be better for all of those trained in RLI.

Why did I wait so long? No nodding off, interest held all the time and thoughts provoked. As a result of attendance I will be more effective in my Club and I intend to invest more of my activities and talents in Rotary.

The better understanding of [course content] I hope will assist me with becoming a better President. I feel more confident that I will be able to plan the future of our Club and add additional value to Rotary.

ABOUT ROTARY

Paul Harris

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul Harris.

Rotary is a worldwide organisation of business and professional leaders that provides humanitarian service, encourages high ethical standards in all vocations, and helps build goodwill and peace in the world. More than 1.2 million Rotarians belong to over 34,100 Clubs in 210 countries and geographical areas. Rotary Club membership represents a cross-section of the community's business and professional men and women. The world's Rotary Clubs meet regularly and are non-political, non-religious, and open to all cultures, races, and creeds.

The Rotary motto is ***Service Above Self.***

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ADVANCE AUSTRALIA FAIR

Australians all, let us rejoice,
For we are young and free,
We've golden soil and wealth for toil
Our home is girt by sea;
Our land abounds in nature's gifts
Of beauty rich and rare;
In history's page, let every stage
Advance Australia Fair.
In joyful strains then let us sing
Advance Australia Fair.

ROTARY THANKS

For the community, friendship, and the opportunity to serve through Rotary, we give thanks.

THE FOUR-WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
