Tonight's meeting

Club Changeover. President Andrew will hand over to PE Duncan and we will celebrate the Club's many achievements over the last year and give a warm welcome to Duncan and his team.

We are honoured to have District Governor Gina Growden and her partner Harold (who is also a PDG) attend our Changeover.

Welcome to all Partners.

NATIONAL ANTHEM

President's Report for 2014-15

Looking back over the past 12 months I'd like to thank all the members of the Rotary Club of Roseville Chase for making the year so worthwhile.

I will leave it to the individual Director reports to detail all the events of the year, I just want draw your attention to a few of my highlights.

The Rotary 'chats' we have had at the beginning of each meeting from past Presidents has opened our eyes to the events and programmes the Club have run over the last 25 years. When we didn't have an PP to address us, the member that stood up gave us an idea of what being a Rotarian meant to them and this opened our eyes to the wide range of reasons for being a Rotarian there are.

The weekly rotation of the Sergeants role has given us an opportunity to showcase some hidden talent and thank you for all the members that embraced the challenge.

We have raised our profile at District and have been successful in winning District grants, we have participated in world Rotary through our support of the Turkish Rotary initiative in educating children and USA Rotary supporting their initiative for water and sanitation in Uganda.

We celebrated the 25th anniversary of the club in style and used the opportunity to recognise the efforts of Past Presidents with a Paul Harris Fellow.

The Club, led by PP Stuart Frith has turned a piece of waste ground into a fantastic children's playground that will stand as a permanent reminder to the local community of the power of Rotary.

We can say with pride we have made a positive difference in our local community and the wider world too.

President Andrew

Service Above Self.

Membership Report 2014-2015

1. Membership Committee

My Committee comprised Ted Anderson, Cliff Garrett, Rex Harris and Will Rogers, and I thank them for their contributions to the deliberations of the Committee.

2. Membership

Member numbers suffered a decline of 4 over the year, and at year end totalled 41. Regrettably former members Tom Jambrich, PP Julian Gregory, David Cavanagh and Judi Leahy resigning or retiring during the current year. The critical issue during the year therefore became one of “closing the back door” and retaining the members whilst seeking ways to broaden the membership base.

3. Membership and Promotion Ideas

In September 2014, Past President Richard Wilmott presented to the Board, a plan Richard and Rex Harris developed during the 2013-2014 year proposing a number of membership and promotional ideas. The Board endorsed the plan, and the Membership Committee devoted some time to developing and implementing strategies and other progressive plans, contained in the Plan including the concept of “Friends of Rotary” .

For the information and benefit of members, the plan has been “third person” structured and classified into a number of actionable groups namely;

1. What Rotary Needs to Cater for;

- Rotary must cater to members needs and wants. Not the reverse.
- The Club needs to review its “Rotary” policies and procedures and up-date what it does and how it does it, so that it put itself ahead of the game, not behind it. What matters most now is what appeals to prospective members, not what appeals to current members.

2. Target Market;

- The target market ideally ought to be local residents or businesses people in their forties but probably more likely in their fifties.
- Liaise with local migrant resource centre and other entities, including councils, involved in welcoming new families into the area.

3. Membership Classes and Kinds;

- Look to engaging local businesses much more than the Club has in the past. Consider letter box drops and loyalty coupons.
- Consider new classes of membership, such as “Corporate”, “Friends of Rotary” etc. These could be people or businesses that join with the club only on special occasions, such as Golf Day, the Fun Run, special guest speaker night, special projects like the current “Playground Project”.

These members could also provide nominations for club recognition nights, such as Community Service and Pride of Workmanship awards.

Corporate teams could also be encouraged to participate in club Golf Days and community events like the Fun Run.

A Corporate membership may be priced differently to individual membership and will require door knocking the local area to establish a personal contact with the owner/manager.

4. Meeting Content and Structure;

- Consider holding special speaker meetings at times other than the normal Tuesday times. For instance, Friday lunch time and perhaps at a different venue to the Roseville Golf Club.
- A small survey of younger people by the plan authors came up with the following reasons why younger people would not join Rotary;
 - Members are perceived as old and boring
 - They are time poor
 - Weekly meetings too frequent (and dare say at times irrelevant)
 - Full participation too costly
 - Apart from altruistic reasons, they see nothing in it for them.

This last point is very important. The Club has neglected to properly promote the businesses it runs and the contacts created. It is believed the Club can add new members from the local business community if it gets its model right.

- We constantly hear from members that it is the speaker program that dictates to a large extent, attendance. If we, the members don't come because the program on any given night is not informative and entertaining, how can we expect a visitor to show enthusiasm. The Club must place greater importance on this issue.
- Consider benefits/downsides in meeting fortnightly rather than weekly. Indeed consider the whole “when, where, why”.

5. Promotion and Exposure;

- Appreciate and adapt to the “what’s in it for me” principle for local business and retailers. This might include offering year round advertising in the Bulletin and at special events. In turn, the retail members are more likely to put window displays that promote the Club and its major community events.
- Engage a marketing person to produce a new “whiz bang” promotional brochure in modern day, non Rotarian speak. The Club need a fresh approach, particularly highlighting the WIIFM (What’s in it for me).
- Take every opportunity to distribute the new “whiz bang” promotional flyer whenever we are in the public domain, e.g. Bunnings BBQ’s, Golf Day, Fun Run, project openings etc. Include a “tick” box on the flyer to elect to receive important emails from the Club, e.g. special events, but not every day mundane stuff. Its important to avoid this at all costs. It is essential to excite, not bore.
- Accept that social media is now very much part of our lives. Continue to support the initiatives introduced by PP Jade Catherall in this area.
- Place greater importance on building the data base so that we can advertise major events to a wider demographic. Again we should not bombard people with the ordinary mundane Rotary stuff, only major events.

This plan, in several areas will require resources and commitment over more than one year, whilst in other areas, actions can now be commenced. The Committee examined the plan to determine where we can start on the areas which may not require a lot of resources.

4.Membership Growth and Development Grant and Brochure

Development of a “Friends of Rotary” brochure is in underway, with the assistance of a District grant up to \$1,000 (matched by club funds). Its aim is not to replace the existing club’s current informative brochures which highlight the clubs achievements and areas of involvement in the community. “Friends of Rotary” involves the establishment of a data base of people and their areas of interests, so that we may be able to promote relevant club activities and meeting contents to selected people with those interests, with the intention of having them become involved with the club, and hopefully this may transition to membership.

5. Corporate membership

The concept of new classes of membership such as Corporate Membership was examined, and drawing on the pilot program that the Rotary Club of Adelaide has introduced, and the results it achieved, it was not considered a feasible concept for our Club.

Ross Symons

Director; 2014-15.

Community Service Report 2014- 2015

Main activities for the year are as follows:

o Fathers' Day BBQ at Roseville PS again a successful event in which hundreds of breakfasts were served to hungry parents & children. Some issues regarding supply of equipment are being addressed & need to be resolved before September.

o Rotary Health Mental Health Week, 'Hat Day' October. Meal at Thai restaurant with members encouraged to wear a hat & prizes for the best hats. A top up from the club meant that we were able to donate \$500 to Rotary Health.

o Trees of Joy In the past, live trees have been provided through a contact of Geoff Young & we thank Geoff very much indeed for his generosity. This year, we decided to go with artificial trees to simplify the process. John Hartley very kindly donated an unused tree & we purchased 3 others for distribution to Roseville, Castle Cove & East Lindfield schools & Roseville Golf Club. There was a wonderful response from all & we were able to take hundreds of gifts for distribution to disadvantaged children. John Hartley has again been generous in allowing the storage of the Christmas Trees at Partytime Hire.

o Clean up Australia Day We were fortunate that the weather this year was kind & a contingent of our members did a sterling job at Echo Point collecting many bags of rubbish from the bush & foreshore area as we have done for a number of years. A thank you letter was received from the organisers of this highly successful Australia-wide campaign.

o Salvation Army Red Shield Appeal Now organised centrally by the Salvation Army. Due to delayed communications & last minute hitches, we had a smaller than usual representation this year. Our contribution for their major fundraiser is nevertheless valued by the Salvation Army.

o Sensory Garden at Chromehurst Special School Organisation of this has been slower than anticipated but the plans are now well advanced. We have offered manpower for the construction of the garden & have postponed involvement until our commitment at the Roseville Chase Playground is fulfilled. This is

expected to be in Term 4. Steve Goldring is liaising with the school.

- o Hornsby Kuring gai Womens' Community Shelter. This organisation was chosen by the Community Team as our major fund recipient for the year. In May, two representatives of the Shelter & the umbrella organisation Womens' Community Shelters, Karen Sansom & Annabel Daniel talked at our regular meeting. The Shelter was opened in February 2015 in response to an identified need in the Community. It provides shelter & professional support to women who are homeless because of domestic violence or mental health issues. The Club presented a cheque for \$5000, which will be used to fund one woman's stay at the shelter for 2 months. A letter expressing thanks to the club was received.
- o Lifeline Book Fair in July each year is overseen by Grant Campbell
- o In addition to the regular Community activities we have fielded & assessed various enquiries for assistance which come from our website or by regular mail.

Judi Leahy

Director 2014-15

Youth Annual Report

2014/2015

We have had another busy year in Youth Service supporting youth across a range of different fields. We aimed to support the young people in our area and as one member remarked at one of our meetings: "Aren't these young people outstanding".

The following is a summary of activities throughout the last 12 months:-

1. ROTARY YOUTH EXCHANGE (RIYE)

Matthew Wong, was our Outbound Student to France. He returned to Australia in January this year and addressed our members on his experiences.

We also sponsored an Inbound Student, Caroline Viotto, from Brazil. Carol arrived in February last year and stayed with four host families: Duncan Campbell and partner Suzie Murtagh, Nick and Julia Brooke and two other families who were parents of previous outbound students. Carol returned home

in January this year after giving a very well-received presentation to our members before departure.

2. ROTARY YOUTH LEADERSHIP AWARD (RYLA)

This is a one week leadership training seminar for young adults aged 18 to 26 years and was held from 11th January to 17th January 2015.

This year we sponsored Jacqueline Madsen. Jacqueline addressed our members on Tuesday evening 24th February, 2015.

Our Club are sponsors of the Ron Tacchi Award which was presented to a student from Castle Hill during the Seminar..

3. ROTARY YOUTH PROGRAMME FOR ENRICHMENT (RYPEN)

This programme consists of a 3 day seminar for youths aged 14 to 17 years to develop motivation, better self image and improved life skills.

We sponsored two students from Shore School and two from Killara High School who addressed our members on Tuesday 17th March 2015 with an entertaining description of their activities.

4. ROTARY YOUTH DRIVER AWARENESS (RYDA)

A road safety programme for Year 11 students to encourage drivers to take a more responsible attitude to motoring.

We will advise District we are willing to provide more volunteers in November this year.

6. MODEL UNITED NATIONS ASSEMBLY (MUNA)

MUNA simulates the workings of the United Assembly by having teams of 2 or 3 senior students represent a UN country.

For this year's MUNA Conference held at Baulkham Hills High school on 16th and 17th May , we sponsored two teams of three students from Shore School and one team of three students from Killarney Heights High School

The students will be presenting their experiences to members on a Tuesday evening 21st July 2015.

7. SCHOOL AWARDS

Each year we present Awards at a School's end of year prize presentation for All Round Achievement. The recipient is a student who has contributed to the life of the school both inside and outside the classroom, not only academically but also through his/her role in fields such as sporting, performing arts and with the community.

Each student receives an engraved plaque, a certificate and a book voucher.

Awards were presented in December 2014 by our members to students at Castle Cove Public School, Cromehurst School, Killarney heights High School, Killara High School, Roseville College Senior School, Roseville College Junior School, Roseville Public School and Trangie Central School.

8. YEAR 6 PUBLIC SPEAKING CONTEST AND EASSAY COMPETITION

We held our sixth Year 6 Public Speaking Contest in conjunction with awards for the Essay Competition on Tuesday evening 9th June 2015. Invitations were sent out to Roseville Public School, Castle Cove Public School, and Roseville College Junior School.

The winning students were Charlotte Fowlstone from Roseville College Junior School for the Essay Competition and Phoebe Fitton from Roseville Public School for the Speaking Competition.

Both students received suitably engraved plaques.

SPECIAL THANKS

Thank you to each member of the Youth Committee for 2014/2015 for their support during the year. In particular, I thank Ian Fraser for his meticulous organising of the School Awards, Public Speaking Competition and Essay Competition.

Thank you also to President Andrew Black and his Board for their support to our Youth programmes throughout the year.

ROBERT BRELL

Youth Director 2014/2015

Public Relations Report

2014-15

Club Facebook Page – www.facebook.com/RosevilleChaseRotary

- Started the Rotary year with 24 likes, currently at 171 likes

Fun Run Facebook Page – www.facebook.com/RosevilleChaseRotaryFunRun

- started June with 63 likes, currently at 260 likes
- posts have reached 34,005 people with 114 people engaged
- 14 – 24 July, we had a paid advertisement on Facebook which resulted in 53 clicks on the Fun Run Website
- 10 – 17 June, we had a paid advertisement on Facebook which resulted in 48 new likes for the Fun Run Facebook Page.

Google Analytics

- setup for Club Website and Fun Run Website on 8th July 2014
- Fun Run Website - between 8/7/14 and 15/6/15, we have had 3,412 hits on the website with 2063 different users
- Club Website – between 8/7/14 and 15/6/15, we have had 1,724 hits on the website with 1,476 different users

Bunnings BBQ PowerPoint

- The PowerPoint to promote our club at Bunnings has been updated to include recent club activities.

Fun Run Promotion

- Fun Run Flyer – delivered and distributed in local area, handed at Sydney 10k a few weeks before our Fun Run
- Promoted on over 200 different Facebook pages in Northern Sydney area
- Promoted on Hope 103.2 FM Radio
- Promoted on a number of different event websites:
 - o North Shore Mums
 - o Daily Telegraph Local Events Page
 - o Hope 103.2 Community Noticeboard
 - o Eventfinda
 - o Active Families
 - o Australian Run Calendar
 - o www.runningccalendar.com.au
 - o Cool Running Australia
 - o Event List

- Email Promotion
 - o In the lead up to the Fun Run, 4 emails were sent out to former fun runners, friends of the club, members and partners –a list of approximately 1,0000 people. On average each email was opened by over 50% of people.
 - o North Shore Times
 - o We were able to get two articles in the NST about the Fun Run on Friday 25 July and 1 August 2014.

Email Marketing – Fun Run and Golf Day

- Have updated the Fun Run List to now include 2012-2014 Fun Runners over the age of 16 yrs, totalling over 1,200 people.
- Golf Day data has been updated too, so we are ready to go for 2016.

‘Meet the local heroes’ Gordon Centre

- Peter Lewis organised a Roseville Chase Rotary presence at the ‘Meet the Local Heroes’ Stand in Gordon Centre, as part of our Graffiti Busters project. It was great for the community to see us there!

Introduction

The Committee members this year were Neil Howie and Ian Garrard.

Ian's boundless enthusiasm, energy and inspiration were invaluable. My thanks to Ian for putting so much time and effort into the work of the Committee.

The main goals of the Committee were to:-

- continue by regular updates and guest speakers to familiarize the Club with the programs and processes of the RI Foundation for international and local projects including "End Polio Now";
- obtain and implement approval for a District Grant of \$3000 for the Children's Playground;
- donate US\$3000 for the Turkish Rotary Clubs Program "Child Brides: Don't Shatter Their Hopes" and, possibly, participate in a Global grant application;
- continue to support the RI "End Polio Now" campaign by donating for 2014-2015 \$6000;
- make a donation to the Rotary Foundation's Annual Programs Fund for 2014-2015 of \$9000 (additional to Polio); and
- recognize members and others in the community as Paul Harris Fellows at the 25th Anniversary of the Club and throughout the 2014-2015 year.

Children's Playground

District Foundation in October 2014 approved a District Grant of \$3000 for the project and paid a first instalment of \$1500. The balance of \$1500 has now been received on the completion of the project.

District Governor Ian Scott, on seeing the Club's report about the grant to the District Foundation, has congratulated the Club on the project which he saw as exemplifying what Rotary can do in the local community alongside its international work

Turkish Child Brides Project "Don't Shatter Their Hopes"

The Club in February 2015 made a donation of \$US 3000 for this program of education of mothers and daughters to be coordinated by the Izmir Dukuz Eylul Club with funding and support from other Turkish Clubs and their District 2440.

The aim of the project was to raise awareness of the health problems for young girls in child marriages, an important and significant issue in Turkey, and to decrease the extent and impacts of child marriages and early motherhood primarily through direct education.

The participation of our Club arose from contacts made by Ian Garrard with Turkish Rotary during his leadership of the Group Study Exchange team to Turkey in 2010.

The Izmir Dukuz Eylul Club with the support of our Club and District 9685 lodged an online Global Grant application to the RI Foundation to enable each of Districts 2440 and 9685 to authorize funding by District Designated Funds and for a matching grant from the RI Foundation.

Unfortunately the Grant was not approved. At the request of our Club, the District 9685 Foundation Committee gave advice to the Dukuz Eylul Club as to how the Grant application could be recast to qualify but the Turkish Clubs decided to reduce the scale of the project and not proceed with the application at this time.

The project is being conducted in Izmir (the 2nd largest city in Turkey) from late 2014-2015. Parents (who are generally the instigators of child marriages) and student girls of age 14-17 are targeted for education.

By April 2014 more than 500 women and girls have received educational training and it is expected that another 500 will receive training by the end of January 2016 when the project will finish for the time being.

End Polio Now

At our meeting on 18 November, Rob Byrne the District Polio Chair brought us up to date on the current status of the End Polio Now Program. There have been no recent reports of infection in Nigeria and the central African countries, hopefully, indicating that the outbreaks in Africa in recent years may have been successfully stopped. The threat of further infection and the challenge for the worldwide ending of the disease is now essentially in NW Pakistan.

The Club presented a cheque for its donation to the Polio Program of \$6000.

Uganda Water Supply and Sanitation Global Grant Project

In May 2015 the Club contributed \$2560 to the RI Foundation for funding of this project.

The Club had received a request from Jack Wallace (who we remember from the Darling Harbour Convention Cocktail Party as “Texas Jack” and who also lead a GSE team to our District in 1994) that we contribute a small amount to this large project which is steered by the Houston Rotary Club in Texas and the Calgary Rotary Club in Canada. The project is supported in six countries by ten Districts and eleven Clubs. US\$310,000 has been raised.

The project, which should receive approval for a Global Grant in June 2015, will provide for essential water supply and sanitation works for 10 primary schools in eastern Uganda near Lake Victoria and for the education of students and teachers in proper utilisation of the facilities and in training good hygiene. The communities will be trained to maintain the facilities.

It is a good example of the world wide leverage, power and spirit of Rotary. The experience of participating in an International Foundation project of this scale will significantly help the Club to work up longer term objectives, contacts and skills for future international projects.

Foundation Annual Programs Fund

At the same meeting Mark Anderson the Funds Coordinator for the Rotary International Foundation for the South Pacific and the Philippines, gave a very informative and helpful outline of the Foundation's funding model and the method of funding projects.

The Club presented a cheque for \$9000 for this year's contribution to the Foundation's Annual Programs Fund.

Recognition of Paul Harris Fellows

At the Club's 25 th Anniversary Dinner on 24 April, District Governor Ian Scott presented Norm Gibson, Arthur Marshall, Ian Robertson, Geoff Young, Malcolm Pilcher and Will Rogers with certificates of recognition as Paul Harris Fellows.

The recognition of Club members and non members in the community as Paul Harris Fellows also provides an important way for the Club to make contributions to the RI Foundation. Under the RI Foundation funding model, the Club contributes US\$1000 to the Foundation for each recognition from credits that it holds for prior donations.

Neil Howie

Foundation Director 2014-2015

President Andrew Black
Rotary Club of Roseville Chase
55 Cheryl Crescent
Newport NSW 2106

Dear Andrew,

Congratulations on a great year of service as President and thank you for your support. Under your very good leadership, the Rotary Club of Roseville Chase has had a terrific year of service and fellowship.

You have an active club that is strong in the community and this is engendered by your activities like the Fun Run, Graffiti Busters and Community Service awards. You have a great range of local and international projects you support, with the standouts for me being the Babbage Road Playground and the somewhat thwarted Turkish Child Bride Program. You are great supporters of District Youth programs as well as local schools (and Trangie Central School). Overall you have a balanced program of service.

Membership is steady, and to grow from here I think you could benefit from an active membership plan. I note you are very good supporters of the Rotary Foundation, thank you.

From what I can see, you have hit your goals for the year. Congratulations. In that vein, it is good to see the Club make use of Rotary Club Central for goal setting and tracking as it keeps the objectives visible to all members

I have enjoyed working with you Andrew, and Jennifer and I certainly enjoyed your 25th Anniversary dinner. What a great idea to catch up on PHFs for the Past Presidents, well done. Please pass on my congratulations to your members for a great year of Lighting Up Rotary.

Yours in Rotary Service

Ian Scott
Governor 2014-15

International Service Report

2014 - 2015

1. In early November RCRC donated \$5000 to 'Class Act Active School' to help rebuild a school for the St. Vincent Institute in the town of Maribojoc, Bohol, The Philippines. The classrooms were designed to be built on their old school site.

Construction of the school is in full swing, achieving 40% of the project plan so far. The columns for the first classroom are complete and the rest of the structural bamboo columns have been delivered to the site. See picture at right:

2. On Tuesday 3 February Marc Johnstone from The Hunger Project (THP) explained to the club how THP go about their charity work to reduce hunger in Africa, India and Bangladesh. At the end of his presentation the club gave a donation of \$5000 to THP. This money will go towards their charitable activities.

Link to THP : <http://thp.org.au/>

3. On Tuesday 17 February 2015, David Hart from Interplast gave a presentation at our club explaining about the operations of Interplast.

Link to Interplast: <https://www.interplast.org.au/>

4. In early March we had a joint Golf Day fund raising event with ICM. The proceeds of the event were shared with ICM in early June. ICM will use the money provided by us (\$7533.00) towards their activities in The Philippines.

Link to ICM: <http://cts.vresp.com/c/?InternationalCareMin/8f2a8d632b/54b983b187/4852db32c9>

5. As we are all aware on Saturday 25 April a powerful earthquake struck northwest of Kathmandu, causing enormous devastation and suffering.

a. In response our club donated \$5000 to RAWCS Project 75-2014-15. This is the Nepal Earthquake appeal, which is managed by the Rotary Club of The Entrance. It is gratifying to know that through Rotary we were able to direct our aid money to help the Nepalese communities with their immediate needs.

b. Additionally, the club collected clothes and blankets for the Nepal Earthquake appeal. Signs were put up in the club and several members of the Golf Club contributed.

6. In a meeting with 'The Hunger Project' management they indicated to us that they are interested in partnering with RCRC in the Golf Day fund raising event next year.

As the partnership with ICM this year yielded only 2 additional participants. The coming board of RCRC will consider if it is appropriate to engage with THP for our next Golf Day fund raising event.

ABOUT ROTARY

Paul Harris

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul Harris.

Rotary is a worldwide organisation of business and professional leaders that provides humanitarian service, encourages high ethical standards in all vocations, and helps build goodwill and peace in the world. More than 1.2 million Rotarians belong to over 34,100 Clubs in 210 countries and geographical areas. Rotary Club membership represents a cross-section of the community's business and professional men and women. The world's Rotary Clubs meet weekly and are non-political, non-religious, and open to all cultures, races, and creeds.

The main objective of Rotary is service – in the community, in the workplace, and throughout the world. Rotarians develop community service projects that address many of today's most critical issues, such as children at risk, poverty and hunger, the environment, illiteracy, and violence. They also support programs for youth, educational opportunities and international exchanges for students, teachers, and other professionals, and vocational and career development.

The Rotary motto is
Service Above Self.

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ADVANCE AUSTRALIA FAIR

Australians all, let us rejoice,
For we are young and free,
We've golden soil and wealth for toil
Our home is girt by sea;
Our land abounds in nature's gifts
Of beauty rich and rare;
In hist'ry's page, let every stage
Advance Australia Fair.
In joyful strains then let us sing
Advance Australia Fair.

ROTARY THANKS

For the community, friendship
and the opportunity to serve
through Rotary, we give thanks.

THE FOUR-WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
