MEETING on 25 June (6.00 pm for 6.30 pm start)

Guest Speaker

Mel Howells - Cromehurst Scouts

Cromehurst Scouts is a small group that caters for young people with additional or special needs. At the moment they have a scout troop and a venturer unit.

They accept members from 13 years up to 25, however, if they join before the age of 25, a member can stay for as long as they would like to.

Cromehurst has members with a variety of disabilities and abilities that are catered for in an inclusive and full scouting programme. They aim to transition members into main stream scouting but if the member wishes to stay with the school group, that is also an option.

Funding for the group's activities and programmes is always an issue as they are a small group. Cromehurst provides opportunities that youth can not get elsewhere and covers an extensive range of skills.

The Scout group's mission is to take youth from where they are, to achieve beyond themselves and become effective and independent members of society.

A bit about Mel Howells;

Education:

- > St Ives High school - HSC. > Certificate IV in Real Estate
- > Certificate IV in Disabilities. > Certificate III in Business
- > Double degree in - Arts/ Social Science (English/Welfare)

Scouting Experience:

- > Started with Cromehurst in June 2011. > Received Special Merit for service in 2014
- > Gained Scout leader qualifications in 2013/14
- > Been running Cromehurst on her own since 2014 (with assistance sometimes)
- > Currently Leader in Charge of the group since 2017/18.

Mel currently is self employed contracting to Home Care Heroes assisting people with disabilities. She has 2 regular clients. Her business name is Zion Waters Enterprises.

PRESIDENT RICHARD GREEN'S REPORT

Last meeting was the annual essay and public speaking competition for the three primary schools in our area . The standard was high as usual. Roseville Public School pupils won both competitions with little separating the participants. I would like to thank Chris Lewis and Ian Garrard for acting as the judges. I would also like to thank the teachers who prepare the pupils for the competition . This often involves competitions within the schools. Ian also thanked Richard Kerslake for his production of the shields over a ten year period.

On Saturday I went to the first session of MUNA. There were 41 schools competing and the day was run by Epping Rotary Club. We sponsored two teams from Shore who represented Fiji and USA. Some photos of the event are in the bulletin. The event was won by our sponsored SHORE team representing USA.

The next speakers will be two ladies who run the Cromehurst Scout Group . You will remember that we gave some money so Elsie Leneham the assistant scout leader, could go to the Jamboree with the scout group.

At the last board meeting the board agreed to programme for the full rotary year. At the previous club meeting the club agreed to run a golf day with Chatswood. It is important that the club gets behind this golf event as our share of the profits will depend on how many golfers and sponsors we get.

Neil also requested members seek local sponsors for the fun run. He will be asking some members to approach local businesses. Harris Farm will be providing the fruit. Clarke Murphy have done the printing of the flyers. Neil will also be requesting people to distribute the flyers. The banners are going up now.

Those members that have been in the club for sometime will remember Warren McGurgan. He was president in 2008/2009. We sponsored his daughter, Lauren to Turkey as an exchange student . While there she experienced an earthquake and a few terrorist bombs She stayed the year. Unfortunately her first child was born with brittle bones, Osteogenesis Imperfecta . The board agreed to give \$500 towards their society. Warren is a member of Frenchs Forrest club who are having a fund raiser for the society. (see page 20 for details)

The board agreed that I should write to the three local schools saying we had Jacqui Jones as a speaker and they might like to approach her.

Dont forget Chatswood 70th Aniversary (p. 18) & District Change Over (p. 19)

APOLOGIES AND GUESTS

Advise Attendance Officer, **Avis Manoukian**, on **0418 411 404** or email him at **avis@amcomms.com.au** **before 10.00am SATURDAY before the meeting.** You must pay for your meal if you are absent without an apology by the deadline. **Special dietary requirements you or Guests? please also advise Avis.**

ROSEVILLE PUBLIC SCHOOL - FATHERS DAY BREAKFAST BBQ - FRIDAY 30 AUGUST 2019

Roseville Public School have requested our club again undertake the Fathers Day Breakfast BBQ at the school on Friday 30 August 2019.

From the feed back from last year, the bacon and eggs was the most popular so it is likely that the school will forgo sausages for this year.

Peter Lewis will be liaising with the school, and in due course will be seeking members who are able to assist on the morning.

Breakfast is served from 7.30 am to 8.30 am.

STEM DAY (SCIENCE, TECHNOLOGY, ENGINEERING and MATHEMATICS)

Reminder;

Richard Green, Neil Howie, Stuart Frith, Ross Symons, Peter Lefmann.

You have volunteered to participate in the STEM (Science, Technology, Engineering and Maths) day at **Ravenswood College on this Friday 28 June 2019.**

You will be involved from 8.00 AM to 3.00 PM

The organisers usually provide a lunch for the volunteers.

Please advise David Brand ASAP if you offered to assist, but for some reason will not now be able to attend.

NEXT MEETING 9 JULY - CLUB CHANGE OVER DINNER

**TUESDAY JULY 9
6.30 PM FOR 7.00 PM COMMENCEMENT**

FULL DETAILS IN THE INVITATION ON PAGE 7

FUN RUN - SUNDAY 21 JULY 2019

The fun run is now less than 4 weeks away and we need to obtain some serious sponsorships to ensure we maximise the return from the event. **Please discuss with Neil Howie any ideas you may have for sponsors for the event.**

Ken Murphy, from Clarke Murphy Printing - one of our club's long term supporters, has generously donated the printing of the flyers, as they did with the flyers for the Wine and Cheese Tasting night, and on many other previous occasions.

Members will soon be asked to assist with the letter boxing and display of the flyers.

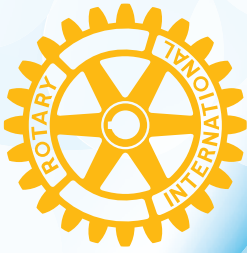

Full details about the Fun Run are shown on the following page.

Remember if you need any business or personal printing done, Ken will give you a competitive quote - so if you can, please consider supporting Clarke Murphy Printing, just as they support our club.

2018-2019

2019-2020

LAST MEETING - 11 JUNE. YEAR 6 PUBLIC SPEAKING AND ESSAY COMPETITION

Last meeting our Rotary Club conducted the Essay Competition and the Public Speaking competition for students in Year 6 at three (3) Schools, namely, Castle Cove Public School, Roseville Public School and Roseville College Junior School.

Essay Competition:

Topic for the essay was;

"If you could meet any historical figure who would it be and why"

The contestants were;

Maddison Lee-Joe from Roseville College, who chose Katherine Johnson.

Rebecca Frantz from Roseville Public School, who chose Marie Curie

James Bestic from Castle Cove Public School, who chose Ian Thorpe

Chris Lewis was the judge for this Competition and made the following comments:

"I was delighted and honoured to be asked to judge Rotary's School essay competition again this year. It was an enjoyable but very difficult task due to the high standards of the essays. I would like to congratulate the contestants on the quality of their work. I asked my adult daughter to read them and after having read them she asked, "How old are these kids?" and when I told her they were 6th Graders she said "Wow". So yes a difficult task !!!

We learnt about what these people achieved and why our contestants admired them and why they would like to meet their chosen person.

All the essays were of a high quality, well written and constructed.

As there can only be one winner I had to find another element to single one essay out. I chose the element of why the contestants wanted to meet their person which was really the focal point of the essay .

I felt that Rebecca Frantz's essay on Marie Curie achieved this best.

I think the meeting between Rebecca and Marie Curie would be enlightening and inspiring. I would like to be at this meeting".

Rebecca Frantz from Roseville Public School was the winner.

A copy Rebecca's winning essay follows this article.

A copy of the essays submitted by Maddison Lee-Joe and James Bestic are also included at the end of the overall article (pages 13 and 14).

Rebecca Frantz Winning Essay

Marie Curie

Hello, my name is Rebecca Frantz. I am in year six at Roseville Public School, and tonight I am going to present my piece on why I would like to meet Marie Curie.

What inspired you to try and find cures for diseases? How did you feel after finding two new elements? Did you ever want to give up, thinking you weren't going to succeed? How did it feel to be awarded two Nobel Prizes? Did you know that your name would become known worldwide after your discovery?

These are some questions I would want to ask Marie Curie if I had the privilege of meeting her.

First of all, I would love to meet her to ask her what inspired her. What pushed her to search for a cure for serious illnesses and how long she had wanted to do that for.

I would also ask Marie whether she ever wanted to give up, convinced she would never find a treatment. Surely in all those years of searching at least a few times she would have wanted to give up, thinking she was never going to get anywhere. After that I would question her about how it felt, after all that time, to discover two new elements, with one of them a treatment for cancer. It must have felt amazing, like all her hard work had finally paid off.

Finally, I would inform her of how well known her name is worldwide, and how successful radium has been with treating cancer.

I am sure she would be delighted to hear that she has saved millions of lives. Not only that, but her achievements, quotes and perspective on life continue to inspire young women in our time.

Personally, I have been inspired by her quote: "You must never be fearful of what you are doing when it is right."

Thank you.

By Rebecca Frantz

President Richard Green presents Rebecca Frantz with the award for her essay.

Public Speaking Competition

The students spoke for between 2 – 3 minutes on a topic of the student's choice. The Contestants were:

Jemma Upton, from Castle Cove Public School.

Lauren Chang, from Roseville College.

Stephanie O'Chee, from Roseville Public School.

Ian Garrard and Chris Lewis were the judges of this Competition and Ian Garrard made the following comments.

"I, along with Chris Lewis had the pleasure, though challenging task, of selecting a winner for the Public Speaking Competition from three local primary school's representatives.

Jemma Upton started by giving her 2-3 minute speech on male-vs-female salary equity and gave an excellent animated presentation well supported by relevant facts and figures. . Lauren Chang spoke on the oddities of travelling in Japan and, particularly, the high tech toilets. Again very humorous, well researched, with a strong personal and honest presentation. Finally, Stephanie O'Chee addressed the challenges of cross-culture and the oddities and opportunities this present. This too was well research, personal and challenged the listener.

So close that a mere 2 point out of 100 separated all the three. The winner was... Stephanie O'Chee...congratulations!"

A copy of Stephanie's winning speech follows.

Living between Cultures

by Stephanie O'Chee - Roseville Public School

Introduction

Good evening. Today I would like to talk about 'Living between Cultures'.

Australia is a very multicultural country. There are many different cultures that make up our Australian society. There are the British, Irish, Italians, Germans, Indians, Chinese and Koreans..... just to name a few. However, some people live between cultures.

I am an ABC

Take me, for example. I am an ABC. ABC stands for Australian born Chinese. I was born in Australia so that makes me Australian but I have a Chinese heritage. My parents and grandparents on both sides are Chinese so I look Chinese. When I was young, I was confused about whether I was Australian or Chinese. To make it worse, my parents who looked Chinese didn't even speak any Chinese at all as they are ABC also, so we didn't feel very Chinese except when my grandparents spoke Cantonese to each other.

Chinese customs and practices

There are times when we show definite Chinese customs and practices. For example, it is customary to leave your shoes at the front of the door before you enter a house. We follow this practice. You can always tell when you come into the house of a Chinese family as their shoes are always near the front of the door.

We also celebrate Chinese New Year. Our family gathers together over a banquet meal. It is like Christmas but it lasts for a whole month. All the adults give little red packets to the children with money inside to symbolise good luck and prosperity.

Another Chinese practice we have, is that we eat a lot of Chinese food like rice, meat and steamed vegetables. We also have lots of dumplings and noodles and we eat our food with chopsticks.

Not Chinese enough

However, there are times when you can see we are not very Chinese at all.

Firstly, if you look closely, you will see that we do not hold our chopsticks properly. We often end up using cutlery and are very comfortable eating spaghetti or having a barbeque instead.

Secondly, we do not even speak the language, so we feel we are NOT very Chinese the most, when we are with 'REAL' Chinese people.

Once we booked into a popular holiday tour to visit the famous Hobbiton Village in New Zealand. Due to a three hour traffic delay we missed our tour. We could

not book into a later tour, because all the tours were full except the final tour of the day for overseas Chinese tourists. The operators gave us a place on that tour because we looked Chinese. Out of desperation, we took it.

However, while we were on the tour bus, the guide started speaking IN MANDARIN ONLY. We could not understand ANYTHING that he or the other tourists said to us for the next TWO HOURS but we just followed everyone else, pretended to understand, smiled at everyone and took photos like everyone else.

It was very funny but it made us realise how un-Chinese we were.

Opinion and benefits of multiculturalism

So as you can see, I am living between two cultures. Sometimes it's confusing but overall it is a great experience. You get to see and understand two different cultures and gain the benefits of both. Some people live between three or four cultures, depending on their parent's and grandparent's cultural backgrounds.

Conclusion

In the end, it doesn't really matter which culture you come from. What is important is that we respect the different cultures and live peacefully with each other. We can learn a lot from living between different cultures as they all add to the richness of our Australian society.

Thank you for listening to my speech.

Youth Director, David Brand presented Stephanie O'Chee with her award in the public speaking competition.

The 6 students who competed in the Essay and Public Speaking Competitions.

ESSAY SUBMITTED BY JAMES BESTIC.

Who do you look towards? As a swimmer, I look towards Ian Thorpe. Even though he isn't in the old history books yet, he's definitely made history by winning 5 Olympic gold medals at the 2000 summer Olympics. I myself am an ambitious swimmer, swimming with a well-known swim club called Carlile. After watching Ian Thorpe's races, I tried to apply his technique to my own style and I noticed my freestyle form took a big leap forward, cutting seconds off my speed.

Ironically, as a child Ian Thorpe was allergic to chlorine and was sidelined until the age of seven when he first participated in his school swimming carnival. Even though he had to swim with his head out of the water, he won the race due to his size advantage. Ian gradually overcame his allergy and went on to participate in many more events and won 9 individual gold medals at the NSW short course age championship. After that, he set his eyes on the Australian age championships and managed to win bronze in the 200 IM.

When the trials for the 2000 Olympics came around he managed to break some of his own world records while also making it through to the Olympics, held here

in Sydney. After winning three gold medals in the 400m freestyle, 4x100m relay and the 4x200m relay, he went on to the 2004 Olympics, winning two gold medals. Once the Olympics were over Ian decided to retire in his best event but later on made a comeback.

If I ever had the chance to meet Ian Thorpe it would be one of my most treasurable moments in my swimming career, and I would hope I might be able to take something technique-wise away from it to help me with my own swimming career.

By James Bestic

ESSAY SUBMITTED BY MADDISON LEE-JOE.

Katherine Johnson

Katherine Johnson was part of a team of three that led to the success of the Apollo mission (1962). She was a mathematical genius who was awarded the Presidential Medal of Freedom for her groundbreaking career as a NASA "computer" and role model for female mathematicians of colour. The medal is the highest civilian award in America. This is who I would like to meet.

I have always wanted to become a better mathematician. Maths uses critical thinking and builds problem solving skills. I can receive a problem and come up with a strategic plan. It can save me money, enable me to make predictions based on patterns and despite there being a black and white answer, there are different approaches to arrive at it.

I choose Katherine Johnson over other famous mathematicians for two reasons: firstly, she pushed through the racial barrier during a time when African Americans were treated as inferior to the predominant white population. They were denied privileges such as education and they suffered from legal segregation. Secondly, she crossed a major gender barrier at a time when women were considered inferior to men. She was tenacious and achieved what seemed to be unachievable. She made a difference.

Before the use of computers was common, NASA's computers were humans - they read data and performed mathematical calculations such as flight trajectories, ensuring the safety of the capsule from takeoff to landing. Katherine did this with more precision than her white male colleagues. Before the flight, John Glenn (one of the astronauts) asked the engineers to "get the girl" and said, "If she says they're good, then I'm ready to go."

Katherine's mathematical skills are far beyond many people's capabilities. Having a mentor that is bold and has an unwavering attitude of self belief is hard to beat.

Final comments

These Competitions would not be held without the co-operation of the Teachers and senior staff at each of the Schools. Many thanks to them and also to the judges, Chris and Ian and to Greg Muldoon who produced the Certificates.

Ian Fraser.

After a very entertaining two days of debating world issues, I am very happy to announce that our team of Finn McCredie, Tom Munns and Olivier Daish-Gorge, representing the USA, were judged to be the best of the 80 odd countries competing. As the 1st placed team, we expect the students to be invited to compete in the National Assembly in Canberra in August. Our other team, representing Fiji, also performed with credit. Thanks to Carmelo Aragone and Aaron Smith for preparing the 2 teams for MUNA and for supporting the boys on the weekend.

Regards,
John

John Meakins
SHORE SCHOOL

THE SHORE TEAMS WILL PRESENT AT THE MEETING ON 27 AUGUST.

The Team from SHORE was one of the 2 teams from SHORE that the club sponsored to MUNA 2019.

At left, the team of Finn McCredie, Tom Munns and Olivier Daish-Gorge, representing the USA, were judged to be the best at MUNA 2019.

The second team from SHORE, representing Fiji, Jeffery Chen; Caleb Hwang; Lachlan Ward sponsored by the Club to MUNA

ROSTER OF MEMBERS RESPONSIBLE FOR SECURING GUEST SPEAKER FOR MEETING NIGHTS - 2019/20

A Roster has been developed for next year, 2019/2020, of members who are responsible for securing a guest speaker for specific meetings during the year.

It is your responsibility to arrange with another member if you can not fulfill your responsibility for the meeting allocated to you.

Allan Farrar will be the Program Manager, and you must keep Allan informed of the name of the person, and the topic of their address, for your allocated meeting. It is also critical for you to advise Allan of any change to the Roster, and who will be substituting for you. Any changes will be published in the Bulletin if advised before the cut-off time for Bulletin articles.

It is also essential in organising a guest speaker that you request a bio of the person and brief description of their address and forward to the Bulletin Editor at least 2 weeks before the meeting.

Below is the Roster for the 6 months meetings from July to December this year.

MEETING DATE	MEMBER RESPONSIBLE	GUEST SPEAKER TOPIC (if known)
9 July	Pesident Richard Green	Club Change Over Meeting
16 July	Mike Harrowell	2019 Fun Run Briefing
13 August	Di Wilkinson	Dallas Booth - RCIFS
27 August	President Richard Green	DG Official Club Visit & MUNA
10 September	Ian Fraser	Rugby World Cup
24 September	Ian Robertson	
8 October	Sue Ward	
22 October	Norm Gibson	
12 November	Richard Green	Al Baxter - Parramatta Stadium
26 November	Grant Campbell	Heritage Fleet
3 December	President Richard Green	Annual General Meeting
10 December	Social Committee	Christmas Party

\$\$\$\$ REMINDER \$\$\$\$

Membership fees for the July-December 2019 half year are due and payable before the end of this month.

Pay to; Rotary Club of Roseville Chase.

BSB 112 879 Administration Account 065 891 764. State Surname.

Please refer to Arthur Marshall's email of 30 May for full details.

ABOUT ROTARY

Paul Harris

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul Harris.

Rotary is a worldwide organisation of business and professional leaders that provides humanitarian service, encourages high ethical standards in all vocations, and helps build goodwill and peace in the world. More than 1.2 million Rotarians belong to over 34,100 Clubs in 210 countries and geographical areas. Rotary Club membership represents a cross-section of the community's business and professional men and women. The world's Rotary Clubs meet regularly and are non-political, non-religious, and open to all cultures, races, and creeds.

The Rotary motto is ***Service Above Self.***

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ADVANCE AUSTRALIA FAIR

Australians all, let us rejoice,
For we are young and free,
We've golden soil and wealth for toil
Our home is girt by sea;
Our land abounds in nature's gifts
Of beauty rich and rare;
In history's page, let every stage
Advance Australia Fair.
In joyful strains then let us sing
Advance Australia Fair.

ROTARY THANKS

For the community, friendship, and
the opportunity to serve through Rotary,
we give thanks.

THE FOUR-WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
