

The **Rotary Club** of **ASCOT** (Inc.)

We are among more than 1.2 million Rotarians working to improve their communities locally and in areas of need around the world. As part of this global network, our Club members are given the opportunity to:

- make new friends with like-minded people,
- be part of a business and professional network,
- apply existing skills and develop new ones,
- become effective community leaders,
- engage with our local community,
- and help those in need.

Come and join us.

We would love to hear from you!

Club of ASCOT (Inc.)

Proudly presents

BRICKTOBER

BRICKTOBER Perth is our gift to the Community!
It's a family-friendly exhibition of models built by the Lego® fans of Perth and gives local families a special day out in the October school holidays.

Your support of BRICKTOBER Perth allows us to provide many youth activities in our community, like funding Lego® Play Experience clubs for kids with Autism Spectrum Disorder and donating BRICK Play Tubs for schools and Lego® Playgroups. It also assists us to support many Rotary youth leadership and enrichment programs and other Rotary projects that help to achieve world understanding and peace through international humanitarian, educational and cultural exchange programs.

 /bricktoberperth

Through the installation of pipes and tanks, taps and toilets, our successful water and sanitation project brings clean drinking water to many villages and hamlets in the hills of Timor Leste and has made a significant impact on their health and welfare and instead of fetching water from many kilometres away, their children are now free to attend school.

Some of our current projects!

By running a successful golf tournament for The Australian Fellowship of Golfing Rotarians we raised enough to send a team of doctors to Fiji to perform life changing surgery.

Interplast™
Repairing bodies & rebuilding lives in the Asia Pacific region

We are proud supporters of Starick and recently donated two vehicles to help them in their work of supporting local women and children affected by family and domestic violence.

We have assisted Wheels for Hope to lease a wheelchair-hoist equipped van for a family with disability so that they can access critical medical and remedial services, education and community activities.

If you are interested in the work we do, why not come and join us?
