BASED ON THE UNTOLD TRUE STORY
MEET THE WOMEN YOU DON'T KNOW, BEHIND THE MISSION YOU DO.

Hidden Figures is the incredible untold story of Katherine Johnson (Taraji P. Henson), Dorothy Vaughn (Octavia Spencer) and Mary Jackson (Janelle Monáe) - brilliant African-American women working at NASA, who served as the brains behind one of the greatest operations in history: The launch of astronaut John Glenn into orbit, a stunning achievement that restored the nation's confidence, turned around the Space Race, and galvanised the world. The visionary trio crossed all gender and race lines to inspire generations to dream big.

GUEST SPEAKER TODAY: - Members
Topic: Our Christmas Stories

We were each given 30 seconds to relate a special Christmas memory.

The more memorable ones included:

The birth of a great grandchild called Ted.

That Christmas elves in Estonia place sweets and fruits in children's slippers which are put on the window sill in the evening throughout the month of December. Make sure you remember to check your shoes before you put them on, just in case the elf has come calling.

That cocktail frankfurters are just as popular now as they were 20 or so years ago.

Don't try to use a new Christmas smoker to cook the Christmas day dinner – unless you want to wait . . . and wait . . .

The 6th floor rooms at Crown Towers are a great place to view the New Year's Eve fireworks from.

Great family gatherings were very popular.
