MORE FROM THIS MORNING'S MEETING

Robyn Metcalf

Is urging us to get involved in the ["Share the Dignity"](#) project that will be happening during November.

It is an opportunity to provide a handbag (new or used) filled with personal items to someone who is in need. Items can be purchased or donated but could include items such as tooth paste, tooth brushes, brush, comb, tissues, shampoo and conditioner to name just a few.

Bring items to our November 8 meeting or take what you have direct to Bunnings who is coordinating this event.

GUEST SPEAKER: Judi Lane, Harry Perkins Institute

Judi spoke about the importance of the research work being done at the Harry Perkins Institute. Their major focus is on developing a cure for a variety of cancers. Judi showed how it had impacted members of her family and the advances that have been made since losing at least 4 family members to one form of cancer or another.

Other areas of research are looking at diabetes, heart disease; rare genetic diseases and protecting us from Covid 19.

Their aim is to get better outcomes, earlier for people afflicted with any of these diseases.
