

We're a diverse, fun club located in Belmont that supports our local and international communities.

In addition to our major project Bricktober, an event built around LEGO bricks, we're also:

- Supporting our leaders of tomorrow through scholarships and leadership camps
- Donating LEGO playtubs to schools and community groups
- Bringing clean water to villages in Timor Leste
- Helping to eradicate Polio
- Funding Indigenous Health Scholarships
- Providing relief for those affected by disasters

Ascot Rotarians are working towards making the world a safer, healthier, and more peaceful place. If you would like to make a difference, locally or globally, why not join us?

We meet twice a month for breakfast - on the second and fourth Tuesday, 7.30am at Dome Cafe in Belmont. Alternately visit our Satellite Club which meets monthly at 5.30pm on the third Tuesday of the month at the Carlisle Hotel.
