Activities / Community Service that would enhance consideration as a Rotarian (continue on next page, if needed):

Name of Sponsoring Uptown York Rotarian:

Signature of Prospective Member

Date

Signature of Sponsoring Uptown York Rotarian

Date

Membership Criteria: The Club shall be composed of adult persons of good character and good business and professional reputation who:

- Are employed by or own any recognized business; OR
- Have retired from a position that would have qualified for membership; OR
- Are individuals, who, through their personal contributions, involvement, and commitment beyond the scope of their employment, have helped to enrich the lives of others by community activism and leadership, thereby demonstrating "Service Above Self" in their everyday life.

Classification Guidelines: A classification describes the principal activity of the company or business with which an individual is connected. This club strives to elect individuals to active membership from a diversity of classifications that are representative of the professional community and the community at large. Similarity to currently represented classifications will not preclude consideration for or election to membership. Classification matters will be reviewed by the Membership Committee, who will submit their findings to the Board for action on their recommendation.

Membership Expectations: As a Rotarian in good standing, this Club expects each member to demonstrate their commitment to service through active participation in the Club and its community activities and projects. In general, participation includes:

- Community Service. Individual support or participation during the year in one or more Club-sponsored activities or projects that directly contribute to the well-being or development of local, regional or global communities.
- Club Service. Contribution as a member or lead of one or more Club committees or working groups.
- Club and District Meeting Attendance. Attendance or participation during the year in Club meetings, District meetings or training programs, and Rotary service activities. This Club strives for 50 percent member attendance annually through a combination of meeting, training and service opportunities.

Process: Interested individuals are encouraged to attend three Club meetings and/or participate in a Club service activity with guidance from an active sponsoring member prior to submission of an application. Candidates for membership will be presented by the sponsoring member to the Membership Committee for consideration. Upon review of the candidate's background, experience and community or other service, the committee will determine the candidate's eligibility and forward their findings to the Board for action on their recommendation. All decisions of the Board are final; successful candidates will be presented for election by the full membership.

Dues: \$50 non-refundable, one-time application fee; must be submitted with the completed application. \$200 annual membership dues (pro-rated quarterly) are required to activate membership in Rotary after election by the Club membership.
