Sebastopol Rotary Club's Weekly Bulletin

Offsite Mtg. @ Analy H.S. – Casey Shea – “Project Make”

Date: August 10th, 2012
Volume: 2012/13—Issue E11-06
Scribe: Mike Carey
Photography: J. T. Martin
Editor: Tom Boag
Club President 2011/2012: Edwin Wilson

“All the News that Fits We Print”

🍏 **At the Bell** 🍏

President Edwin opened the meeting by reminding the membership that --despite the fact that this was an off-site venue for the meeting -- a certain amount of decorum was expected. He quickly had to lower his not-so-high expectations... almost immediately. And as far as decorum goes, was that *really* a cow bell that **The Prez** used for the opening?

Michael Hixson led the flag salute (aided by **Sgt-at-arms Dick Zimmer** waving a mini-flag); **J.T. Martin** took on double-duty in his photographer/song leader roles, shooting pics of himself while directing “God Bless America”. **Richard Petersen** filled in for a circling **Bob Hirsch** and provided the thought for the day, from Thoreau: “Things do not change; we do”.

🍏 **Visiting Rotarians and Guests** 🍏

Bud Daveiro introduced Sebastopol Sunrise Rotarians Don Spradlin (non-profit), Linda Johnson (occupational therapist), Karen Cauthen (health care), and Chris Heller (Analy High principal and co-host for the day).

Guests were numerous at this special event, including a number of Analy High School students who would be part of the program. **Tom Boag** introduced Skip Jirrels;

“Roaming **Bob**” **Hirsch** welcomed Joanne Amway;

Steve Beck was joined by his wife

Terry; **Bob Rogers** made sure that **Peggy** had her Italian visa while joining him; **Robert Jacob** introduced one of his board members, Mitcho Thompson.

Future Programs

August 17th
Speaker: Roger Rude
Program: **Size Does Matter!** (Abalone)
Host: Mike Ferguson

August 24th
Speaker: Chief Peter Miley
Program: **Rescue! Bodega Bay Coast Guard**

“Analog Man” by Joe Walsh

Next Board Meeting

Location: **Sebastopol Senior Center**

Date/Time: **Wednesday August 15th, 5:45 p.m.**

(It is still the 3rd Wednesday of the month.)

Tom Campbell welcomed his grand-daughter **Tamaya Campbell-Voss** and one of her Analy classmates (incoming frosh) **Nick Casey**;

John Blount brought in **Dave Orton**; **Ken Jacobs** dared bring in another attorney, **Elizabeth Tiarks**;

Diana Rich introduced **Dale Dougherty** from **O'Reilly** (who would speak later) and **Laura Casey**, as well as **Ann Humphrey**, Analy's ROP video instructor.

David Woodruff was accompanied by fiancée **Marcela**.

And making a last-second 'save', **President Edwin** belatedly introduced **First Lady Diana**.

Announcements

Where are (not to be confused with Roto-dog Day) the 'Dog Days of August'? [*diēs caniculārēs* -Ed.] No lazy summer days this month! **Bob Rogers** noted that Rotary would be well represented at the **Tour d'Organics** this Sunday.

And **Harry Simms** passed out badges ('We don't need no stink'n badges') for all those working the two Rotary booths at the Gravenstein Apple Fair this weekend.

The Rotary Golf Tournament is next Thursday;

Bud Daveiro doesn't mind if sand-baggers show up to play, he just wants to make sure they don't stiff him on the fees.

Frank Mayhew dodged a few more 'fine moments' this week, but did note that the Palm Drive Hospital Board is looking for three community-wise, business-oriented members (one does not have to be a former patient, just toss his/her hat in the ring by Wednesday).

Finally, there's the August Rotary Picnic coming up on August 25!

Recognitions and Fines

[Nope -Ed.]

The Raffle

[Nada -Ed.]

Program – Casey Shea – Analy H.S. Project Make

For more than a few Rotarians today's meeting site (the cafeteria, but in another sense, a "multi-use" room) brought back memories from their days as Analy students. **Richard Petersen** remembered more than the food; there were the after-school 'detentions' he piled up. Who knows what **Brian Langermann** and **David Woodruff** cooked up in this same facility? And when current Analy teacher, **Casey Shea**, said that this special program can/has been called by many different titles (all include the word 'MAKE') this apparently triggered "Make Out" memories for our most recently debunked **President Aleia**.

Keller McDonald opened the program, sharing this 'first of its' kind' class for 10th-12th graders, featuring a hands-on curriculum that allows students to create, collaborate and use modern and traditional tools --resulting in innovative products and devices. This is truly a pioneering venture, a partnership with O'Reilly and Associates, supported by the Sebastopol Rotary Education Foundation. The first year included 29 students, working on the O'Reilly campus. Now the old Analy tech lab is being converted into a '21st Century' shop/lab, doubling the number of participants.

Keller introduced teacher Casey Shea, a former math teacher (among other careers including river-raft guide) and the perfect fit for such a program. In his different stages, Casey always had the 'need' to fix, create and make things -- and that's what he expects and encourages his students to do.

O'Reilly's Dale Dougherty (introduced by **Keller** as the "Father of the Project"), had the same vision for many years and shared why such a program matters:

Students develop a better understanding of how things work, then envision and imagine how they can be improved and implemented in other ways.

Rotarian **Jerry Warren** then talked about how Rotary became involved through the SREF and how quickly the club embraced this project—to the point that Casey Shea is supported financially to explore expansion and other innovations to "MAKE".

Diana Rich then shared how this is also important to the Sebastopol community and the Sebastopol Community Center embraces future opportunities and access to “MAKE”.

The Closing Bell

President Edwin closed with Henry (an early Maker?) Ford's words (paraphrased),
“Anyone who stops learning – no matter what one’s age – is old.
Keep your mind young.”

President Edwin thanked Casey Shea for his presentation and presented him with a donation in his name to The Pathway Home, serving Iraq and Afghanistan vets transitioning back into society.

President Edwin then invited the group to visit the new MAKER classroom/lab next door. A number of student projects were on display and their ‘makers’ were on hand for demos. Projects included a solar lunch pail/solar cell-phone charger, a hover-craft, the solar-powered four-wheel ‘cycle’ made of PVC, the t-shirt launcher, a laser lathe, custom sign-maker and 3-D printer. The highlights also included **Larry (not Henry) Ford** taking off in the hover-craft, floating a few inches off the floor. Since his seat resembled a dental chair, one could imagine patients never having to leave their seats in his office (and **Larry** would not have to bend over in his later years to treat those patients).

The Final Bell

Even the cow bell was missing at the end of the day. Note to MAKERS: What about an electronic device that can track **President Edwin's** lost Rotary bell?

PROGRAM for August 17th – **Size Does Matter**

The ABC's of Rotary

(Taken from "The ABCs of Rotary", a Rotary International publication originally prepared by Dr. Cliff Dochterman who was RI President in 1992-93)

#29: Rotary Anns

In many Rotary clubs throughout the world, wives of male members have been affectionately called "Rotary Anns". This designation was never one of disparagement, but rather grew out of an interesting historical occasion.

The year was 1914 when San Francisco Rotarians boarded a special train to attend the Rotary Convention being held in Houston. In those days, few wives attended Rotary events, and until the train stopped in Los Angeles, the only woman aboard was the wife of Rotarian Bru Brunnier. As the train picked up additional convention-bound delegates, Mrs. Ann Brunnier was introduced as the Rotarian's Ann. This title soon became "Rotary Ann". Since the clubs of the West were inviting the Rotarians to hold their next convention in San Francisco, a number of songs and stunts were organized that would be performed in Houston. One of the Rotarians wrote a "Rotary Ann" chant. On the train's arrival at the Houston depot, a delegation greeted the West Coast Rotarians. One of the greeters was Guy Gundaker of Philadelphia, whose wife was also named Ann. During the rousing demonstration, someone started the Rotary Ann chant. The two petite ladies, Ann Brunnier and Ann Gundaker, were hoisted to the men's shoulders and paraded about the hall. The group loved the title given to the two women named Ann. Immediately the same term of endearment was used for all of the wives in attendance, and the name "Rotary Ann" was here to stay.

Guy Gundaker became president of Rotary International in 1923 and Bru Brunnier was elected president in 1952. Thus, each of the two original Rotary Anns became the "first lady of Rotary International".

Your commitment to assist as an AppleKnocker Scribe or Photographer is greatly appreciated and helps maintain a long tradition of no missed editions. The Editor does work to a deadline and the objective is to publish the completed AppleKnocker newsletter by Wednesday Morning - whatever it takes. For this reason, it is important for Scribes and Photographers to get their material to the Editor by Monday morning, latest - and to inform the editor of any anticipated delay. Scribe notes (.doc or .txt format) and digital photos (medium resolution please, around 500 KiloByte .jpg files or larger if possible) may be sent to the Editor as an email attachment or via his "dropbox" (even large folders of files) at <https://dropbox.yousendit.com/TRBoag-Dropbox> .

Thank you for your commitment and contribution to our team effort, Tom Boag, Editor, Co-Chair, and Harvey Henningsen, Coordinator and Co-Chair

Note that commitment is for all scheduled meetings and special events of listed month. If a scheduled Scribe or Photographer cannot make a meeting for any reason then it is their responsibility to secure a substitute from either the above list or someone else suggested by Harvey Henningsen. Please inform Harvey Henningsen (hhartist@sonic.net) AND Tom Boag (TRBoag@aol.com) in advance of meeting.
