All the News that Fits We Print

At the Bell

As Winter Solstice, Hanukkah and Christmas quickly approach, the Rotary Club of Sebastopol held its last regular meeting of year 2011 on Friday, Dec. 16.

Steve Prandini led the club in *The Pledge of Allegiance* and **Karen Daniels** led the singing of *America the Beautiful*.

Rev. Gene Nelson offered an illuminating thought for the day about candles and the many symbolisms attached to them — especially at this time of the Holiday Season.

Visiting Rotarians and Guests

We had two visiting Rotarians, Ernie Grier, of Oakmont and Fred Kenyon from Petaluma Downtown.

Several guests were introduced, including students from the various local Rotary Interact clubs. **Ken Jacobs'** daughter **Claire** introduced her classmates, **Jemma**, **Noa**, and **Aja** who also were selling Greeting Cards for their Adopt-A-Family fundraising.

Pauline Pellini introduced two Brookhaven Interact members, **Amanda** and **Shannon**.

Other guests included **Evelyn Farrell** (Tom's wife), **Judy Stupfel** (Norm's wife), **Jerry Warren's** wife, **Kay**, Gary Thompson, and Lillian, Anna and Daniel Judd, members of

Dennis Judd's family. **Troy McAdams** introduced his wife **Nicole** and **Future Club President Edwin Wilson** introduced his wife and honorary club member **Diana**.

Announcements

Club President Aleia Coate thanked **Pauline Pellini** and her family for hosting the Club's Holiday Party last Saturday. She gave **Pauline** two gift certificates and she also thanked party chairman **Steve Prandini** who acknowledged his helpers and committee members, including **Kathy Mayhew**, **Ken Silveira**, **Troy and Nicole McAdams**, **Rick "Santa Claus" Wilson**, his "elf" **Cindy**, **Brad Benedetti**, and **Paul Thielen**.

President Aleia called upon **Bill Cole** for the bourbon balls which he brought to the party. They were so popular, **Aleia** thought **Bill** should be recognized for \$35. She agreed to reduce the recognition to \$30 if he supplied the recipe.

Aleia also acknowledged **Santa Rick** for \$25 and she flashed a photo of **Pete Hill** sitting on **Santa Rick's** lap. **Rick** called it a "religious experience".

Adopt-A-Family

Pauline Pellini and **Emily Buller** reminded all the club members of this year's Adopt-a-Family gift wrapping session (Saturday, Dec. 17) at the Sebastopol Firehouse. (See the photos later in this newsletter. –Ed.) **Emily** said the club, along with the four Interact clubs and the donations of the Wine Country Real Estate Group, is delivering gifts and food baskets to 24 families with 66 children—the most of any previous year.

Emily

recalled her days as a

young Interactor and the lessons she gained from her Adopt-a-Family experience. "No matter how bad you think you have it, you come to find that there are those who have it much worse than you. It makes you even more grateful for everything."

Aleia asked **Pauline** to continue standing as she recognized here for a trip to Lake Tahoe, a wedding trip to Houston and for the arrival earlier this week of her second grandchild.

Crab Feed 2012

Tickets are still being sold for the 10th annual Crab Feed on February 11, 2012. Members can pick up extra tickets from **Dorothy Rodella** at the Exchange Bank.

Troy McAdams asked club members to make donations to the Crab Feed raffle. Call him at 823-1584.

Happy New Year, District Governor Reception January 6

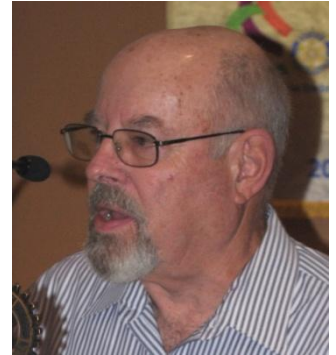

Aleia reminded all club members that the club will be dark on Dec. 23 and 30. On Jan. 6, District Governor Maureen Merrill will make her official visit to the club and a reception will be held the evening prior at a location to be announced. (See Future Events for the answer. -Ed.)

Youth Exchange Student Report

Tom Lambert introduced Rae Schultz who spent her 2010-2011 school year in Taiwan. The very poised young woman was the first Exchange Student from District 5130 to be sent to Taiwan. Rae offered the club a photo tour of her year in Taipei, Taiwan where she learned to speak and write Mandarin Chinese.

Rae said she was very impressed with the Taiwan students who attend school from 7:30 a.m. to 5 p.m. throughout the week, with many students staying even later for extra work.

Recognitions and Fines

Birthdays

The club has triplets! **Mike Ferguson, Dick Zimmer, and Bill Cole** all share Dec. 20 as a birthday. They also share their good looks, which when split three ways, doesn't go very far.

Guenter Meiburg doesn't share his birthday with anyone in the club. It's on Dec. 22.

Aleia's Closet....

Fined last week for not cleaning her closet during her recent vacation, **President Aleia** offered proof during the meeting that she had finally cleaned her closet. More than half the club did not seem overly impressed.

The Raffle

Tim Moore had the winning number and the losing spin of the wheel of fortune.

PROGRAM

Club member **Dennis Judd** introduced his mother Lillian, a WWII Holocaust survivor who recently published a book entitled, "From Nightmare To Freedom, Healing After The Holocaust.". The book is filled with family photos as well as a collection of images from the United States Holocaust Memorial Museum.

As a young girl Lillian and her Jewish family from Czechoslovakia were taken to Auschwitz Concentration Camp by the German Nazis. Her grandfather and other members of her family died in the camp. Her story is full of both horror and hope as she eventually survived with two of her sisters.

Asked why she wrote her book she answered, "I'm trying to teach young people and others to get rid of their anger; that anger will always lead to bad things".

She said, "Please read my book and keep the story of the Holocaust alive".

Son **Dennis** said that, while he was growing up, his mother never talked much about her days in Auschwitz and the other concentration camps. "I always noticed there was like this 15 year gap in my family. We never had grandparents or other relatives of that generation. They were all gone but we didn't know why until Mom started telling her story."

Lillian and her sisters lived in the German concentration camps for 1 1/2 years, finally walking to freedom after the Germans were defeated.

The Closing Bell

President Aleia thanked Lillian Judd for her moving presentation and presented her with a donation to Polio Plus in her honor. She then adjourned the meeting at 1:30 p.m.

After The Bell

Many thanks to **Rollie Atkinson** for his Scribe efforts this month and also to **Dick Zimmer** for huge quantities of great pictures. We were busy with Santa duties this week so we took the liberty of delaying distribution of the AppleKnocker. Since the club is dark for the next two weeks, **-Ed.** will take some time off. All the best for the holidays. **-Ed.**

The ABC's of Rotary

(Taken from "The ABCs of Rotary", a Rotary International publication originally prepared by Dr. Cliff Dochterman who was RI President in 1992-93)

#78: Special Rotary Observances

In the annual Rotary calendar several months and weeks are designated to emphasize major programs of Rotary International.

- January is Rotary Awareness Month. This is a time to expand knowledge of Rotary and its activities among our membership and throughout the community.
- February is designated as World Understanding Month. This month was chosen because it includes the birthday of Rotary International, 23 February. During the month, Rotary clubs are urged to present programs that promote international understanding and goodwill, as well as launch World community service projects in other parts of the world.
- World Rotaract Week is the week in which 13 March falls. It's a time when Rotary clubs and districts highlight Rotaract by joining in projects with their Rotaract clubs.
- April is set aside as Magazine Month. Throughout the month, clubs arrange programs and activities that promote the reading and use of The Rotarian magazine and the official regional magazines of Rotary.
- June is Fellowships Month, a time to increase interest and membership in one of the dozens of Rotary fellowships and celebrate the ideal of service through common hobbies and professions.
- July is Literacy Month, a time for clubs to develop their own literacy projects, as well as raise awareness of Rotarians' efforts worldwide to eradicate illiteracy.
- August is Membership and Extension Month, a time to focus on Rotary's continuing need for growth, to seek new members and form new clubs.
- September is New Generations Month, when Rotary clubs of the world give special emphasis to the many Rotary-sponsored programs that serve children and young people.
- October is Vocational Service Month. During this period, clubs highlight the importance of the business and professional life of each Rotarian and emphasize the Rotarian practice of high ethical standards.
- November is Rotary Foundation Month. Clubs and districts call attention to the programs of The Rotary Foundation and frequently cultivate additional financial support for the Foundation by promoting contributions for Paul Harris Fellows and Sustaining Members.
- World Interact Week, the week in which 5 November falls, is a time for sponsoring Rotary clubs to plan joint projects with their Interact clubs.

Each of these special times serves to elevate the awareness among Rotarians of some of the excellent programs of service to be found in the world of Rotary.

Organizing New Clubs and Extending Rotary Steady growth in new clubs is extremely important in extending the worldwide programs and influence of Rotary International. In fact, in recent years, new clubs have been the impetus in supporting membership increases. New Rotary clubs may be established anywhere in the world where the fundamental principles of Rotary may be freely observed and wherever it can reasonably be expected that a successful club can be maintained. For example, many of the new clubs formed since 1990 have been in the emerging democracies in Eastern Europe. The RI Board of Directors must approve the extension of Rotary into countries where clubs have not previously existed.

A club must be organized to serve a specific "locality" in which there are enough business or professional persons of good character engaged in leadership, proprietary, or management positions and where there are opportunities for Rotary service. A minimum of 40 potential classifications is necessary for a proposed new club, and from that list a permanent membership of at least 20 members must be enrolled.

District governors are responsible for approving and monitoring the formation of new clubs. The governor appoints a special representative to guide the organization of a new club, with the first step being to conduct a survey of the locality to determine the potential for a new club. Among the requirements for a new club is the adoption of the Standard Rotary Club Constitution, a minimum of 20 charter members with clearly established classifications, election of officers, payment of a charter fee, weekly meetings of the provisional club, and the adoption of a club name that will distinctly identify it with its locality. A provisional club becomes a Rotary club when its charter is approved by the RI Board of Directors.

It is a great opportunity and special duty of all Rotarians to assist and cooperate in organizing new clubs. New clubs strengthen Rotary's long-term viability and its commitment to humanitarian service throughout the world.

Membership Moment

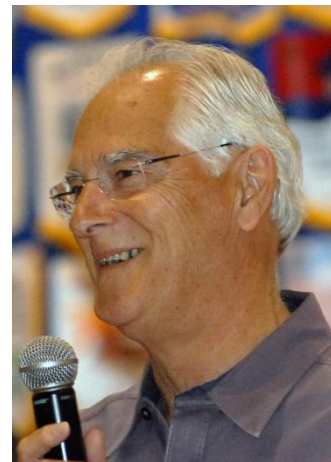

Yesterday I received a call from **Steve Prandini** asking if I would help drive some Brookhaven Interact Members to buy holiday gifts for families in need. I had the time, and since the original request came from **Pauline Pellini**, I jumped at the opportunity to help. I showed up at Brookhaven, along with **Steve Prandini**, **Pauline Pellini**, **Aleia Coate** and **Brian Langerman**. I was in for a real treat.

We had about twenty middle school age students who were prepared to go on this shopping spree. I drove four girls (young women); they were all cheerful, polite and anxious to participate in this service project. They seemed to really "get it", that they were doing something that could seriously impact the lives of those less fortunate that they were. I watched as they all went through the items in the store, discussing how they could buy the very best for the amount of money they had budgeted for each recipient. They discussed the ages of those that would be receiving the gifts and spent time to make sure the items they were purchasing were age appropriate.

The other treat was watching **Pauline** and **Aleia** work with these young people; they both communicated and moved within the group with such ease. They were not only respected, but accepted by these young people. I was so impressed with the leadership that I witnessed from both of these talented Rotarians.

When you have time, take a minute to thank **Pauline** and **Aleia** for the wonderful job they have done with the Brookhaven Interact Program and the youth of our community. These Rotarians, along with our other Rotarians who work with the Interact Programs at the other schools are leaving their mark on this community in such a positive way...**IT MAKES ME PROUD TO BE A ROTARIAN AND TO CALL THESE ROTARIANS MY FRIENDS.** — **Harry Polley**

THOUGHT FOR THE DAY—"The happy people are those who are producing something; the bored people are those who are consuming much and producing nothing."—Dean W. R. Inge.

Last Week
Reverend Howard Daulton, First Methodist Church of Santa Rosa, brought us a forceful Christmas message excellently prepared and presented in a unique way that held the interest and attention of all of us. Thanks, Lewis Whitehead for arranging Howard's visit.

This Week's Program
Dan Galvin, Manager, Radio Station K. S. R. O., Santa Rosa, will be our guest speaker. Dan's subject sounds intriguing: "If it isn't free, it's too expensive." Howard Enos, Program Chairman for the day, won't tip us off with any further information, so be sure and attend this sure to be interesting talk. (Yes, Pres. Bob, Howard did notify the editor, not two weeks but three weeks in advance. Tried to buy additional ad space in bulletin for his program!)

PROGRAM CHAIRMEN FOR FUTURE WEEKS
Jan. 5 _____ Club Assembly — Bob Shone
Jan. 12 _____ Bill Hotle
Jan. 19 _____ Jack Costa

BIRTHDAYS
If there are any this week, we didn't get the word. Sure hope Prez. Bob didn't forget to pass along the info and let some good Rotarian go unnoticed!

ROTARY BULLETIN
You read nothing about it in the general press and very little about it in the Rotary press, but a certain Rotary activity that is quietly taking place all over Europe is making a substantial contribution to the peace of the continent. This is the "Conact Clubs" proram, with German and French clubs paired off, with Austrian and Italian Clubs traveling to see each other, with hundreds of two-way contacts building understanding across borders. This story is told in three parts, in the Rotarian for December.
Sebastopol Rotary was 4th in the District with 99.51 attendance for the month of October. Let's really show 'em this coming year.
Prez. Bob is holding a Club Assembly on January 5th, 1 to 1:30 p. m. Better be on hand!!!

"NOW YOU KNOW..."
When Don R. (not to be confused with Don S.) created a ruckus last week, did you see the worried look on Bob Shone's face? Bob wasn't worried whether Don R. stayed or left, but he could see himself looking for another lousy editor for the bulletin. Well, we succeeded in letting the moths out of Archie's wallet along with two bucks!! Archie, old chum, you were lucky to get off so easy; we had arranged for John Ellis, Sheriff, to be with us to work you over, but Friday morning John phoned he couldn't get here.
Something of interest is being added to the bulletin and will appear weekly, or perhaps it's weekly! Can you find the change?
UNDESIRABLE: Billy, age 6, was exasperated with the almost continuous squalling of his baby brother. "I bet I know why he came from heaven," Billy mused. "They put him out."
On the light side: "A miss is as good as a mile and a lot more fun." However, "If you want the world to beat a path to your house, just lie down to take a nap."
Let's keep it on the light side: A patient in Palm Drive Hospital was coming out of the ether in the ward after an operation, exclaimed audibly—"Thank goodness, that's over!" "Don't be too sure" said the man in the next bed. "They left a sponge in me and had to cut me open again." Just then the surgeon who had performed the operation stuck his head in the door and called out—"Has anybody seen my hat?" The patient fainted.
The trouble with some guys, they have glowing personalities only when they're lit up. (Long holiday this weekend, men; take it easy!)
At that, progress does have some disadvantages, - a smoke signal never got an Indian out of bed at 3 a. m. to answer the wrong number. (Charley, we don't know where you get some of these!)

Prez. Bob, Bud Park is bothering us again; keeps writing stuff, and sometimes we're short of material and have to use a line or two he sends in. Now he wants to pay me so much a line so he can write regularly. Is it O. K. for me to accept a little payola?
Remember when civilization used to stand at the cross roads and wonder which way to go? These days it has to find the right cloverleaf at 60 miles per hour.
Take a look in your wife's purse if you want proof that money isn't everything.
With the New Year just around the corner, a consolation: you only have to put up with the present club administration for 6 more months! And a Happy New Year to you, too!
