## At the Bell

**President Edwin** noted that this would be a special time, with the Olympics opening today and something about "English Week" (?). Apparently, only those with Badge Numbers 1-20 would get that. This only raised suspicions that our numbers are in opposite relationship to our IQ's.

**Richard Petersen** led the flag salute; **Karen Daniels** directed us to a chorus of 'God Bless America'. **Sarah Gurney** provided the Rotary Moment:

"No matter what our age we are in our right place, for wherever we are at that point in time, and we can freely develop our feelings of worth and take joy in this phase of our life." (Virginia Satir, author of THE NEW PEOPLEMAKING)

## Visiting Rotarians and Guests

**Bud Daveiro** introduced Sebastopol Sunrise Rotarian Gus Ament (Electrical).

**President Edwin** announced the presence of **Club First Lady Diana**.

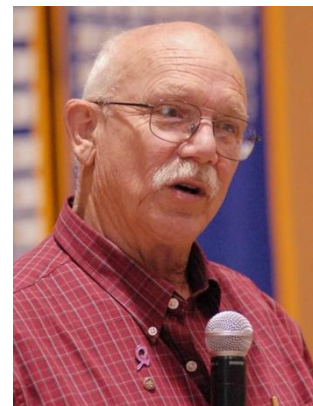

**Bob Rogers** was accompanied by **Peggy**; **David Woodruff** was joined by fiancée **Marcela Gaskill**; **Robert Jacob** welcomed Craig Litwin; **Jack Blasco** invited wife **Marie**; and **Tom Dilley** was able to keep wife **Pat** from K-Mart with a free lunch offer

## Announcements

Before opening the floor for announcements, **Prez Edwin** again singled out **Sgt-at-Arms Dick Zimmer** for negligence: First there was the disappearance of the flag and, now, a folder of information belonging to **Dick** that was left last week on a table. It cost **Dick** \$10, but the tab still may be climbing (more later).

Members were reminded of the upcoming CLUB GOLF TOURNAMENT on August 16; the deadline for sign-ups is August 10 (the same day of our off-site meeting at Analay High School. Another way to reserve your spot would be to e-mail **Brian Langermann**.

 CALL AHEAD TO CONFIRM MEETINGS

**Harry Simms** is still looking for Rotarians who would participate in the Gravenstein Apple Fair, either in the club information booth or the Project Share Life booth.

**Tom Boag** and **Harvey Henningsen** are still searching for scribes and photographers in the coming months. Please contact Tom and/or Harvey ASAP.  
**[J.T. Martin]** signed up as Roto-Photo-Shooter for August. We still need Scribes for September and October. Need some photographers on our backup list as well. –Ed.]

Harvey Henningsen was seen admiring Bob Rogers' new ear piercing. What a guy!

The August 10 off-site meeting at Analy High will feature the "Makers' Group" projects involving high school students. **President Edwin** reminded the membership that Rotary is one of the sponsors of this educational/creative enterprise, a joint effort between the high school and O'Reilly & Associates.

**"MEN AT WORK", "THE BIG DIG", or  
"HARD HATS vs. HARD-HEADED"**

As **President Edwin** was about to move on, the construction work outside the meeting room seemed to increase in volume. The **Prez** could barely be heard above the racket which, as **AG Richard Power** noted, may not be a bad thing.

Various construction crew officials entered the room in agitated states and went to the source of the problem, as they saw it: the **Prez**, who was poised to continue despite the distractions. After the 'site supervisor' determined that there were several oversights, including faulty plans and no permits, others in hard hats brought in more complaints and concerns.

The **President** was 'red tagged' for these and various other building infractions.

Shortly after, 'Cal TRANS' enveloped the podium with yellow cautionary tape; since **President Edwin** was not about to relinquish his stage, he, too, was encapsulated. While he tried to regain some

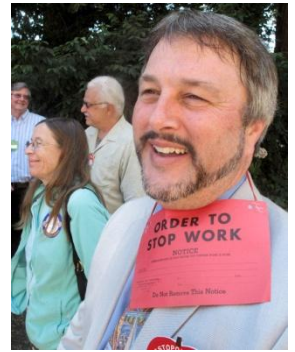

momentum, work crews entered the room, set up their equipment inside and went back to work.

That lasted only a few moments until an evacuation was ordered, due to a report of gas lines and sprinkler systems intermingling. As Rotarians gathered outside, **Tom Dilley** had time to share the actual drawings for the new structure. When asked about a completion date, he said, "November". Which raised the question, "What year?"

After all the confusion and chaos (OK, nothing new for a Friday), members returned to their places. Oh --sorry, **Dick** - the bell is now missing.

## Recognitions and Fines

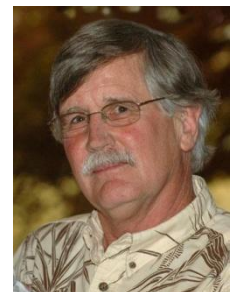

[No Time ☺ -Ed.]

## The Raffle

**Richard Power** was this week's Monopoly Deed winner (As the **Prez** always says, everyone's a winner...but they might not like the prize). In fact, **Richard** pulled out the coveted Long Financial card. Given a choice between \$100 or taking over **Mike Long's** business, **Richard** opted to contribute the money to Rotary Foundation. **Mike** seemed a little disappointed.

## The Program – GSE Experience in Turkey

**Barbara Barney** (Sebastopol Sunrise Club) and Rotaract member/Sonoma State University student Jessica Diaz shared their GSE experience in Turkey. Barbara led the team of four, including two other Rotaract SSU members. During their visit they met with 24 different Rotary clubs in Turkey. The memberships varied, from 12 to 35, but there was a common thread: evening meetings (all but for one breakfast club), that went into the night, with a lot of dancing and a little drinking (tea and coffee grounds, too). [You are not supposed to drink the grounds! -Ed.]

The team visited several sites and activities, including a kindergarten classroom, a Turkish brewery, and a family wing for parents of ill children (similar to a Ronald McDonald house). The team noted that Rotarians supported many of the same programs that local Rotary clubs are known to serve here: notably, literacy projects and safe houses for abused women and families.

Barbara and Jessica also discussed the pros and cons with club members regarding the RI move from the Group Study Exchange program to world-wide vocational training opportunities that would include more Rotarians.

At the conclusion, **President Edwin** thanked the duo and honored their visit with a donation to the Pathway Home, serving Iraq and Afghanistan vets transitioning back into society.

### The Closing Bell

#### **FINAL THOUGHT FOR THE WEEK FROM THE PRESIDENT:**

"We are all inventors, each sailing out on a voyage of discovery, guided each by a private chart of which there is no duplicate. The world is all gates, all opportunities." -Ralph Waldo Emerson

President Edwin then rang the ... umm, podium ... signaling the end of another carefully planned meeting.

### THE FINAL BELL

Was this the final sighting of the bell? Will it be buried in the foundation of the new building project?

#### #27: Unusual Make-Up Meetings

Which Rotarians have to travel farthest for a make-up meeting? You are right if you guessed the 34 members of the Rotary Club of Papeete, Tahiti, which is located in the middle of the Pacific Ocean and is the club that is most remote from any other. The southernmost Rotary meeting is that of the Rotary Club of Base Marambio-AntArtida in Antarctica. To visit the northernmost club, you must travel above the Arctic Circle to the Rotary Club of Barrow, Alaska, U.S.A. If you attend the El Aguilar club in Argentina, you are meeting with the highest club in the world at 16,000 feet (4,880 meters) above sea level. The lowest club meets at 40 feet (12.2 meters) below sea level at El Centro, California, U.S.A.

It is said that there is a Rotary meeting being held someplace in the world every hour of every day. If you attended one meeting per day, it would take nearly 80 years to visit all of the more than 29,000 Rotary clubs in the world, and by that time, no doubt, there would be thousands more new clubs to attend.
