All the News that Fits We Print

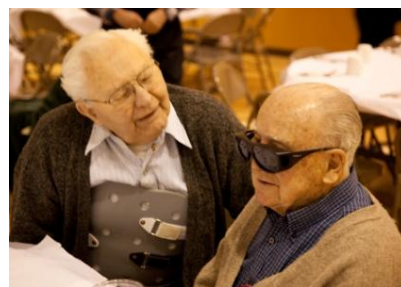

Before the Bell

Rick Wilson was our greeter, assisted by **Linda Collins**. Together they presented a warm and welcoming “hello” to each guest, giving just the right start to this meeting.

Russ Tighe, dapper in his new cummerbund, and **Tom Farrell**, incognito, were having an animated discussion.

New Club Group Photo – 56 MEMBERS HAVE TAKEN THE POLL, HAVE YOU?

Remember we want to take ONLY ONE new Club Group Photograph during either the meeting on April 13 or April 27.

So far the April 13 date is in the lead with 50 (89% of responders) saying they can make it then. April 27 has netted only 45 (80.4% of responders). (39, or 69.6% can make it on either day.) If you are in the minority (49.5%) who have not recorded your choice (or if you have made the wrong choice) then **President Aleia** will come after you and bend your arm. We don't want to miss you in the picture.

If you didn't get the email or if you haven't responded to President Aleia's (2-21-2012 12:34 p.m.) email, you can **DO IT NOW – HERE'S HOW:**

1) Click on the following URL: **CLICK HERE:** <http://www.doodle.com/k4hcd8xiqxbf7ths> and you will

be shown a table of other members' responses. (Of course you want to be there when everyone else is so you may be able to change your schedule ? Please. **You can take the poll more than once! We count your last choice.**)

2) Scroll to the bottom of the list and type your name in the box where it says “Your Name”.

Don't worry about appearing in the poll more than once – we'll take your latest input.

3) Click on one or both of the boxes to the right of your name, indicating you can make it Friday, April 13 AND/OR Friday, April 27. Click on Save, then close your browser. You are done, you have voted – so please show up!

CALL AHEAD TO CONFIRM MEETINGS

At the Bell

President Aleia began the meeting at 12:15. **Linda Collins** led us in the *Pledge of Allegiance*, and then

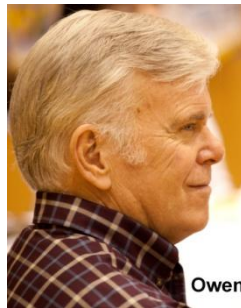

Keller McDonald led us in "Let Freedom Ring". Apparently

there was some sort of deal with **Frank Mayhew**, since **Keller** made a point of commenting as he began the song "Frank, this will cost you".

The thought for the day was offered by **Rollie Atkinson**, who walked us through a series of quotes that required we fill in the blanks...each in our own creative way. First quote: "Actions speak louder than _____. Second: "The best things in life aren't _____. Third: "Money can't buy you love, but _____. Finally: "Rotary is _____."

Visiting Rotarians and Guests

Owen

Visiting Rotarians: We had four visiting Rotarians: Karen Cauthen and Terry Kelley from the Sebastopol Sunrise Club; Knoel Owen, from Santa Rosa Main, and Ron Sparrow (formerly of our club) visiting from Santa Rosa West.

Kretschmer

Introduction of Guests:

J.T. Martin introduced his guest Julian Wells, a contractor. **Bill Lippert** introduced his wife **Charlie**, who he sweetly referred to as his "cutie". **President Aleia** introduced her guest **Monica Kretschmer**.

Announcements

President Aleia very kindly informed **Norm Stupfel** that his umbrella had been found. Of course, it cost him \$5 to get it back, but a new one would have cost more, right?

Barbara Beedon gave us some information about Women in Rotary's Silver Hearts Event, celebrating 25 years of women in Rotary. It turns out that this notable milestone is being recognized in California a year earlier than in other areas. California clubs were in the

forefront of the move to invite women in Rotary, taking in female members long before other clubs embraced the idea. The Silver Hearts event is on March 16, at the John Ash Vintner's Inn Center. **Barbara** encouraged all to attend, pointing out that it would serve as a make-up meeting for our club, and that all money raised would go toward scholarships for women re-entering the workforce, a very worthy cause. It was announced that **President Aleia** was putting together a table (or 2) from our club for the event.

President Aleia reminded all Rotarians to respond to her email about the club group photo. The goal is to get as many of us in the photo as possible. The choices are April 13 or 27. Someone asked if either of these dates conflicted with the Apple Blossom Parade, which provided a perfect segue for **President Aleia** to announce that our club will be joining forces with the Sebastopol Sunrise to work on a float for the parade. More on that to come.

Everyone was encouraged by **President Aleia** to complete a Planning Questionnaire, in order to help our **President-Elect Edwin Wilson** prepare for his tenure next year.

Vicki Patiño told us about the upcoming Friendship Dinners April 14 and 21. Friendship dinners are an opportunity for Rotarians to get to know each other outside regular club activities. **Vicki** announced that hosts are needed, as well as willing guests, and asked that anyone interested talk to her or fill out one of the forms on our meeting tables.

President Aleia graciously presented a Rotarian of the Month award to **David Schreiber**, recognizing his many contributions to the club. She commented that one of his very recent roles, among numerous others, was helping to deliver grant committee award letters. Staying with the grant theme,

President Aleia invited **Diana Rich (me!)**, Executive Director of the Sebastopol Community Cultural Center, to come to the podium to accept grant funds awarded to the Community Center. **Diana (me)** was gracious (really, I was!) in her acceptance, thanking the club for supporting the many programs of the Community Center that serve West Sonoma County. [Diana's picture shows her scribing for this issue. **-Ed.**]

Bob Rogers thanked **Troy McAdams, a.k.a. The Eveready Bunny**, for his endless energy in making the Crab Feed a success, noting that **Troy** was there at every stage of the event, and that his efforts were largely responsible for the substantial increase in raffle revenue this year (up from \$3,400 last year to \$4,900 in 2012!).

Bob Rogers read a heartfelt thank you note he received from Joel Salazer Méndez, the director of the school just south of Puerto Vallarta that our club has supported in various ways. Mr. Mendez reported in his letter that the students were benefitting greatly from our club's grant for the purchase of The Microsoft Mouse Mischief program.

Troy McAdams/The Eveready Bunny announced that The Hillcrest Middle School Interact Club is holding a rummage sale on Saturday, March 31, from 9 am to 4 pm, at the Discount Alley property. **Troy** urged everyone in the club to donate items to be sold at the rummage sale. The Hillcrest students were present at our club meeting when representatives from CASA spoke, and were so inspired that they've decided to donate all the proceeds from the rummage sale to CASA.

President Aleia wrapped up the day's announcements with a reminder that there would be two committees getting together after the close of today's meeting: The Crab Feed Committee, and The Program Committee.

Recognitions and Fines

Sergeant-at-Arms Nao Noguchi, was collecting fines.

Birthdays:

Rollie Atkinson had little good to say about his birthday on February 11. He sadly reported that he was out of town, all alone, and that it was a decidedly somber day. (This scribe suspects that somehow Rollie managed to have a bit of fun somewhere along the way). **Rollie's** sad story did not relieve him of his fine - \$5.

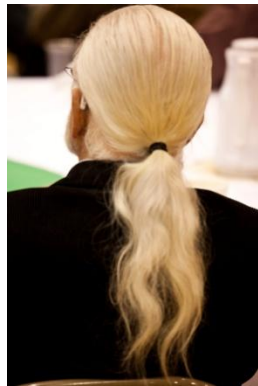

Bob Rogers was lucky (?) enough to have his birthday on the same day as our meeting, and so had the joyful (?) experience of hearing us all sing "*Happy Birthday*" to him. **Bob** had quite a lot to say about his birthday, most of it entertaining. He shared a comment he'd heard about his age (**70**), reporting that someone had said when informed of his age, "You're how old? Wow! That's like dead in dog years!"

Bob then tried to persuade us that he's really only 69, relying on an odd air transportation/time warp theory that this scribe just plain wasn't smart enough to follow. There was also something to do with the Hubble Telescope that was very confusing for this scribe, and ended in a statement to the effect that compared to the 13 billion years it took for certain images to get to the Hubble Telescope, his 70 years didn't seem old at all. (Like I said, I was very confused.) **Bob** was fined \$20.

Anniversaries:

Tim Moore and his **wife Maryann** celebrated 32 years together, on February 16th. They chose a fabulous way to celebrate: taking a cruise through the Panama Canal. Fined \$35.

Bill Cole and his **wife Wendy** were also traveling on their anniversary February 24th. They were in the midst of air travel, either going to or coming back from Bangkok, Thailand. Through the magic of time zones, they managed to have a two-day anniversary! Fined \$5.

Tony Given and his **wife Gloria** had their anniversary on February 26th. **Tony** reported that it was just one more good day topping off 40 years of marital bliss. Nice! Fined \$5.

Recognition:

Tom Dilley faced a fine for a combination of reasons. First, he had a fun trip to Arizona. Secondly, and most importantly, was the incident with the tie. It wasn't so much that he sold the tie lovingly made for him by his wife. No. What really ticked off **President Aleia** was **Tom's** statement when he relinquished the tie. At that crucial moment, when he could have wished a teary goodbye to his tie, he instead declared with gusto "I will never have to wear this *!%\$&! tie again!" Fined \$25 for this transgression.

Foundation "Brag Bucks"

Sally Ewald announced that the Ewald 2010 Pinot was awarded 91 points by the Wine Spectator, a significant recognition. **Sally** invited Club members to join her and her husband **David** for barrel tasting on March 11, at Siduri. Siduri is the winery that bottles the Ewald grapes.

Jack Blasco chose this moment to share with all attending an interesting anecdote about President Aleia, involving a girl's weekend away in Tahoe. Although **President Aleia** admitted the weekend away, she denied that the photo supposedly showing her skiing in an outfit with a truly odd hat was in fact a photo of her. Could it be that it was faked?? Fortunately, **President Aleia** was a good sport, and agreed to the \$25 fine imposed.

The Raffle

Gene Nelson drew the winning raffle ticket, was allowed the liberty of repositioning the wheel of fortune, and still managed to only win \$5! (Maybe there is something to these suspicions that our trusty wheel of fortune has somehow been rigged???)

PROGRAM

Mike Ferguson introduced our speaker, Wanda Smith. Wanda has an impressive background as an equestrian and entrepreneur. She has a master's degree in engineering from Stanford, and 40 years of experience in research and development. In 1984 she was honored as one of Esquire's Top 200 People Changing America. She's written a book titled "Horses of the Wine Country", about the contribution horses have made to Sonoma County's history, economy, culture, and events. Wanda has published four other books, as well as numerous articles in scientific journals. **Mike** explained that the publication of her book "*Horses of the Wine Country*" jumpstarted a project to create an Olympic quality recreational and educational equestrian center in Sonoma County, and that this new facility would be her topic of discussion today.

Wanda proceeded to describe various aspects of the facility that she is working to bring to completion: The California Equestrian Park and Event Center (CEPEC). She provided an interesting overview of the project, which she became involved with 3 years ago. At that time, Wanda was approached by the Sonoma County Horse Council and asked to support the group's efforts to build a world class equestrian horse park in Sonoma County. Wanda walked us through the various reasons that CEPEC is needed in the County, and would be a benefit here.

She pointed out that there are 20,000 horses residing in the County, and yet for events and medical care, these horses are taken to other counties, with the revenue potential for Sonoma County thereby being lost to those other counties.

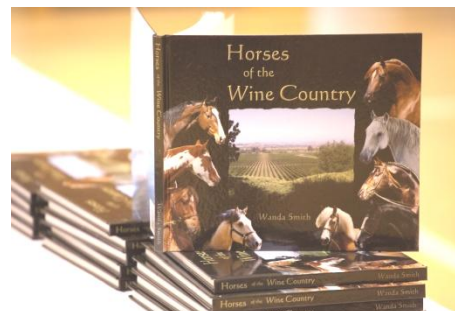

Wanda described the new CEPEC as a facility that would provide, in one location, a wide variety of equestrian-related services, including space for events, veterinary services, educational opportunities, conferences (including lodging for visiting horse owners), emergency care facilities, camping, a polo field, an equine track, trails, and a variety of horse arenas. The facility will be completely green and sustainable. Wanda reported that projections show that once it is fully operational, CEPEC will generate \$250 million a year for the Sonoma County economy. During the construction phase, which is expected to last 5 to 7 years, 1,500 people will be employed. Once construction is completed, 70 employees will be needed to maintain operations. The total cost for the project is estimated at over \$200 million. The land has been identified, and the landowners involved are very supportive of the project and willing to commit their land. The property consists of a 1,000 acre valley tucked in between Stony Point Road, Meacham Road, and Roblar Road [Convenient to Washoe House. -Ed.]. The project is moving along quickly, according to Wanda. It is her expectation that construction will begin in about two years, and that by the end of the third year, CEPEC will be producing partial revenue, well on its way to fulfilling the dream of having a fully functional world-class equestrian center right here in Sonoma County!

After a brief Q&A session, **President Aleia** thanked Wanda for her presentation, and presented her with speaker gifts.

The Closing Bell

President Aleia rang the meeting to a close at 1:30 pm.

After the Bell

The ABC's of Rotary

(Taken from "The ABCs of Rotary", a Rotary International publication originally prepared by Dr. Cliff Dochterman who was RI President in 1992-93)

#7: Rotary Mottoes

The first motto of Rotary International, "He Profits Most Who Serves Best", was approved at the second Rotary Convention, held in Portland, Oregon, in August 1911. The phrase was first stated by a Chicago Rotarian, Art Sheldon, who made a speech in 1910 that included the remark, "He profits most who serves his fellows best." At about the same time, Ben Collins, president of the Rotary Club of Minneapolis, Minnesota, commented that the proper way to organize a Rotary club was through the principle his club had adopted— "Service, Not Self." These two slogans, slightly modified, were formally approved to be the official mottoes of Rotary at the 1950 Convention in Detroit—"He Profits Most Who Serves Best" and "Service Above Self" as the principal motto of Rotary, since it best explains the philosophy of unselfish volunteer service.

25 YEARS BACK -- APPLEKNOCKER FOR FEBRUARY 27th, 1987

THE APPLEKNOCKER

Rotary Club of Sebastopol
February 27, 1987

The pledge to the flag was offered by AL CARRION, followed by some strange round by PAUL THIELEN - America and Bayou Doodle, or some such. VINCE SPENCER put forth a modest invocation for a change. Among the list of visiting Rotarians was Tom Sawyer from Independence, Mo., I believe. The list was upstaged by STEVE ANTON's outfit. There were a number of comments including "the circus is back in town" and "something to do with prison clothes" or whatever. LARRY FORD maintained his record with a major late appearance, which prompted the call "HARRY, see LARRY." This was just the beginning of PRESIDENT BRUCE losing control again, or still. Announcements continued, seeking the Pancake Breakfast sign, although some wag suggested it was still up. BILL COCHRAN received a certificate of appreciation for the Valentine's Day party.

The Prez hit the fine trail, starting with CARLIN WHITLATCH, for last week's acknowledgment of 45 years of marriage, BRUCE HARDING's anniversary, and DICK ZIMMER for something. JACK JONES for information failure and KEN MCHUGH for hitting it big at casino night - the tight Prez refused to take script. The Tahoe extravaganza cost some money. MARK SELL, RICK ERNSTER and GENE NELSON got hit for the International Domino Championship and a tape of a phone conversation got STEVE ANTON and HAL KAGAN awards for wussing out. There was a mass fine for all the Tahoe Hoodlums before it was over.

The program committee came up with an excellent program for the meeting. Bob Guttiebel from the Christian Connection provided a stimulating discussion of a program with which he is involved. The Christian Connection is an organization that works with prisoners in jail and ex-offenders, somewhat along the lines of AA. The focus is getting prisoners to acknowledge what they have done as a first step toward rehabilitation. He also had a number of criticisms of the justice system. Bob noted that 90% of the population of prisoners and ex-offenders have drug and alcohol related problems.

We need them.
Brands that flare to show us
the dark we are in,
to keep us moving in it. Levertov

Scribe: Roger Rose

District 513's Group Study Exchange team to Japan will now include our own Stuart Peterson. Because another team member is unable to go, Alternate Stuart will step in. 5 weeks of vocational and cultural study begin in April. Good luck, Stuart. Of course, Malcolm Sibbensen of Sebastopol will be on the GSE team to Chile. Two from our club - extraordinary!

This Week: Chuck Baker, Chief of Sebastopol's Police Department will address the needs of the department and what's new with the new station.

March 6: Randy Hayes of the Rain Forest Action Network will speak.

Sunday, March 8: Pancake Breakfast. This will be in lieu of our regular meeting on March 13.

March 13: DARK

March 20: A program on the San Francisco Giants.

THE POLIOPLUS CAMPAIGN

- POLIOPLUS is Rotary International's program to help immunize the children of the world against polio and other deadly diseases. Rotary International has pledged to promote and assist polio immunization worldwide in partnership with governments and international health agencies.
- Rotary International's emphasis is on polio, but the problem is bigger than polio alone. Each year 4,000,000 children die from six dreaded diseases that could be prevented by immunization: polio, measles, diphtheria, tuberculosis, tetanus and pertussis (whooping cough). The vaccines to prevent these diseases reach fewer than one in five children in many developing nations.
- It is estimated that 100,000,000 babies are born each year in developing countries. To assure polio immunity, up to six doses of the oral polio vaccine (approx. 4 cents per dose) may be required. 100 million (newborns) x 6 (doses) x \$.04 x 5 (years) = \$120,000,000. This figure is for polio vaccine only; additional funds may also be provided for other vaccines and equipment where needed.
- It is anticipated that the funds will be raised from Rotarians and through Rotarians, with Rotarians themselves contributing the majority of the total.
- The POLIOPLUS CAMPAIGN must be an EXTRAORDINARY effort and considered a priority among all Rotarians. Each Rotary club will be asked to raise a specific goal.
- The POLIOPLUS CAMPAIGN will unfold in three phases:
July 1986-June 1987: Organization, Education & Major Gift Solicitation
July 1987-July 1988: Intensive Fund Raising Activities and Special Events
July 1988-December 1990 and beyond: Gift Payment Period

THE CHILDREN ARE WAITING!
