

The Rotary Club of Kwinana

District 9465 Western Australia

Chartered: 22 April 1971

Team 2013-14

President
James Sharkey
Secretary
Genevieve Carr
Treasurer
John Iriks

President James

Bulletin

No 01 01 July 2013

We took onboard a new team for 2013-14.

President Edd handed over the reins to President 2013-14 James Sharkey.

The venue looked terrific thanks to Cathy Sharkey and her team of helpers. Very good turnout with 60+ attending. Couple of outstanding highlights.

PP Harry Tebbutt awarded a PHF Sapphire Pin for his outstanding contribution over a long period of time to our club and to the community of Kwinana.

PP Edd Samut awarded a PHF for his long standing involvement and support to the Kwinana Rotary Club and to the Kwinana community.

PE Michael Nella won the club 'Fellowship Award' for 2012-13

The evening was in good hands, Master of Ceremonies PDG John Iriks performed the task with his usual aplomb (but only managed to mention the 'Bendigo Bank' once) "you're slipping John"

Great night, our thanks to all concerned for making us all very proud to be members of the Rotary Club of Kwinana.

The Four-Way Test

Of things we think, say or do.

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL? and BETTER FRIENDSHIPS
4. Will it be BENEFICIAL to all concerned?

Sergeant Garry Bassett presented a 'Fine session' with a difference

Outgoing Sergeant Garry presents the 'wooden spoon' to incoming sergeant's deputy Matt White

The Venue looked outstanding

A man flying in a hot air balloon suddenly realizes he's lost. He reduces height and spots a man down below. He lowers the balloon further and shouts to get directions, "Excuse me, can you tell me where I am?" The man below says: "Yes. You're in a hot air balloon, hovering 30 feet above this field."

"You must work in Information Technology," says the balloonist. "I do" replies the man. "How did you know?" "Well," says the balloonist, "everything you have told me is technically correct, but It's of no use to anyone."

The man below replies, "You must work in management." "I do," replies the balloonist, "But how'd you know?" "Well", says the man, "you don't know where you are or where you're going, but you expect me to be able to help. You're in the same position you were before we met, but now it's my fault."

A wife send her husband an sms on a cold winter evening: "Windows frozen". The husband send answer back: "Pour some warm water over them". Sometime later husband receives answer from his wife: " Thanks the computer is completely stuffed now".

My Wi-Fi suddenly stop working then I realized that my neighbors have not paid the bill. How irresponsible people are.

Q: How many programmers does it take to change a light bulb?

A: None, that's a hardware problem.

A customer comes into the computer store. I'm looking for a mystery Adventure Game with lots of graphics. You know, something really challenging." "Well," replied the clerk, "Have you tried Vista?"

There was an engineer, manager and programmer driving down a steep mountain road. The brakes failed and the car careened down the road out of control. Half way down the driver managed to stop the car by running it against the embankment narrowing avoiding going over a cliff. They all got out, shaken by their narrow escape from death, but otherwise unharmed. The manager said "To fix this problem we need to organize a committee, have meetings, and through a process of continuous improvement, develop a solution."

The engineer said "No that would take too long, and besides that method never worked before. I have my trusty pen knife here and will take apart the brake system, isolate the problem and correct it."

The programmer said "I think you're both wrong! I think we should all push the car back up the hill and see if it happens again."

Makeup opportunities
