Bulletin

No 1 09/07/2022

Rotary Club of Kwinana is 51 years' old 1971/2022

Another year ticks over, lets hope we are heading for better things, COVID, the cost of living, and world affairs are certainly not helping.

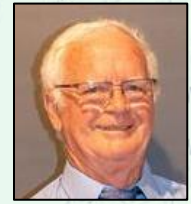

We attended our club changeover last Saturday at the Kwinana Bowling Club, a very good venue for us, close by, plus a number of our members are also members of the Bowling Club. Our club rooms are licensed to host a max of 50 people hence our use of an alternative venue.

Over 50 attended our changeover 2022, privileged to have our District Governor Ric McDonald and Ailsa, and Kwinana Mayor Carol Adams with us, our AG Grace had about 12 invited guests, along with many of our wives and partners. Kwinana PP Chris Oughton and Lynne Woolfenden from the Koortly Art Centre were each awarded a Paul Harris Fellow by our Rotary Club and presented by DG Ric. President James Sharkey and his team for 2022/23 were presented to the meeting. Present James thanked PP Bob Thompson and his team for a very productive year. A very pleasant evening was had by all.

Note PP Bob received from Lynne Woolfenden

Dear Bob and Jo

Thank you so much for inviting me to the Rotary handover dinner last night. It was a most enjoyable evening. I had many laughs throughout the evening, and it was a pleasure to be among so many warm, friendly people.

I also thank you for the presentation of such a prestigious award. I was most surprised because I thought I was there to represent Koorliny and was taken aback to be personally honoured and acknowledged for a long association with the Arts. I do not ever seek such recognition, because I feel an obligation to make a meaningful contribution by sharing the life skills I have acquired due to the many opportunities I am fortunate enough to have been afforded by God during a long career of privilege. I hope these contributions have made difference to the people and organisations I have been able to assist. I am therefore humbled to have received recognition from Rotary International and the Kwinana branch of Rotary. It was also an honour to share the stage with another great Western Australian whom I greatly admire. Chris Oughton has worked hard throughout his career, and it was a delight to see him also honoured last night.

Thank you for sharing an insight into what you also do at Rotary. I have long admired the work of the Kwinana Branch and perceive it as one of the most successful branches in Western Australia and perhaps nationally as well. You are all doing a great job and can feel justifiably proud.

It was a particular delight to share an evening's enjoyment with two such lovely people.

Thank you.

Lynne

The Team for 2022/23

Kim Beciri, PDG John Iriks, PP Genevieve Carr, PP Bob Thompson, PP Stephen Castelli, PP Mike Nella, President James Sharkey

Fine Session: Sergeant Cyril Bennett

Stand-in: John Maskell

Deputy Bill Rowe.

No Badges: Quite a few

Stephen C: Came back from Indonesia later than the others? Was your flight's cancelled?

Greg and Cyril: Just for the record! While we work together, share the same motel room together, we definitely don't share the same bed.

Cathy S: For the beautiful table settings.

Dockers because they won.

Eagles because they lost.

John Wallhead for jumping the queue, you're on table 8 not table 7.

Chris O: Disagreeing with PDG John and throwing serviettes at him.

A Rotary visitor to Japan told a joke lasting 2 minutes. The interpreter then translated using only a few words. Everyone laughed. Afterwards the visitor asked the interpreter how he translated such a long joke so quickly. "Well, I didn't think they would get the point, so I said, "Our guest has just told a joke. Everyone please laugh."

Polio this week

6th July 2022

“In addition to our work building the engagement and knowledge of pediatricians and clinicians, we are reaching the community and community-based health care providers including traditional healers. We also appeal to families for their support in reporting cases. The more aware they are of the symptoms of paralysis in a child, the quicker our surveillance coordinators can collect the stool sample for analysis,” – Dr Mutahar Ahmed, Yemen’s national surveillance coordinator. Last week, the Global Commission for Certification of Poliomyelitis Eradication (GCC) met in-person in Geneva, to further [review and evaluate global criteria for certification](#).

Following wide engagement of stakeholders – from lab workers to engineers to certification bodies responsible for signing off on the lockdown of poliovirus strains after certification of eradication – WHO’s chief guidance document for poliovirus containment has been given an overhaul. The update to the [WHO Global Action Plan for Poliovirus Containment](#) (GAP-IV, previously GAP-III) comes at the request of the [WHO Containment Advisory Group \(CAG\)](#) and streamlines the tool with other relevant WHO guidance and technical recommendations made by CAG. Its availability is expected to help accelerate containment implementation worldwide. [Read more...](#)

Summary of new polioviruses this week:

- Chad: three cVDPV2 cases
- Niger: one cVDPV2 case
- Nigeria: three cVDPV2 positive environmental samples
- Yemen: four cVDPV2 cases

Of the 3 strains of wild poliovirus (type 1, type 2 and type 3), **wild poliovirus type 2 was eradicated in 1999** and no case of wild poliovirus type 3 has been found since the last reported case in Nigeria in November 2012. Both strains have officially been certified as globally eradicated.
