CREATE HOPE
in the WORLD

Rotary Club of Kwinana is 52 years' old 1971/2023

Bit of uncertainty surrounding the next few weeks meetings, caterer Stephen was scheduled to have a medical procedure which was cancelled and rescheduled. We were going to have our meeting at a local restaurant, all fixed, we will now have our meeting at Wellard Tavern on Monday 21st August.

We welcomed Othilie, our exchange student from Norway to our meeting tonight.

We were going to watch the progress of the Aussie 'Matildas' World Cup Soccer' game against Denmark, technical issues prevented this, down to an issue with our projector and a High-Definition picture source which our projector couldn't display? When our meeting finished the Matildas were 2 goals up. (Final score)

Geraldton trip, President Bob still hoping a few others will decide to come along.

Max and Tony continue their efforts in Timor-Leste, those with Facebook access are able to keep up with their progress,

Plans for the 3rd Kwinana Community Fair to be held on Saturday 11th November are about to be launched with a committee meeting to be held on Tuesday 22nd August.

CREATE HOPE
in the WORLD

Welcome to our on again off again meeting due to our Chef Steve requiring medical treatment that was set to a date and then moved to a later date. I am sure we all wish Steve a speedy recovery when at last his medical practitioners have dealt with his problem. Our Exchange Student Othilie Bjornstad has arrived and is being hosted by PDG John Iriks and Chris if you like to be involved, please remember that a working with Children card is essential for all members of your family whom Othilie may come in contact with.

GERALTON VISIT

I need to finalise the numbers for those attending the club visit to Geraldton at this time I only have five Rotarians and partners I am sure we can do better than that.

The two Geraldton Clubs are organising events and a combined meeting and it would be disappointing to show up with only five of our twenty nine members.

IT Problems

The board have asked KCR IT Solutions - David Ucyurek to investigate and suggest a format for all Kwinana Rotary Club IT matters.

David is going to make suggestions for the board to consider including a club domain so that emails can be directed to a club email address.

There is no suggestion that this will take over from ClubRunner as our storage of photos, reports, Member details and History.

The situation where Board minutes were not disseminated and available to members and Eric to store on ClubRunner was untenable. In the past we have tried to have our members organise this but unfortunately the expertise required wasn't available despite the best efforts of those who tried.

07th Aug. 2023

We currently only have Brian Thompson as our designated Safety Officer and are asking if anyone else is interested. If anyone has an interest or have the necessary skillset, please discuss with me.

A new cleaning roster needs to be drawn up for cleaning the hall each week, preferably between Saturday morning and Monday arvo, ready for our weekly meeting. Please contact me with your availability.

Welcome Othilie partners night needs to be arranged. The feeling last night seemed to favour Monday 28th of August. Probably Steve if available, or alternatively a soup night as we have successfully held previously. Further discussion next Monday.

International Service Manager:

PP Max Bird

Max and the team from Timor Roofing

It's taken us 4 years to reconnect the Baguia high school to water again. After a land slip destroyed the original spring Then having to find a new source now we are pumping water from the new spring.

Another tank done and dusted.
Now to connect the pump and start pumping water to the school.

Polio this week

2nd August 2023

- The [6th report of the Transition Independent Monitoring Board](#) has been published, evaluating the progress and challenges of the polio transition process, and making a series of recommendations to strengthen work at the global, regional and country level. The Board's guidance will be used to shape the post-2023 strategic framework for transition, which is currently under development.

Summary of new polioviruses this week:

- Pakistan: one wild poliovirus type 1 (WPV1)-positive environmental sample
- Algeria: two circulating vaccine-derived poliovirus type 2 (cVDPV2)-positive environmental samples
- DR Congo: ten circulating vaccine-derived poliovirus type 1 (cVDPV1) cases and four cVDPV2 cases
- Nigeria: one cVDPV2 case and one cVDPV2-positive environmental sample
