Plenty of visitors tonight, we had 5 members from the Ngaru Pou group, 2 of whom recently attended RYPEN and came along to tell us about their experience. Othilie and Nardia, John Iriks granddaughter also attended. Mia and Maia gave us a very polished look into their RYPEN experience.

PP Max Bird is back with us after another very successful trip to Timor-Leste. Look below for a comprehensive report from Max covering his recent trip.

AG James Sharkey and PE Terry Evans recently attended the Rotary Leadership Institute Training, both found the experience both interesting and rewarding.

We have a busy period coming up, this week cooking sausages at the Children's Fair on Wellard Oval, the first of two Bunnings BBQ's this Sunday, Tony is still looking for a couple more volunteers.

Next week Max and Tony will be giving a full run-down on their recent trip to Timor-Leste, it scheduled to be a 'Partners Night'.

** SCAMS **

All Rotarians and Club Officials, please be aware that Scammers are at it again! Please double check if you are being asked by email to pay monies by your Club President etc. to some other organisation or person. It is likely to be a SCAM.

This is just a reminder for your club to save the date for DG Ineke's visit in late November. This event is being hosted by Palm Beach Rotary Club and the venue is the Clipper Inn. Details on payment and bookings have been distributed. We look forward to hosting you all on November 27th. Regards, Kevin Fahie President, Palm Beach Rotary Club. Our attendance officer Kertrina will be taking payment for the DG Visit

There is a zoom Board meeting this Wednesday any members wishing to have a point of view, idea or constructive criticism make sure your Director is aware and provide them with a copy so that they can put it forward to the Board.

I am sure we all share with Barry Winmar his disappointment in his loss in the first ever public voting for our Mayor in the City of Kwinana council elections. However, Barry still represents us as a Councillor.

I am still fishing for a better method of communicating with Rotarians any ideas would be considered. However, I am not in favour of smoke signals given the flammability of our native vegetation.

James and self-attended Rotary Institute leadership course part 2 on Sunday. Both felt it was beneficial and informative with regard to many aspects of rotary. Suggest others in our club might do when future opportunities arise. Particularly newer members.

Have collected emails and forms handed out Monday night and currently collating to respond to district boffins.

King Road Brewery Xmas menu is being forwarded to me. Has arrived and was dispatched to members today for future discussion.

I have also requested club members approach me if they have any suggestions re future club functions, get togethers or ideas that might be beneficial to us all.

Mia and Maia, about RYPEN

RYPEN stands for **Rotary Youth Programme of Enrichment** which through a weekend live in seminar, aims to create in young adults an awareness of their place in and responsibility towards, society. Participants are sponsored and paid for by the many Rotary Clubs within District 9465 who see RYPEN as a great opportunity to demonstrate their commitment to youth in their community.

Mia and Maia gave us a very polished presentation on their RYPEN experience.

About 40 participants took part in the weekend.

Both girls said they were kept on the go for the whole weekend, we learned a lot about teamwork, communication, goal setting, problem solving and trusting your partner.

Split into teams they built raft's, climbed trees and all worked for a common goal.

We returned home having made many new friends, but also feeling very tired.

Thank you, Kwinana Rotary, for the opportunity.

Polio this week

23rd October 2023

Tuesday, 24 October is World Polio Day, a chance to raise awareness and resources to help deliver a polio-free world in the very near term. To mark the day, partners and stakeholders around the world are organizing events, bringing together public and civil society in a common goal. For all individual eradicators and stakeholders: thank you for everything you do to make the dream of a polio-free world a reality. If you would like to make a personal, voluntary donation towards the effort, we would invite you to contribute via Rotary International's [End Polio Now](#) campaign, a key partner alongside WHO and others in the [Global Polio Eradication Initiative](#). Each donation made to Rotary's End Polio Now effort is matched 2:1 by the Bill & Melinda Gates Foundation to maximise its effect. As such, if you give US\$10 to the effort, as an example, the amount becomes US\$30, and with that, 60 children will be vaccinated in the remaining affected countries. Thank you for everything that you do! We wish you a very successful World Polio Day!

The Global Polio Eradication Initiative would like to offer our heartfelt congratulations to Professor Rose Leke for receiving the [2023 Virchow Prize for Global Health](#), for her outstanding contributions to advancing global health, including polio eradication. Professor Leke is the Chair of the Africa Regional Certification Commission and member of the Global Commission for Certification of Poliomyelitis Eradication (GCC).

A Young Couple

A young couple, just married were in their honeymoon suite on their wedding night. As they undressed for bed the husband who was a big burly bruiser, tossed his pants to his bride and said, "here put these on." She put them on and the waist was twice the size of her body. "I can't wear your pants." she said. "That's right!" said the husband, "and don't you forget it. I'm the one who wears the pants in this family!" With that she flipped her panties and said, "Try these on." He tried them on and found he could only get them on as far as his kneecap. He said, "Hell I can't get into your pants!" She said, "That's right and that's the way it's going to be until your damn attitude changes!"
