## Bulletin

**No 16 27<sup>th</sup> Oct. 2014**

Great meeting this week, we hosted a group heat of the 4 Way Test Speaking Competition, 36 members, partners and visitors attended.

Our meeting was very well organised, President Mike ensured that our club business was conducted before dinner and was kept brief.

Immediately after dinner the 4 Way Test Speakers were called on by PP Genevieve to give their presentations.

The three participants all from CBC Fremantle acquitted themselves very well, our adjudicators, PP Chris Oughton, PP Bob Thompson and PP Brian McCallum had the task of evaluating their presentations and after deliberating their performance PP Genevieve proclaimed Paul Jardine-Clarke the winner.

PDG John Iriks gave our visitors a 10 minute thumbnail on what projects and activities the Rotary Club of Kwinana are currently pursuing.

A number of members and partners are heading off to Albany this week to take part in the Albany Anzac Centennial Celebrations, we wish all a very safe and rewarding trip and look forward to hearing all about it on their return.

The goal of the Global Polio Eradication Initiative is to ensure that no child will ever again know the crippling effects of polio. The Global Polio Eradication Initiative is the largest public health initiative the world has ever known.

**Mission**

World Polio Day, 24 October, is an ideal time to raise public awareness of the ravages of polio and garner support for eradication efforts.

October 24, marks the birth of Jonas Salk who as the leader of the team that invented a polio vaccine in 1955.

In 1988 Albert Sabin developed an oral polio vaccine.  
This is what we're using today.  
It has reduced polio worldwide by 99%.

## Group Heat of the 4 Way Test Speaking Competition

Held Monday 27<sup>th</sup> October at Rotary Club of Kwinana

### What is the Four Way Test?

The Four-Way Test was conceived in 1932 at the height of the Great Depression by Herbert J Taylor, a Chicago Rotarian who later became President of Rotary International during its 50<sup>th</sup> Anniversary Year (1954/55). In 1932 he joined a company which was on the verge of bankruptcy, with a view of reviving the troubled firm. Rotarian Taylor single-mindedly searched for a yardstick of ethics that the workers at his company could use.

He hit on a 24 word statement which asked four questions and which became known as the Four-Way Test of the things we think, say or do.

The four questions were:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

As a result of his workers applying this test to everything they thought, said or did, a climate of trust and goodwill developed amongst dealers, customers and employees which changed the business prospects of the company.

In 1943, Rotary International adopted the Four-Way Test as parts of its Vocational Service program. Today it is considered to be a vital element in all avenues of Rotary Service.

Rotary helped put polio eradication on center stage on the day best known for rallying support to finish the job – World Polio Day, 24 October.

A special Livestream presentation – World Polio Day: Making History – showcased the progress of the Global Polio Eradication Initiative. Co-hosted by Rotary and the Northwestern University Center for Global Health, the 60-minute program took place before a live audience at the John Hughes Auditorium on Northwestern's Chicago campus and streamed online to viewers worldwide.

RI President Ron Burton kicked off the event by noting that Rotary began immunizing millions of children against polio in the 1970s, first in the Philippines and then in other high-risk countries.

"Polio rates in those countries plummeted," Burton said. "As a result, in 1988, Rotary, the World Health Organization [WHO], UNICEF, and the US Centers for Disease Control and Prevention came together to launch the Global Polio Eradication Initiative. More recently, the initiative has benefited from the tremendous support of the Bill & Melinda Gates Foundation . . . . It is so very important to finish the job."

Finding one of her students making faces at others on the playground, Ms. Smith stopped to gently reprimand the child. Smiling sweetly, the Sunday school teacher said, "Johnny, when I was a little girl, I was told if that I made ugly faces, it would freeze and I would stay like that." Little Johnny looked up and replied, "Well, Ms Smith, you can't say you weren't warned."

A new teacher was trying to make use of her psychology courses. She started her class by saying, "Everyone who thinks they're stupid, stand up!" After a few seconds, Little Johnny stood up. The teacher said, "Do you think you're stupid, Little Johnny?" "No, ma'am, but I hate to see you standing there all by yourself!"

A woman has the last word in any argument. Anything a man says after that is the beginning of a new argument.

#### Five Important Qualities

1. It's important to have a woman, who helps at home, who cooks from time to time, cleans up and has a job.
2. It's important to have a woman, who can make you laugh.
3. It's important to have a woman, who you can trust and who doesn't lie to you.
4. It's important to have a woman, who is good in bed and who likes to be with you.
5. It's very, very important that these four women do not know each other.

Two hunters are out in the woods when one of them collapses. He doesn't seem to be breathing and his eyes are glazed. The other guy whips out his phone and calls the emergency services. He gasps, "My friend is dead! What can I do?" The operator says "Calm down. I can help. First, let's make sure he's dead." There is a silence, then a gun shot is heard. Back on the phone, the guy says "OK, now what?"

A vicious looking dog lays in the yard and an old man in overalls sits on the veranda  
"Excuse me, sir, but does your dog bite?" a jogger asks.

The old man looks over his newspaper and replies, "Nope."

As soon as the jogger enters the yard, the dog begins snarling and growling, and then attacks the jogger's legs. As the jogger flails around in the yard, he yells, "I thought you said your dog didn't bite!" The old man mutters, "It isn't my dog."

I'm going to watch my wedding video later "backwards". I love the end bit when she takes the ring off, goes back down the aisle and jumps in the car.
