Bulletin

No 21 26th Nov 2018

Busy times approaching, Our club Christmas Party on Sunday 2nd December at the Kwinana Adventure Park, a little different from what we have been used to in the past. This is an event pioneered by President Stephen last year where we provide lunch and presents for a number of underprivileged families from our local community. PE Wendy decided to continue the project this year with the option in the New Year to analyse and discuss the outcomes and options into the future.

Looking forward to the Wellard Christmas Markets on Saturday 8th December, time to roll out the Christmas music.

We have two significant club member anniversaries this week.

PP Genevieve Carr became the first female member of our club on November 29th 1999 (19 years) Genevieve has served our club with distinction, President 2009/10 awarded a PHF July 2011. Genevieve continues to contribute in so many ways, congratulations.

PP Ed Samut, 20 years on November 16th. President 10/11 and 12/13, made a PHF July 2013. Ed has held many club positions over the years and currently is (a very successful) Membership Director. Congratulations Ed.

Ed is currently recovering in hospital from a very recent technical neck operation, speedy recovery mate.

Club Service Report

Rotary Club of Kwinana Christmas Gathering
Sunday 2nd December
12:30pm – 2.00pm
Adventure Park, Walgreen Cres. Calista

6 Families have replied to our invitation with a total of 20 (out of a possible 33) children so far.

36 Club members and partners are attending.

Total of 69 expected. Plus the Iriks mob!!

A request that each Rotary family bring a savoury plate and a dessert plate of finger food please. Plates and napkins will be supplied. Large black plastic bags will be supplied for the rubbish.

Bob C and Cyril will be cooking sausages in a bun.

James is organising the sausages and buns.

Can I have a Volunteer to bring the drinks and ice from the shed please.

Please meet at 12:30pm

Staff will assist us to move equipment to the Patio with a quad bike and trailer.

Gifts will only be supplied to the children of our guests as I believe others receive sufficient and it is a great learning opportunity to GIVE rather than RECEIVE.
(principle of the Barefoot Investor)

We can revisit the event post-Christmas.

No official guest to reduce costs.

Please wear your badges. Name labels have been made for each of our guests.

A British man is visiting Australia. The customs agent asks him, "Do you have a criminal record?"
The British man replies, "I didn't think you needed one to get into Australia anymore."

Two politicians go out to lunch together. In the middle of lunch one of them jumps up and says,
"Bugger. I forgot to lock the office safe before we left."
The other politician replies "No worries. We're both here."

Would members please note that any correspondence received or posted by yourself, please ensure a copy is forwarded to your Secretary.

One day a secretary is leaving on her lunch break, and she notices her boss standing in front of a shredder with a clueless look on his face. The secretary walks up to him and asks if he needs help.

"Yes!" he says looking and sounding relieved, "This is very important."

Glad to help, she turns the shredder on and inserts the paper.

Then her boss says: "Thanks, I only need one copy."

A financial adviser says to his client.

"I have bad news and worse new"

"Which would you like to hear first?"

"The bad news," the client says.

"All your money will be gone in 24 hours."

"Oh my gosh," the client says. "What's the worse news?"

"I should have made this call yesterday."

Final report for GG 1526296 has been submitted with my section been authorized on the 17th November.

Now playing e-mail ping pong between Foundation and Timor-Leste, there seems to be a problem with the people in Timor-Leste gaining access to the correct pages in my Rotary and then authorising the grant, before foundation can sign off the Global Grant as now been completed.

Started the process of compiling the information for the final report on Global Grant GG 1639026, hopefully I will have it ready to submit in a couple of weeks.

The District Governor of District 9550 and I will visit the Albany Port, Mount Barker and Kojonup Rotary Clubs in December / January thanking them for their ongoing support to the Timor programs.

Guest Speaker: PP Chris Oughton.
Director at Kwinana Industries Council.

Our Education Development Program (EDP) is focused on students from the 17 high schools from within the KIC Education Partnership and is designed to draw their attention on the careers that WTC industry can potentially offer them. This year we welcomed almost 200 students into the programs, and we continue to introduce improvements. One important improvement has been the Education Department's accreditation of the 'iProject' courses, which gives the graduating students a 'C' grade point towards their WACE.

Again KIC has received international recognition for the EDP, with wins in the three categories of awards we entered for the Oceania/Australia region under the International Partnership Network. The award categories are Creative and Innovative Partnerships, Youth Employability Skills, and STEM. The international 'Finals' where the regional winners compete against each other in the award categories are to be held in October 2018.

The Kwinana Industries Council has recently won four international awards for its Education Development Program.

Held in Houston, Texas, the International Partnerships Network's conference and awards ceremony recognised the best industrial education programs across the globe, with KIC winning in three of five entered categories.

The recognition comes on top of other State-based awards received in recent years, and KIC director Chris Oughton said it was an endorsement of the commitment coming from educational and industrial sectors in the region.

"We entered our EDP in three of the five categories — these being STEM, youth employability skills, and innovative and creative partnerships," Mr Oughton said.

"We were honoured to be awarded best program in the region (Oceania) for each of these categories.

"In addition to that, our innovative and creative partnerships application won best out of all seven of the regions — or best in world."

The awards were held at the NASA Space Centre, where conference delegates were able to interact with astronauts who have been involved in building the International Space Station.

Left to right: Bill McArthur, retired Nasa Astronaut; George Abbey former Director of the NASA Space Centre; Chris Oughton (KIC); and Bruno van Dyk, IPN Chair.

Kwinana Industries Council

Education Development Program

The Kwinana Industries Council (KIC) Education Development Program was built on the success of its award winning KIC Metals & Engineering School Based Traineeship located at Gilmore College.

The individual programs were developed in partnership with local high schools in an effort to introduce students to the careers in Kwinana's business sector and to give them practical exposure in the Kwinana Industrial Area (KIA). The programs offered through the partnership provide initiatives to help students identify opportunities for work placement in the KIA. KIC members have the potential to attract local youth to careers in local industry and to help raise their aspirations towards career pathways.

The KIC Education Development Program is about showing high school students in the region the sorts of careers that are available in industry, and working with them in a practical sense how they might aspire to these sorts of careers.

There are two streams under the Education Development Program; the first is the iProjects stream, and the second is the Career Pathways Programs stream.

Current iProjects:

- WOMEN (Year 10)
- iMEN (Year 10)
- iSCIENCE (Year 10)
- iDIVERSITY (Year 10)
- iCAREER Bright Sparx Club (Year 9)
- iCONFERENCE (Year 10)

SCHOOL BASED
TRAINEESHIP

Today at the bank, an old lady asked me to help check her balance. So I pushed her over.

My dog used to chase people on a bike a lot. It got so bad, finally I had to take his bike away.

I'm so good at sleeping. I can do it with my eyes closed.

My boss told me to have a good day.. so I went home.

The other day, my wife asked me to pass her lipstick but I accidentally passed her a glue stick. She still isn't talking to me.

A woman's husband had been slipping in and out of a coma for several months, yet she stayed by his bedside every day.

One day he told her, "You have been with me through the bad times. When I got fired, you were there. When my business failed, you were there. When I got shot, you were there. When we lost the house, you were there. When my health started failing, you were there. You know what?"

"What is it, dear?" she asked.

He responded, "I think you bring me bad luck."

Ted and Julie go to bed with each other for the first time.

Julie: "I should warn you, Ted: I've got acute angina."

Ted: "Your breasts aren't bad either."

A nun tells other nuns about how she was attacked the night before. She explains her escape, "I stopped and pulled my dress up."

Shocked, the other nuns ask, "And then what?"

"He pulled his pants down," the nun replies, "And then I ran. A nun with her dress up can run much faster than a man with his pants down."
