Bulletin

No 23 10th Dec. 2018

Wellard Christmas Markets were held last Saturday from 4pm to 8pm, very successful with over 50 stalls, couple of choirs plus the Armadale City Concert Band entertained most of the evening.

Thanks to Pres. Stephen, Matt and Betty White and Norm M the Rotary BBQ did a roaring trade all evening.

Last meeting at Rotary Hall for the year this week, meeting on Monday 17th December will be at the Kwinana Local to partake in their now famous \$10 Steak Night.

Great to see PP Edd Samut up and about after recent neck surgery, only been out of hospital just over a week, didn't expect him to be at tonight's meeting.

Last week I congratulated PP Matt White on his very valuable 26 years' service to our Rotary Club, as we all know Matt & Betty have built a new home on their property at Nannup, although still based at their Homestead Ridge home Matt travels continuously between Kwinana and Nannup. Matt reluctantly announced to our meeting his imminent resignation from our Rotary Club. Matt began his Rotary Journey through Rotaract before joining Kwinana Rotary Club in 1992. Matt wishes to be kept informed about our projects and offered his assistance whenever he can. Thank you Matt most sincerely for your and Betty's contribution to Kwinana Rotary Club. Betty will continue to support the Bread Project.

When it comes to sense, the common kind is best

President Stephen's review of our Standing Orders continues.

Club Officers

Under the management of the Club Service Director, a number of officers will be appointed to manage various facets of the club activities. These officers and their roles are as follows:

Programs Officer Duties:

- Arrange for and roster, as far in advance as practicable, suitable speakers for their programmed allocated general meetings throughout the year. Club Forums, Club Changeover and the DG's visit are not general meetings, and no speaker should be arranged.
- A speaker pertinent to the particular Rotary theme of the month should be arranged for each such month.
- It should be remembered that club members are often eminently suitable as speakers, and, with some prior warning, a member should be able to fill a vacancy should a scheduled speaker not be available.
- Inform the President and Attendance Officer of details of the Guest Speaker.
- Liaise with the Bulletin Editor to ensure the names of speakers and the respective subjects are included in advance in the Club Bulletin.
- Prospective speakers must be informed of the standard format for their address i.e. time and place of meeting; that dinner will be provided free for the speaker; the point in the meeting where their presentation will be given; that the length of their presentation to be up to 20 minutes with short question time to follow; Programs Officer contact details; etc.
- Contact the speaker in the week prior to the scheduled presentation to confirm availability and ensure the speaker has clear directions of how to get to the club venue. The speaker to be asked to advise the club of their computer, screen and projector needs to support their presentation and this information is to be conveyed to the Club's technical support person (currently Eric Blogg). Also, the speaker is to be asked if they have any special food requirements and if so these need to be conveyed, through the Club Service Director or the Attendance Officer, to the caterer. Follow all this with a contact on the day of the presentation.

Birthday Officer

Duties:

- Maintain an up-to-date record of the birthdays and anniversaries of club members and partners.
- Inform club members at meetings of imminent birthdays and anniversaries.
- Ensure Rotarian partners receive a birthday card on or before their birthday.

Club Bulletin Editor

Duties:

- Whilst the format of the Bulletin is the province of the Bulletin Editor, the following items should be included: contact details for apologies, time and venues for make-up meetings at other local Rotary Clubs, club events, club project rosters for the coming week, club meeting guest speakers scheduled for the current month, relevant birthdays and anniversaries, and reports from Directors.
- Endeavour to ensure all club members and the caterer receives a copy of the Bulletin on or before the Friday following a meeting.
- Forward copies of the Bulletin to the District Governor and District Bulletin Committee.

President Elect Wendy Cooper

10th Dec. 2018

Club Service Report: from last week as Wendy and Bob are on holiday

There are some very happy and grateful families in Kwinana due to our Christmas Luncheon yesterday. In the words of Max, one of young our guests, "That must have taken a long time to make." as he looked across the table of food. After the gift giving Max thanked everyone that had made something to bring and I would like to add my enormous thanks to everyone as well.

As usual there was an abundance of food and a great variety to choose from. One of the parents has sent me a text expressing appreciation for all that we did yesterday.

Another successful team Rotary project.

I'm not going to single out anyone for the special help that you gave me in preparing except Santa. Wearing his suit on warm days and coming so far to make the event extra special for the little people is a task not many of us would consider, so thanks Santa.

Merry Christmas to each and every one of you.

Bob and I wish you a safe and peaceful festive season full of all the great things in life.

Love, family and laughter.

Wendy

Now I'm going cruising!

Young Paddy bought a donkey from a farmer for \$100. The farmer agreed to deliver the donkey the next day.

The next day he drove up and said, 'Sorry son, but I have some bad news. The donkey's died.'

Paddy replied, 'Well then just give me my money back.' The farmer said, 'Can't do that. I've already spent it.'

Paddy said, 'OK, then, just bring me the dead donkey.' The farmer asked, 'What are you going to do with him?'

Paddy said, 'I'm going to raffle him off.' The farmer said, 'You can't raffle a dead donkey!'

Paddy said, 'Sure I can. Watch me. I just won't tell anybody he's dead.'

A month later, the farmer met up with Paddy and asked, 'What happened with that dead donkey?'

Paddy said, 'I raffled him off. I sold 500 tickets at \$2 each and made a profit of \$898.'

The farmer said, 'Didn't anyone complain?'

Paddy said, 'Just the guy who won.'

So I gave him his \$2 back.'

A married man was having an affair with his secretary. One day, their passions overcame them and they took off for her house, where they made passionate love all afternoon. Exhausted from the wild sex, they fell asleep, awakening around 8:00 pm. As the man threw on his clothes, he told the woman to take his shoes outside and rub them through the grass and dirt. Mystified, she nonetheless complied. He slipped into his shoes and drove home.

"Where have you been?" demanded his wife when he entered the house.

"Darling, I can't lie to you. I've been having an affair with my secretary and we've been having sex all afternoon. I fell asleep and didn't wake up until eight o'clock."

The wife glanced down at his shoes and said, "You lying bastard! You've been playing golf!".

Polio This Week: 10th December 2018

- The circulating vaccine-derived poliovirus type 2 (cVDPV2) outbreak in Syria, which was first detected in 2017, has been successfully stopped. The announcement came at the heels of an official outbreak response assessment, comprising of experts in public health, epidemiology and virology, who reviewed evidence and concluded the outbreak was closed. Read the full statement [here](#).
- On 27 November 2018, the 19th IHR Emergency Committee including members, advisers, and invited Member States convened to discuss the status of international spread of poliovirus. The Committee unanimously agreed that the risk of polio spread continues to be a Public Health Emergency of International Concern (PHEIC) and proposed an extension of Temporary Recommendations for an additional three months. The Committee expressed concern that complacency to achieving a polio-free world could now become the biggest risk to the effort and urged that all countries and partners regard polio eradication as an emergency. “We have the tools, we need to focus on what works, we need to get to every child,” commented Prof. Helen Rees, Chairperson of the Committee. “The reality is that there is no reason why we should not be able to finish this job, but we have to keep at it.” Prof. Rees and the Committee urged countries, donors and partners to continue their support, until a polio-free world is achieved, cautioning that failure to eradicate polio would lead to global resurgence of the disease, with potentially as many as 200,000 new cases occurring annually within ten years. “We have achieved eradication of a disease once before, with smallpox,” Rees concluded. “The world is a much better place without smallpox. It’s now more urgent than ever that we redouble our efforts and finish this job once and for all as well.” The recommendations come amid the notification of the fourth cVDPV circulation in DRC, which underscores the need for sustained partnership, funding, and socio-political resolve..
- The Africa Regional Commission for the Certification of poliomyelitis eradication (ARCC) was held in Nairobi, Kenya, from 12-16 November 2018. Made up of 16 health experts, recommendations were made to ten countries to address issues of disease surveillance gaps, inaccessibility and insecurity. The Technical Advisory Groups (TAG) on Polio Eradication in Horn of Africa and Lake Chad Basin convened recently, to review the current status of polio outbreaks in both the regions and provide guidance on the next phase of the outbreak response.
- Featured on www.polioeradication.org: Coffee with Polio Experts – Dr Mohammad Al Safadi, Technical Officer for Polio Outbreak Preparedness and Response, talks about the tactics and strategies used to stop the Syria outbreaks of 2013, 2014, and the most recent outbreak of 2017, which was compounded by accessibility, security, and conflict issues.
- Call for nomination of experts to serve on the Polio Research Committee to provide guidance to the Director of the Polio Department at WHO HQ on the research and development aspects in poliovirus eradication. The GPEI report to the upcoming WHO Executive Board (in January) has been published. The report provides a status update on polio eradication, summarizing programmatic, epidemiological and financial challenges to securing a lasting polio-free world, and introduces the concept of a new extended strategic plan to achieve global certification by 2023, taking into account the fact that circulation of wild poliovirus has not yet been interrupted.
- Summary of new viruses this week:
- Afghanistan – one wild poliovirus type 1 (WPV1) case and two positive WPV 1 environmental samples.
- Pakistan – nine WPV1 positive environmental samples.
- DRC – two cases of circulating vaccine-derived poliovirus type 2 (cVDPV2).
- Nigeria – four cases of cVDPV2. Somalia – one positive cVDPV2 environmental sample.

Wellard Village Christmas Markets

Saturday 8th December 2018

Kwinana Rotary Club Christmas Party for disadvantaged families.
Held at the Kwinana Adventure Park on December 02nd 2018

A man has six children...

A man has six children and is very proud of his achievement.

He is so proud of himself that he starts calling his wife "Mother of Six" in spite of her objections.

One night, they go to a party. The man decides that it's time to go home and wants to find out if his wife is ready to leave as well.

He shouts at the top of his voice, 'Shall we go home now Mother of Six?'

His wife, finally fed up with her husband, shouts back, "Anytime you're ready, Father of Four!"

A blonde made several attempts to sell her old car. She was having a lot of problems finding a buyer because the car had 340,000 km on it. She discussed her problem with a brunette that she worked with at a bar.

The brunette suggested, "There may be a chance to sell that car easier, but it's not going to be legal."

"That doesn't matter at all," replied the blonde. "All that matters is that I am able to sell this car."

"Alright," replied the brunette. In a quiet voice, she told the blonde: "Here is the address of a friend of mine. He owns a car repair shop around here. Tell him I sent you, and he will turn the counter back on your car to 40,000 km. Then it shouldn't be a problem to sell your car."

The following weekend, the blonde took a trip to the mechanic on the brunette's advice.

About one month after that, the brunette saw the blonde and asked, "Did you sell your car?"

"Not likely" replied the blonde. "Why would I? It only done 40,000 kims"

Mike was in the garden filling in a hole when his neighbor peered over the fence.

Interested in what the old fella was up to, he politely asked, "What are you up to there, Mike?"

"My goldfish died," replied Mike tearfully without looking up, "and I've just buried him."

The neighbor was concerned. "That's an awfully big hole for a goldfish, isn't it?"

Mike patted down the last heap of earth, then replied,

"That's because it's still inside your cat!"
