Bulletin

No 31 9th Mar. 2015

Back in the hall for tonight's meeting after a BBQ meeting and a Public Holiday.

19 club members and partners are off to Albany during next week to attend Rotary District 9465 Annual Conference, most of us staying at the Happy Days Caravan Park on the banks of the King River. About 5 caravans and the rest of us staying in on-site Chalets, many of us staying for the full week, should be fun.

Congratulations to President Michael and the members and partners of Palm Beach Rotary Club, it's their 33rd birthday this week, fitting that they have recently held an interest meeting at Baldivis with the view of chartering a new Rotary Club in the area.

Still a bit of work to do around the yard, PP Ed is organising repainting the blue area on our food van this week as it's looking a bit shabby.
It is a great advantage having our own premises but we also realise that it doesn't come without a cost both financially and the work needed to maintain our assets up to a required standard, fortunately we have a dedicated group of members who always rally to the cause and make these things just happen.

Rotary
Club of Palm Beach

Congratulations from:
Rotary Club of Kwinana.

To President Michael, members and partners.

Palm Beach Rotary Club is 33 years old.
Chartered 10th March 1982

In 1981, at the request of the then District Governor, Ron Sloan, The Rotary Club of Rockingham was approached to survey the Rockingham area to ascertain whether another Rotary club was needed in the area.

A Past President of The Rockingham Rotary club, Ron Newbey was appointed, ably assisted by Past Presidents Les Godley and Murray Forbes to conduct the survey. The committee began their task by identifying potential members. Former members of the Rockingham club, John Greenway and Charles Griffiths, who lost their classification due to employment changes were now considered eligible for any new Rotary club as they now had suitable classifications. Others approached included former Moora-Geraldton club member Fawcett Bestall, Peter Dickman a former Bridgetown member, Basil Manassis from Merridin and Stephen Yeo formerly of the Cunderdin club.

After weeks of approaching other business people in the area an interest meeting was called. After several meetings of information on Rotary and its objectives, principles and its place in the community as a service organization a provisional club was formed. A president and a board of directors was elected.

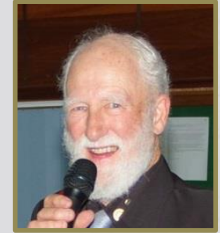

The first official meeting of the Provisional Rotary Club of Rockingham Districts was on the 10th March 1982 at the Ocean Clipper Inn, the first official function at the new centre, with 22 of 24 members present. The club received its charter from Rotary International on the 12th April 1982 with a membership of 23.

An induction meeting was held on 5th May and the charter meeting on the 9th June 1982 attended by 140 people. On the 2nd January 2002 the club was renamed The Rotary Club of Palm Beach WA Inc.

Fine Session

Sergeant PP John Wallhead

Bob C: Apparently had huge truckload of mulch delivered to home a couple of weeks ago, Bob said to Wendy “you make a start on barrowing the mulch and I’ll be back soon to help you”

Bob disappeared, returned with loads of excuses on why he was away most of the day. In the meantime Wendy had finished moving the said mulch to where it was required. Got out of that one Bob!!

Mike N: Sergeant fined for starting the meeting late, but then passed the buck to President Mike by telling the meeting that Mike instructed him to hold back the start. Who do we believe???

Edd S: Went visit Ann at Fiona Stanley Hospital the other day, came out and couldn’t find his car. Senior moment I suppose Ed.

Lee D: Phone call.

Polio this week 4th March 2015

- On the 27 February the Director General accepted the recommendations made by the Emergency Committee of the International Health Regulations concerning the international spread of wild poliovirus.
- The polio legacy is being demonstrated in action through the work of 26 surveillance experts from the National Polio Surveillance Programme in India who have been deployed to Sierra Leone to support the Ebola outbreak response

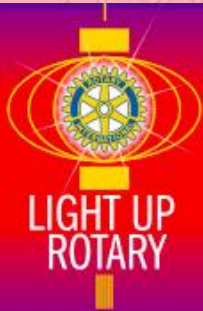

This February, we continued to see the importance of international commitment and cooperation in progress toward a polio-free world and improving health everywhere.

The International Health Regulations’ Emergency Committee met to review the Temporary Recommendations made last year, concluding that polio continues to be a Public Health Emergency of International Concern.

A group of Indian surveillance experts from the National Polio Surveillance Programme demonstrated the polio legacy in action, travelling to Sierra Leone to strengthen surveillance for the Ebola outbreak response.

The largest coordinated vaccine roll-out in history continues on schedule with 120 countries due to introduce the inactivated polio vaccine by the end of 2015

Conference Attire

Several delegates have sought guidance on what is the appropriate dress standard for the Conference.

Smart casual (no t-shirts or thongs) is recommended for the Conference sessions.

Friday night is a Sundowner and a get together in a convivial atmosphere, so we suggest similar dress as the Conference sessions.

The Saturday Night Gala theme is "Paint the Town Red".

We encourage you to wear something red, even just an accessory.

For the ladies "after 5" and for the men we suggest a jacket, with a tie being optional.

Be prepared for cooler evenings in Albany at the end of March.

Please Note :

No stilettos at the Saturday Gala at the Police and Community Youth Centre (PCYC)

A young boy enters a barber shop and the barber whispers to his customer, “This is the dumbest kid in the world. Watch while I prove it to you.”

The barber puts a dollar bill in one hand and two quarters in the other, then calls the boy over and asks, “Which do you want, son?” The boy takes the quarters and leaves.

“What did I tell you?” said the barber. “That kid never learns!”

Later, when the customer leaves, he sees the same young boy coming out of the ice cream store.

“Hey, son! May I ask you a question? Why did you take the quarters instead of the dollar bill?”

The boy licked his cone and replied:

“Because the day I take the dollar the game is over!”

A man is flying in a hot air balloon and realises he is lost. He reduces height and spots a man down below. He lowers the balloon further and shouts: “Excuse me, can you tell me where I am?”

The man below says: “Yes, you’re in a hot air balloon, hovering 30 feet above this field.”

“You must be an engineer” says the balloonist.

“I am” replies the man. “How did you know.”

“Well,” says the balloonist, “everything you have told me is technically correct, but it’s no use to anyone.”

The man below says “you must be in management.”

“I am” replies the balloonist, “but how did you know?”

“Well,” says the man, “you don’t know where you are, or where you’re going, but you expect me to be able to help. You’re in the same position you were before we met, but now it’s my fault.” –

I decided to make my password "incorrect" because if I type it in wrong, my computer will remind me, "Your password is incorrect."

If I wanted to kill myself, I would climb up to your ego and jump down to your IQ level.
