Australian Rotary Health “Lift the Lid Walk”

Kwinana Rotary and the Bendigo are organizing a “Lift the Lid Walk” planned for Sunday 7th May to raise Funds and to promote awareness of Children's mental health research, being Australian Rotary Health’s prime research focus.

Tony Miller will be our Club coordinator for the “Lift the Lid Walk” so please let Tony know if you or your partner will be taking part in the walk.

Bunnings BBQ to fundraise for Club funds

I am hoping to have another Bunnings BBQ before the end of the Rotary year.

This will depend on whether we have enough interest from volunteers.

Funds raised will go towards reducing our Club fees.

If the Bunnings BBQ goes ahead it will be later than the 13th May as we have the Lift the Lid Walk and Mother’s Day prior to that date.

The Kwinana Salvation Army Community Centre

Eric and I attended the official opening of the Salvation Army’s new café the Toastee Spot last Friday.

First Aid Kit

Our first aid kit has been replenished and updated.

The defibrillator is out of service. I have contacted Philips with the details and it should still be under warranty.

Accidental Health and Safety, the company that looks after our First Aid equipment, informed me that our defibrillator is the 4th one to fail lately.

Guest Speaker Program Manager

Please contact Grace with any possible guest speaker contacts.

Rotary 18 New homes open for Inspection

District Governor Ineke will be making a speech at 1.00pm and the 18 homes will be open for inspection until 3.00pm. 18 mainly elderly ladies who are presently homeless will be moving into these homes later this month.

Polio this week

26th April 2023

The WHO World Health Assembly (WHA) is scheduled to take place from 21 to 30 May 2023. While much of the deliberations will focus on the ongoing and evolving COVID-19 situation, the global effort to eradicate polio will also be discussed by Member States. To this effect, the Secretariat has prepared two reports which will inform Member State discussions, namely on [polio eradication](#) and on [polio transition planning and post-certification](#).

WHO would like to thank the Government of the United Kingdom (UK), through its Foreign, Commonwealth and Development Office (FCDO), for its latest contribution of £15 million. This generous support is part of the UK's multi-year commitment to the global polio eradication effort.

The Polio Transition Global Vision Stakeholder Forum took place this week, bringing together a wide range of stakeholders to discuss the post-2023 direction of polio transition. During the forum, participants reflected on lessons learned and discussed the way forward, drawing on the findings of the [mid-term evaluation of the Strategic Action Plan \(2018 – 2023\)](#).

The outcomes from the forum will be used to develop, by the end of 2023, a new global vision for polio transition, alongside regional action plans and a revised monitoring and evaluation framework.

In the latest Weekly Epidemiological Report (WER) from WHO, it provides a summary of the progress in the response to the 2022 WPV1 outbreak in South Eastern Africa. The report is available [here](#).

nOPV2 rollout: Approximately 595 million doses of nOPV2 have been administered across 28 countries under its WHO Emergency Use Listing (EUL) to date. An additional 14 countries have met the requirements for nOPV2 use in the event of an outbreak. Take a look at the [nOPV2 webpage](#) or more information on the vaccine.

Summary of new polioviruses this week:

DR Congo: 15 cVDPV1 cases and 21 cVDPV2 cases

Madagascar: four cVDPV1 cases
