Guest Speaker President Kim Dawes  
Indonesian School Project

Rockingham/Kwinana Rotaract Club

Introduction: President Mike.

Kim along with a number of Rotaract club members accompanied Kwinana Rotary President Mike Nella to Jakarta Indonesia.

The project began after Kwinana Rotary Club President Mike Nella visited Jakarta and met with members of the Rotaract Club of Jakarta Metropolitan. After attending a number of meetings Mike and the Rotaractors decided to propose a joint project to the Rockingham/Kwinana Rotaract Club. Under the leadership of Christon Altmann, International Director the RKRC agreed to take part in a project to renovate the 06 Ciputat School in Tangerang, Jakarta.

A few months before travelling to Jakarta the Indonesian government started to renovate the school and the RCJM started looking for a new school to renovate. The Madrasah Ibtaiyah PUI school in Cibanteng, Bogor was selected.

When the group found and visited the school they were dismayed at the conditions the children had to contend with on a daily basis and set about formulating a plan to repaint and renovate where possible.

Day 1 they were enthusiastically welcomed by the staff and students. Then it was get down to some hard work. The results below were very satisfying.

The school were also presented with 2 laptops and a projector by the team.

Although we were very pleased with our achievements there is still much to be done.

The roof is leaking and needs to be fixed. There is a narrow bridge across a creek that needs to be made safe, we hope to return soon and take care of these and a number of other things that require our attention.

Thanks by PP Ian Critchley

What a welcome!

Tired but very happy crew

Students

The roof is part of our next project
