The Four-Way Test
Of things we think, say or do.

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL? and BETTER FRIENDSHIPS
4. Will it be BENEFICIAL to all concerned?

President Edd Samut

The President's Pen

My apologies for this late report as it was done on ANZAC Day.

No guest speaker for the night's meeting but managed to discuss a few important events that are coming up. ANZAC day was one of those events and was well attended by our club members who gave their full support to the morning breakfast. It seems that the numbers were down this year, but still there were enough numbers to keep us on our toes. Once again Harry another successful ANZAC breakfast. (Well done). Ann and I placed a wreath on the memorial on behalf of the Rotary Club of Kwinana after the March.

Many thanks to the sub –committee members for their recommendation report to the Board regarding the future of the BBQ & BBQ Manger. The report was presented and reviewed at last night's board meeting.

Our club is 42 years old today 22nd April 2013

Regards
President Edd

The Wellard Village Markets on Sunday 14th were unfortunately 'a wash out' consistent early morning rain led to the event being cancelled, with only a small number of stallholders venturing out and with them deciding to go home the decision was made at 8am by Wendy to cancel the markets.

Although a few complaints were lodged with Creative Communities, Rebecca handled them with great diplomacy. Messages were put onto social media pages alerting followers of the decision. Later it was learnt that the Rockingham Markets had also been cancelled.

A number of crucial team members will be absent from the May 12th markets, Wendy would like to thank Steve Castelli for offering his assistance.

John Brennan: 'choosing that song'

John Iriks for managing to get Bendigo Bank a mention.

President Ed, one badge with Ed and the other with Edd, which is right? Ed/Edd

Brian Mc: another belated fine from conference, Brian heard his name called, won a prize, "you beauty" went up to the front and collected the winnings, a pass into the Yallingup Caves. Later on someone else called Brian commented, "that prize was actually mine" "here you can have it" says our Brian. "no thanks, you can keep it" was the reply

John W, very upset because a green pen that matches his green diary went missing from the table. Greg W had it in safe keeping and promptly returned it. It apparently went around with the raffle.

Ed/Edd fined Eric for his misleading information in the bulletin regarding the date for the Progressive Dinner, then went on to compliment the item about the Kwinana Wreck.

ANZAC Day goes beyond the anniversary of the landing on Gallipoli in 1915. It is the day we remember all Australians who served and died in all wars, conflicts, and peacekeeping operations. The spirit of ANZAC, with its human qualities of courage, mateship, and sacrifice, continues to have meaning and relevance for our sense of national identity. On ANZAC day, ceremonies are held in towns and cities across the nation to acknowledge the service of our veterans.

These are the lowest levels of WPV3 transmission ever recorded.

The Council on Legislation, Rotary's "parliament," meets every three years to deliberate and act upon all proposed enactments and resolutions submitted by clubs, district conferences, the General Council and Conference of Rotary International in Great Britain and Ireland, and the RI Board. The Council itself also makes proposals.

Council on Legislation approves satellite clubs:

In an effort to boost membership, the 2013 Council on Legislation approved a measure on Monday providing for satellite clubs, whose members meet at a different time and location from their parent club but who are also considered members of the parent club.

Delegates from Rotary's 532 districts are meeting in Chicago 21-26 April to consider changes to the policies that govern Rotary International and its clubs. The council is held every three years to debate proposals submitted by Rotary clubs, districts, and the RI Board of Directors.

The change approved on Monday, one of 174 pieces of legislation, amends the RI Bylaws to allow Rotary clubs to form satellite clubs in the same locality or the surrounding area. Where and when a satellite club holds its regular meetings will be decided by its members, who also will be admitted into membership of the sponsor club.

The satellite club will choose its own officers, and be able to seek a charter when it has enough members.

Supporters of the measure contend that it will increase membership, and that it avoids situations in which prospective members start a provisional club, fail to attract enough members to seek a charter, and then become discouraged and stop seeking Rotary membership. Satellite clubs are allowed to operate indefinitely, and their members are considered full-fledged Rotarians by virtue of their membership in the parent club.

In other action, delegates:

- Approved a measure allowing participation in club projects to count toward club attendance requirements. The measure amends the Standard Rotary Club Constitution to provide that a member must attend or make up at least 50 percent of club regular meetings or engage in club projects for at least 12 hours in each half of the year, or a combination of both.
-
- Removed the travel reimbursement policy from the RI Bylaws. This will enable the RI Board of Directors to develop a policy that is flexible, able to address emergency travel situations, and able to take advantage of cost-saving opportunities.
-
- Defeated measures that would have allowed clubs to meet less frequently. One measure would have permitted clubs to meet once every two weeks, and another three times a month. The delegates also rejected a measure that would have allowed a club to cancel six regular meetings a year instead of four, for holidays, the death of a club member, disasters, or other emergencies.
