SERVE TO CHANGE LIVES

Rotary Club of Kwinana is 51 years' old 1971/2022

We are into July, President Bob had one more meeting to preside over because our changeover is not till next Saturday night the 9th July.

We held a heat of the District 4 Way Speech Contest with 2 young ladies, Ellie Gardner and Chelsea Theseira from Gilmore College taking part. They will both go onto further District competition.

Another Rotary year comes to a close, we are into our 3rd year wrestling with COVID, although we are seemingly living relatively normal lives at present, experts are telling us that COVID cases are on the increase, and are even suggesting that masks may be reintroduced at any time? Just been announced everyone over 30 will be offered a fourth COVID jab.

Coincidence or what, James was our President 2013/14. Darrel Donovan was President of Rockingham in 2013/14. James our President 2022/23 Darrel is also President of Rockingham 2022/23. Darrel is stepping up to be Rockingham's President for the 4th time.

Four Way Test Speech Contest

After numerous phone calls the Four Way Test Speech Contest has gone ahead for our Club with two students from Gilmore College chose to participate, and subsequently presented their respective speeches. The names of the students were:

- Ellie Gardner, speaking about "Ableism in the Education System"
- Chelsea Theseira, speaking about "Discourse surrounding body dysmorphia"

Although they were nervous during their presentations, both girls gave speeches that had some very impressive content. After some discussion, our adjudicators decided to name Chelsea as the winner, and Ellie as runner-up. The girls were subsequently presented with a certificate and gift voucher of \$30. Unfortunately, their teacher from Gilmore College, Luke Meader, was unable to attend the evening as promised as he had just tested positive to COVID-19.

The girls will now proceed to the next round of heats for the contest. Am currently awaiting word from the District Committee as to whether there will be a Semi-Final, or whether winner and runner-up of the Club heats will proceed directly to District Final. Prior to the next round, John Iriks and Genevieve Carr will meet with the girls to give feedback and suggestions for improvement with their speeches.

Polio this week

28th June 2022

Afghanistan earthquake: Polio network supporting earthquake response in Afghanistan. See 'Afghanistan' section below for more.

Global leaders at the G7 and Commonwealth leaders meetings this week call for strengthened support to end polio once and for all.

ARCC outcomes – As south-east Africa continues to intensify efforts to stop a wild poliovirus type 1 (WPV1) outbreak detected in Malawi in February, the Africa Regional Certification Commission for Polio Eradication (ARCC) – the independent regional advisory body guiding Africa's eradication effort – called for urgent action to stop all forms of poliovirus affecting the continent.

SAGE and IHR EC reports published: the final reports of the April 2022 meeting of the [Strategic Advisory Group of Experts on immunization \(SAGE\)](#) and the June 2022 meeting of the IHR Emergency Committee on polio have been published online.

This week, the Global Commission for Certification of Poliomyelitis Eradication (GCC) is meeting in-person in Geneva, to further review and evaluate global criteria for certification. Outcomes of the group's meeting will be published in its report at www.polioeradication.org.

nOPV2 rollout: Approximately 370 million doses of nOPV2 have been administered across 21 countries under its WHO Emergency Use Listing (EUL) to date. An additional 17 countries have met the requirements for nOPV2 use in the event of an outbreak. For more information on nOPV2, visit: www.polioeradication.org/nOPV2

Summary of new polioviruses this week:

- Pakistan: one WPV1 case and one positive environmental sample
- Benin: one cVDPV2 positive environmental sample
- Djibouti: two cVDPV2 positive environmental samples
- Niger: two cVDPV2 cases and one positive environmental sample
- Nigeria: one cVDPV2 case and one positive environmental sample
- Somalia: one cVDPV2 positive environmental sample
- Yemen: four cVDPV2 positive environmental samples

Blast from the Past
Changeover 2013/14

Anyone want to swap some bum jokes? I've got piles...

Presumably good at helping people stay alive.

Yesterday afternoon I was walking and holding hands with my wife. I suddenly dropped her hand and grabbed my cell phone to take this picture. She hit me in my chest and wouldn't talk to me the rest of the day. Last night, she asked me "How could you?" I said "How could I not? It's not every day you see a dog driving a car."
